FROM: JAMES J. DEAN, SUPERINTENDENT OF HIGHWAYS
RE: RESCIND RESOLUTION #08-825 – BID AWARD

Based on in-depth verification review and physical examination of the piece of equipment proposed by Bobcat of MidHudson and the equipment specifications required by the Town, it is my recommendation that the bid awarded at the December 15, 2008, Town Board Meeting, Resolution #825 (Bobcat of MidHudson - \$20,558), be rescinded and the bid be awarded to Grassland Equipment, Latham, New York in the amount of \$21,398.55.

Our verification review examination revealed some major critical differences that are outlined below:

- 1) Hydraulic Pumps – Toro has separate hydraulic pump for each of the four (4) critical functions. Bobcat has three (3) hydraulic pumps for the four (4) critical functions.
- 2) Quick Attach - Bobcat attachments are not inter-changeable with our present compact utility loader.
- 3) Track System – Toro is superior, squirrel cage continuous type versus sprocket type. Machine will continue to drive if track puck rips out, Bobcat machine will not move if track puck rips out.

Further, there were many items that the low bidder had indicated compliance with but actually did not meet our specifications.
