Re: PIN 8759.77 – West Washington Ave. over Pascack Brook, Bridge Replacement (BIN 3346020)  
Town of Orangetown, Rockland County, NY

Subj: Pascack Brook Park Acquisition and Temporary Easement

Dear Mr. Gorton,

We are contacting you about our project to replace the West Washington Avenue Bridge over the Pascack Brook and the impacts to the Town's Pascack Brook Park. As a federally funded transportation project, the impacts to the park have been evaluated in accordance with Federal "Section 4f" regulations as contained within the U.S. Department of Transportation Act of 1966 (23 U.S.C. 138 and 29 U.S.C. 202).

As you know, the acquisition of parkland is required for the realignment of West Washington Avenue and a temporary easement is required for the realignment and restoration of Pascack Brook. The road and stream realignments are necessary to meet the objectives of the project, which are to replace the structurally deficient bridge, improve roadway safety and address stream hydraulic deficiencies at the bridge crossing. Multiple alternatives were evaluated and the preferred alternative (Alternative 2) was chosen based on it having the least overall impact to the park and wetland resources while still meeting the project objectives. The alternative analysis is outlined in the enclosed Programmatic Section 4f Evaluation document.

The total area of land from Pascack Brook Park needed in the Fee Acquisition is 39,200 square feet (0.9 acres). The total area of parkland needed in the Temporary Easement is 31,200 square feet (0.7 acres). As you know the park consists entirely of undeveloped woodlands, including the portions that would be impacted by this project.

The project was evaluated with respect to the *Final Section 4(f) Evaluation for Federally-Aided Transportation Projects with Minor Involvements and a Net Benefit to Public Parks, Recreation Lands and Wildlife and Waterfowl Refuges*. Based on the evaluation it was determined that a Programmatic Section 4(f) Evaluation applies. Specifically, the project will meet the following criteria:

1. The proposed project is designed to improve highway facilities on essentially the same alignment.
2. The Pascack Brook Park is Section 4(f) publicly-owned lands adjacent to an existing highway (West Washington Avenue)
3. The proximity impacts of the project will not impair the use of the Pascack Book Park for its intended purpose. Impacts for construction of improvements to the stream will be temporary and will result in an improved stream corridor. The park is undeveloped wooded parkland that is lightly used, therefore, impacts to park users during construction will be minimal.
4. The proposed transportation project provides a net benefit to a Section 4(f) park, recreation area, wildlife or waterfowl refuge, or historic site.
5. The proposed project includes all appropriate measures to minimize harm and subsequent mitigation necessary to preserve and enhance those features and values of the property that originally qualified the property for Section 4(f) protection.
6. There are no historic sites located within the area of the project.
7. The Town of Orangetown, the official with jurisdiction over the Section 4(f) property, agreed in writing with the assessment of the impacts; the proposed measures to minimize harm; and the mitigation necessary to preserve, rehabilitate and enhance those features and values of the Section 4(f) property; and that such measures will result in a Net Benefit to the Section 4(f) property. (pending your approval of this action).
8. The park was not purchased or improved with funds under the Land and Water Conservation Act, the Federal Aid in Fish Restoration Act (Dingell-Johnson Act), the Federal Aid in Wildlife Act (Pittman-Robertson Act), or similar laws that result in a Federal encumbrance on the land.
9. An environmental impact statement (EIS) is not required for this project.

As the official with jurisdiction over this resource, we respectfully request your written concurrence with the enclosed Programmatic Section 4(f) Evaluation and specifically our assessment and determination of the project impacts to Pascack Brook Park.

**RE:** **Revised** State Environmental Quality Review Act determination for the West Washington Avenue Bridge Reconstruction (CP 3311)

---

The Rockland County Highway Department has determined that an updated review pursuant to the provisions of the State Environmental Quality Review Act (SEQRA) should be conducted for the West Washington Avenue Bridge Reconstruction.

Your agency or board has been identified as an involved or interested agency in the review process.

