

Town of Orangetown Parks & Recreation

Memorial Bench Program

The Memorial Bench Program allows groups and individuals to donate a bench to commemorate a special event or as memorials to loved ones.

Benches purchased through this program are placed within Town Parks and along trails. The style and exact placement of the benches is at the discretion of the Parks & Recreation Department.

The final cost of the bench is dependent upon style of bench, the location and type of installation. Costs will typically be between \$800-\$1,000*

The current lead time on benches is about 22 weeks. The department makes every effort to install benches within six months of their approval. However, installation can be impacted by time of year, availability of benches and the number of requests being processed.

*As of June of 2022, prices are subject to change in accordance with the supply chain demands.

Bench Located in Veterans Memorial Park

If interested in donating a memorial bench, please submit the e-form which can be accessed at the link below
