WHEREAS, the Town Board of the Town of Orangetown (the "Town Board") is the municipal entity, authorized under Chapter 43, § 4.32(O) and (P), and the related tables of General Use and Bulk and Area regulations, of the Town Zoning Ordinance to issue a Special Permit allowing mixed use developments and expansions at certain interchange locations in the Light Industrial ("LI") zoning district in the Town of Orangetown; and

WHEREAS, by letter application dated October 29, 2019, and Petition dated October 18, 2019, FB Orangetown Retail, LLC and other related entities petitioned the Town Board to amend Town Code, Chapter 43 (Zoning) at § 4.32(O)(iv)(b)(2) to change the total gross floor area ration that may be developed to not exceed 35% (instead of the previous 30%) for Mixed Use Developments and Mixed Use Expansions, relating to properties located in the "LI" zoning district in the vicinity of the intersection of State Rte. 303 and the Palisades Interstate Parkway (Exit 5 Interchange), in the Town of Orangetown; and

WHEREAS, on January 28, 2020, the Town Board, by Resolution No. _____ approved a Local Law amending the Town Zoning Law as set forth above to permit change the total gross floor area limitations form 30% to 35%, and

WHEREAS, as part of its letter application referenced above, the applicant simultaneously

requested that the Board amend the existing Special Permit for Mixed Use Development on the property designated as Section 74.15, Block 1, Lot 21./1, 21./2, 21./3, 21./4 and 21./5 and known as "Orangeburg Commons" ("the Project") to permit the construction of a second hotel as set forth more fully in the petition, and

Rockland County Planning letter dated January 16, 2020 which indicated, among other items, that

1. The Town must consider the precedent being set which could result in a higher volume of traffic with greater parking requirements.

Response: This is a de minimus change and the additional space is for a new enlarged and improved lobby, and lounge, among other amenities. The Board finds this change will not negatively impact local roads, sewer or stormwater management systems.

2. Spot zoning is rezoning of a single parcel or small area to benefit one or more property owners. The impact of the increase must be assessed, including the cumulative impact to the surrounding community.

Response: The de minimus change will not effect the neighboring properties to any significant degree. The property already has approval for the anticipated uses, and this change will not materially impact neighboring properties.

WHEREAS, the Town Board adopted a Negative Declaration pursuant to SEQRA on January 28, 2020 by Town Board Resolution No. 2020-_____ and,

WHEREAS, in making both this and its prior determination, the Town Board has also considered the following additional studies, reports and /or other assessments and reviews relating more generally to conditions in and about the area of the proposed development:

- Town of Orangetown Comprehensive Plan, adopted by the Town Board on May 12, 2003, and, in particular, Sections III-3 and V-I relative to the intersection area embraced by the proposed action;
- The Town's existing Route 303 Overlay Zoning District zoning provisions;
- The Route 303 Sustainable Development Study, dated December 2002, prepared by Wilbur Smith Associates, for the Town of Orangetown, the New York State Department of Transportation, the County of Rockland, the New York Metropolitan Transportation Council; and
- PIPC Corridor Management Plan;

and,

WHEREAS, a duly noticed public hearing session was conducted before the Town Board on February 11, 2020 in connection with the Applicant's Amended Special Permit Applications, at which public comment was received and considered by the Board.

NOW, THEREFORE, BE IT RESOLVED, that, pursuant to Chapter 43 of the Zoning Ordinance, including § 4.32(O) and (P) and the related tables of General Use and Bulk and Area regulations in the Zoning Ordinance, the Town Board hereby issues an Amended Special Permit allowing modification of the previously issued Special Permit as follows: (i) The existing Special Permit for Mixed-Use Expansion on the property designated as Section 72.15, Block 1, Lots 21./1, 21./2, 21./3, 21./4 and 21./5 and known as "Orangeburg Commons" is hereby amended to permit a Dual Brand Hotel in accordance with the Petition permitting total gross floor area limitations from 30% to 35%;