The Rockland County Highway Department classified the action as "AN UNLISTED ACTION" pursuant to SEQRA in 2017 and considers this classification to still be appropriate. Due to a reevaluation of the project's impact to existing parkland, we are hereby recirculating an updated Part 1, 2 and 3 of the Short Environmental Assessment Form to all identified involved or interested agencies.

All communications regarding this notice should be directed to:

## ATTACHMENT TO THE SHORT ENVIRONMENTAL ASSESSMENT FORM

### PROJECT DESCRIPTION: West Washington Avenue Bridge Reconstruction (CP 3311)

The project is to replace the existing two-lane, single-span bridge carrying West Washington Avenue over the Pascack Brook and reconstruct/realign the substandard roadway approaches. A new bridge will be constructed immediately upstream of the existing structure, and once complete, the existing structurally deficient and hydraulically obsolete bridge will be removed. This will allow the existing bridge to be utilized during construction thus avoiding a detour. The horizontal and vertical alignment of the bridge approaches will both be upgraded to improve traffic safety. The project will also include stone scour protection, utility relocation, and bridge and guide railing replacement. Storm water will be collected in a new closed/piped system and discharged to a similar outfall as currently exists.

Several minor right-of-way acquisitions and temporary easements will be required. One of the properties to be acquired is part of the Town's Pascack Brook Park. The park is unimproved with no defined access on its south end along West Washington Avenue. In addition to a minor strip taking to accommodate the new bridge and roadway approach alignment, a temporary easement or occupancy will be required within the park to restore the condition of approximately 300 feet of the Pascack Brook, which has undermined and eroded the West Washington Avenue roadway embankment. The stream work will entail adding riffle boulders, deflectors, rock cross vanes and plantings to improve the riparian environment and eliminate the roadway embankment scour. The parkland acquisition will require alienation legislation enacted by the New York State Assembly and Senate and signed by the Governor.

### Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The West Washington Avenue Bridge Reconstruction proposal will not result in any significant adverse environmental impacts. The project is to replace the existing two-lane, single-span bridge carrying West Washington Avenue over the Pascack Brook and reconstruct/realign the substandard roadway approaches. A new bridge will be constructed immediately upstream of the existing structure, and once complete, the existing structurally deficient and hydraulically obsolete bridge will be removed. This will allow the existing bridge to be utilized during construction thus avoiding a detour. The horizontal and vertical alignment of the bridge approaches will both be upgraded to improve traffic safety. The project will also include stone scour protection, utility relocation, and bridge and guide railing replacement. Storm water will be collected in a new closed/piped system and discharged to a similar outfall as currently exists.

Several minor right-of-way acquisitions and temporary easements will be required. One of the properties to be acquired is part of the Town's Pascack Brook Park. The park is unimproved with no defined access on its south end along West Washington Avenue. In addition to a minor strip taking to accommodate the new bridge and roadway approach alignment, a temporary easement or occupancy will be required within the park to restore the condition of approximately 300 feet of the Pascack Brook, which has undermined and eroded the West Washington Avenue roadway embankment. The stream work will entail adding riffle boulders, deflectors, rock cross vanes and plantings to improve the riparian environment and eliminate the roadway embankment scour. The parkland acquisition will require alienation legislation enacted by the New York State Assembly and Senate and signed by the Governor.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RE: Walsh Subdivision Performance Bond

---

I am forwarding for filing the original Performance Bond issued by Endurance Assurance Corporation, Bond No. EACX141000236 as surety on behalf of Slievenamon LLC as principal and in favor of the Town of Orangetown, in the amount of \$46,380.00.

I am also attaching the Planning Board October 28, 2020 recommendation that the Town Board release the previously posted Performance Bond in this matter and substitute the Slievenamon LLC Performance Bond.

