**TOWN OF ORANGETOWN, ROCKLAND COUNTY
ZONING TEXT AMENDMENT**

**STATE ENVIRONMENTAL QUALITY REVIEW (SEQR)
NEGATIVE DECLARATION
NOTICE OF DETERMINATION OF NON-SIGNIFICANCE**

DATE: January 26, 2016
LEAD AGENCY: The Town Board of the Town of Orangetown
Orangetown Town Hall
26 Orangeburg Road
Orangeburg NY 10962

This Notice is issued pursuant to Part 617 of the implementing regulations of Article 8 (SEQRA) of the Environmental Conservation Law.

The Lead Agency has determined that the proposed action described below will not have a significant effect on the environment.

TITLE OF ACTION:

Adoption of Local Law No. 1 of 2016 of the Town of Orangetown, amending Chapter 43, § 2.2, of the Town Code, establishing the Town Zoning Map, changing the zoning classification of the said property, consisting of one tax parcel bearing Tax Map Designation 70.15-1-45, and a portion of an adjacent parcel bearing Tax Map Designation 70.15-1-46 from "R-15 (Medium Density Residence) to "CC" (Retail-Commerce)

SEQRA STATUS:

Unlisted Action

DESCRIPTION OF ACTION:

The proposed action consists of a proposed Local Law changing the zoning classification (on the petition of the owners thereof) of property located on State Route 303, in the vicinity of Erie Street and Greenbush Road, in the hamlet of Blauvelt from "R-15 (Medium Density Residence) to "CC" (Retail-Commerce). The property affected consists of one tax parcel bearing Tax Map Designation 70.15-1-45, and a portion of an adjacent parcel, bearing Tax Map Designation 70.15-1-46.

DETERMINATION:

There will be no significant adverse environmental impact(s) as a result of the proposed action.

REASONS SUPPORTING THIS DETERMINATION:

The proposed action simply changes the zoning district of one existing tax parcel, and a portion of another from "R-15 (Medium Density Residence) to "CC" (Retail-Commerce). Both parcels are located on and along State Route 303, in a largely commercial area, in the vicinity of Erie Street, in the hamlet of Blauvelt.

The change is consistent with the development of the area thus far, and as contemplated; is consistent with the Town's Master Plan; and is otherwise in the best planning and zoning interests of the Town and the owners' of the parcels, each of whom has requested the change of zoning classification.

In addition, both the Town Planning Board, pursuant to Town Code Chapter 43, § 10.5, and the County Planning Department, pursuant to General Municipal Law §§ 239 L & M, have reviewed the proposed law, and neither has concluded that the proposed action will have any significant adverse impact.

POTENTIAL IMPACTS DETERMINED NOT TO BE SIGNIFICANT:

Based on the Short Environmental Assessment Form, prepared by the Town's Director of the Office of Building, Zoning, Planning and Enforcement, and the Town Board's familiarity with the parcels and the area in which they are situated, the Town Board has concluded that there will be no significant environmental impacts by the adoption of the zoning change specifically relating to:

- Traffic;
- Agricultural Land Resources
- Historic and Archaeological Resources
- Surface or Groundwater Quantity or Quality
- Critical Environmental Areas
- Energy
- Public Health
- Air Quality and Noise Levels
- Human Health, or
- Future Development of Adjacent and Nearby Lands

In summary, after having taken a hard look at the potential environmental impacts associated with the proposed action, the Town Board concludes that such action will not result in a significant adverse environmental impact.