1. Findings and Conditions

(1) The within Amended Special Permit is granted for the integrated development of the Property with the types of uses, and generally in the manner, shown on the Applicant's

Concept Plan, last revised October 11, 2019 (hereinbefore referenced). The Town Board adopts the said Plans as the "Amended Site Plan for Orangeburg Commons Residence Inn/Fairfield Inn Dual Brand Hotel" for purposes of the issuance of this Amended Special Permit, subject to the caveat hereinbefore set forth that the Town Board's use of the proposed Amended Concept Plan, prepared pursuant to § 4.32(O) and (P) as the basis for the Amended Special Permit Applications, unless otherwise expressly stated, is not intended to, nor shall it be construed as, approving the site specific details of the development that appear thereon other than the specified uses, the sizes, locations and configurations of the buildings, the points of access on Stevens Way and Greenbush Road, the size and location of buffers, the size of the pylon sign structure and the location of the stormwater basin along the Property's frontage on Route 303.

Notwithstanding this caveat, the Town Board recognizes that the Site Plan is based upon and incorporates many of the elements of the Final Site Plan approved by the Planning Board. Nothing in this Resolution is intended to invalidate or annul the Planning Board's prior approval of such elements unless specifically set forth herein, with the further understanding that, to the extent, the Planning Board, in the exercise of its site plan responsibilities, is required to modify one or more of those previously approved elements by reason of the nature and/or extent of changes approved by this Amended Special Permit, it may make such modifications or changes as required.

(2) Any change in the uses proposed for the site, now or in the future, shall require that the Applicant or any successor in title or interest to the Applicant return to the Town Board at which time the Town shall determine whether the new use or uses is consistent with the single, integrated plan of the development approved by the issuance of these Amended Special Permits.

(3) Any approved Amended Site Plan for the Amended Project shall include the vegetated and landscaped buffers adjacent to and along the property of the Palisades Interstate Park Commission ("PIPC") at the distances shown on the Amended Concept Plan, which areas shall be maintained by the Applicant or any successor in title or interest to the Applicant to ensure the least possible visibility of the development from the Palisades Interstate Parkway.

There shall be no removal of any tree, bush or other growth in or any disturbance to the PIPC buffer except as otherwise approved by the Town Planning Board. A restrictive covenant shall be filed and recorded against the Property reciting this requirement.

(4) Any approved Amended Site Plan shall continue to comply with the requirements of §§ 4.32(O) (vi), 4.23(c), and 13.10(B)(4) of the Town Zoning Ordinance, and any related variances with respect to signage.

(5) The Applicant or any successor in title or interest thereto shall comply with all previous issued approvals with respect to the properties that are the subject of this Amended Special Permit.

(6) This Amended Special Permit is further conditioned on the grant of Amended Site Plan Approval by the Town Planning Board.

2. Additional Findings Made Pursuant to § 31 of the Town Zoning Ordinance

Pursuant to § 4.32(O)(xi) of the Town Zoning Ordinance, on the basis of the information set forth in the Amended Special Permit Application and the analyses, reviews and reports of the Town's in- house and outside consulting professionals, the Town Board makes the following additional Findings under § 4.31 of the Town Zoning Ordinance:

(1) The Amended Project will continue to be appropriately located with respect to transportation, water supply, waste disposal, fire and police protection and other public facilities.

(2) The Amended Project will not cause undue traffic congestion or cause a traffic hazard.

(3) The Amended Project will not create, at any point of determination set forth in §§ 4.16, 4.17 or 4.18, any more dangerous and objectionable elements referred to in § 4.11 (fire, explosive, radioactive, noise, vibration, smoke, dust, odor or other form of air pollution, electrical or other disturbance, glare, liquid or solid refuse or waste, condition conducive to the breeding of rodents, insects or other substance, condition or element adversely affecting the surrounding area) than is characteristic of the uses expressly permitted as of right in the LI district.

(4) The Amended Project will not adversely affect the character of, or property values in, the area.