This is to request that you arrange to have the matter placed on the agenda for consideration at the next Town Board Meeting for the following resolution:

**231 TOWNLINE ROAD, W. NYACK / RELEASE  
ROWLEY PERFORMANCE BOND AND ACCEPT  
SLIEVENAMON PERFORMANCE BOND**

WHEREAS, pursuant to Town Board Resolution 2011-634, the Town Board accepted a Performance Bond from Paul Rowley and Vigilant Insurance Company, related to the Walsh Subdivision for property located at 253 Townline Road, West Nyack, Town of Orangetown, New York (Section 64.20, Block 1, Lot 3); and

WHEREAS, the Planning Board at its meeting of October 28, 2020 authorized the replacement of said bond with a bond from Slievenamon, LLC, the new and current owner of the aforesaid property; and

WHEREAS, Slievenamon, LLC, has submitted Bond No. EACX1000236, dated July 27, 2020, issued by the Endurance Assurance Corporation, on behalf of Slievenamon, LLC, as principal, in the amount of \$46,380.00 and naming the Town of Orangetown as beneficiary, to insure the completion of public improvements associated with the 253 Townline Road Subdivision, which Bond has been approved as to form and substance by the Town Attorney's Office.

NOW THEREFORE IT IS HEREBY RESOLVED THAT, the Town hereby formally accepts, receives and files a Performance Bond from Slievenamon, LLC, dated July 27, 2020, and issued by the Endurance Assurance Corporation, with respect to the Walsh Subdivision, 253 Townline Road, West Nyack, Town of Orangetown, New York (Section 64.20, Block 1, Lot 3), which Bond is subject to all previous Planning Board decisions and conditions and which Bond shall remain in full force and effect until release by appropriate Town Board resolution, and

BE IT FURTHER RESOLVED THAT, the previously posted bond by Paul Rowley and Vigilant Insurance Company shall be released and discharged upon adoption of this resolution accepting the replacement of the Slievenamon, LLC Performance Bond.

Heard by the Planning Board of the Town of Orangetown at a virtual meeting  
held **Wednesday, October 28, 2020** at which time the Board made the following  
determinations:

The Board received the following communications:

1. An interdepartmental memorandum from the Office of Building, Zoning,  
Planning Administration and Enforcement, Town of Orangetown, signed by  
Jane Slavin, RA, Director, dated October 21, 2020.
2. A letter from Patrick Loftus, dated October 8, 2020, with copy of the  
Performance Bond signed by Slievenamon, LLC, in the amount of \$46,380.00.

The Board reviewed the plan. The meeting was then open to the public.

There being no one to be heard from the public, the Public Hearing portion  
of the meeting was closed. A motion was made to close the Public Hearing  
portion of the meeting by Michael Mandel and seconded by William Young  
and carried as follows: Thomas Warren – Chairman, aye; William Young, Vice-  
Chairman, aye; Michael Mandel, aye; Andrew Andrews, aye; Bruce Bond,  
abstain; Stephen Sweeney, aye; Robert Dell, aye and Mike McCrory, aye.

**RECOMMENDATION:** In view of the foregoing and the testimony before the  
Board, the Board made a motion to recommend to the Town Board to release  
Paul and Jacqueline Rowley and Esker Hill LLC from the Performance Bond and  
grant the new owner, Slievenamon, LLC of the property, the ability to post the  
bond for the property.

**CERTIFICATE**

I, the undersigned Officer of each Company, DO HEREBY CERTIFY that:

1. That the original power of attorney of which the foregoing is a copy was duly executed on behalf of each Company and has not since been revoked, amended or modified; that the undersigned has compared the foregoing copy thereof with the original power of attorney, and that the same is a true and correct copy of the original power of attorney and of the whole thereof;
2. The following are resolutions which were adopted by the sole shareholder of each Company by unanimous written consent effective June 15, 2019 and said resolutions have not since been revoked, amended or modified:

"RESOLVED, that each of the individuals named below is authorized to make, execute, seal and deliver for and on behalf of the Company any and all bonds, undertakings or obligations in surety or co-surety with others: RICHARD M. APPEL, BRIAN J. BEGGS, CHRISTOPHER DONELAN, SHARON L. SIMS, CHRISTOPHER L. SPARRO, MARIANNE L. WILBERT  
; and be it further

RESOLVED, that each of the individuals named above is authorized to appoint attorneys-in-fact for the purpose of making, executing, sealing and delivering bonds, undertakings or obligations in surety or co-surety for and on behalf of the Company."

3. The undersigned further certifies that the above resolutions are true and correct copies of the resolutions as so recorded and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal this 27<sup>th</sup> day of July, 2020.

**NOTICE: U. S. TREASURY DEPARTMENT'S OFFICE OF FOREIGN ASSETS CONTROL (OFAC)**

No coverage is provided by this Notice nor can it be construed to replace any provisions of any surety bond or other surety coverage provided. This Notice provides information concerning possible impact on your surety coverage due to directives issued by OFAC. **Please read this Notice carefully.**

The Office of Foreign Assets Control (OFAC) administers and enforces sanctions policy, based on Presidential declarations of "national emergency". OFAC has identified and listed numerous foreign agents, front organizations, terrorists, terrorist organizations, and narcotics traffickers as "Specially Designated Nationals and Blocked Persons". This list can be located on the United States Treasury's website - <https://www.treasury.gov/resource-center/sanctions/SDN-List>.

In accordance with OFAC regulations, if it is determined that you or any other person or entity claiming the benefits of any coverage has violated U.S. sanctions law or is a Specially Designated National and Blocked Person, as identified by OFAC, any coverage will be considered a blocked or frozen contract and all provisions of any coverage provided are immediately subject to OFAC. When a surety bond or other form of surety coverage is considered to be such a blocked or frozen contract, no payments nor premium refunds may be made without authorization from OFAC. Other limitations on the premiums and payments may also apply.

## Application for Showmobile Use

### Showmobile Requirements

---

**Applications must be submitted to the Parks & Recreation Office no later than 8 weeks prior to your event in order to be placed on a Town Board agenda.**

**There are two pages to this application.** Please read and understand all items listed on page 1 (this page) and upload your certificate of insurance.

Click "next" to advance to page 2 and fill out all requested information.

**Upload Certificate of Insurance \*** 2020 Insurance.pdf 1.19MB

**Before completing the Showmobile Request Form, please be aware of the following:**

- + The total area needed for the Showmobile is a space 50 feet in length, 15 feet in width and 25 feet in height.
- + Showmobile stage measures 28 feet long x 14 feet 7 inches deep x 25 feet high when open. One set of stairs is available with hand railings. (Please note that this measurement does not include the trailer hitch or the tow vehicle).
- + The lights require a 110 volt, 20 amp circuit to plug into within 150 feet of the right front side of the Showmobile. Additional electrical equipment must be plugged into a separate circuit.
- + The Showmobile must be parked in a relatively level space. The placement of the Showmobile is at the discretion of the Orangetown Parks & Recreation staff. Although every effort will be made to meet requests, this equipment does not go off road, over curbing, on uneven ground or over rough terrain.
- + The area must be free of obstructions such as overhanging tree limbs, electrical wires, etc.
- + The tow vehicle must remain with the Showmobile for the duration of the event.
- + In the event of winds in excess of 30 MPH, the stage canopy must be closed.
- + The Town seal is not to be covered and no nails, staples, tacks or tape may be used to attach any items to the Showmobile)
- + The organization will receive an emailed invoice after their event is complete. Payment is expected no later than 14 days after receipt of invoice.
- + A member of the organization renting the unit must be on site at time of arrival for proper set up as well as time of departure to assure all event tasks have been completed (i.e. removal of equipment)
- + Any changes/cancellations (unless otherwise agreed upon) to the event must be made 24 hours in advance by contacting Mark Albert at [malbert@orangetown.com](mailto:malbert@orangetown.com).

**Additional Requirements:**

- + Certificate of insurance required. Must name the Town of Orangetown as additionally insured.
- + Rental Costs: \$500.00 plus labor.

Dear Mr. Reilly,

This letter serves as notification that I am retiring from the Town of Orangetown. The effective date of my retirement is December 11, 2020.

I've enjoyed my 36 plus years as an employee of the town and now look forward to my retirement. Should you require anything, please let me know.

I wish you all the very best.

Sincerely,

  
Thomas Fitzmaurice
