Short Environmental Assessment Form

Part 1 - Project Information

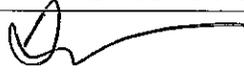

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information							
TOWN OF ORANGETOWN							
Name of Action or Project: Adopt and add new chapter 10D to Town Code regarding Cannabis							
Project Location (describe, and attach a location map):							
Brief Description of Proposed Action: To adopt a local law pursuant to NY Cannabis Law Section 131 for the Town of Orangetown to "opt out" and prohibit the establishment of retail dispensary licenses and on-site consumption licenses that would otherwise be allowed under Article 4 of the Cannabis Law.							
Name of Applicant or Sponsor: Town of Orangetown		Telephone: 845 359 5100					
		E-Mail: supervisor@orangetown.com					
Address: 26 Orangeburg Road							
City/PO: Orangeburg		State: NY	Zip Code: 10956				
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <th style="padding: 2px;">NO</th> <th style="padding: 2px;">YES</th> </tr> <tr> <td style="text-align: center; padding: 2px;"><input type="checkbox"/></td> <td style="text-align: center; padding: 2px;"><input checked="" type="checkbox"/></td> </tr> </table>	NO	YES	<input type="checkbox"/>	<input checked="" type="checkbox"/>
NO	YES						
<input type="checkbox"/>	<input checked="" type="checkbox"/>						
2. Does the proposed action require a permit, approval or funding from any other governmental Agency? If Yes, list agency(s) name and permit or approval:			<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <th style="padding: 2px;">NO</th> <th style="padding: 2px;">YES</th> </tr> <tr> <td style="text-align: center; padding: 2px;"><input type="checkbox"/></td> <td style="text-align: center; padding: 2px;"><input type="checkbox"/></td> </tr> </table>	NO	YES	<input type="checkbox"/>	<input type="checkbox"/>
NO	YES						
<input type="checkbox"/>	<input type="checkbox"/>						
3.a. Total acreage of the site of the proposed action? _____ acres							
b. Total acreage to be physically disturbed? _____ acres							
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____ acres							
4. Check all land uses that occur on, adjoining and near the proposed action.							
<input type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input type="checkbox"/> Industrial <input type="checkbox"/> Commercial <input type="checkbox"/> Residential (suburban)							
<input type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other (specify): _____							
<input type="checkbox"/> Parkland							

18. Does the proposed action include construction or other activities that result in the impoundment of water or other liquids (e.g. retention pond, waste lagoon, dam)? If Yes, explain purpose and size: _____ _____ _____	NO <input type="checkbox"/>	YES <input type="checkbox"/>
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility? If Yes, describe: _____ _____ _____	NO <input type="checkbox"/>	YES <input type="checkbox"/>
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: _____ _____ _____	NO <input type="checkbox"/>	YES <input type="checkbox"/>

Short Environmental Assessment Form
Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:		
a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

New York’s Marihuana Regulation and Taxation Act: The Legalization of Adult-Use Cannabis in New York

By Wade Beltramo, NYCOM General Counsel

Overview

On March 31, 2021, Governor Cuomo signed into law Chapter 92 of the Laws of 2021. Known as “the marihuana regulation and taxation act” (MRTA), this legislation was enacted with the stated purpose of creating a regulated and taxed cannabis industry in New York and to provide for social and economic justice related to the sale and use of cannabis. While the MRTA legalizes the possession and use of cannabis immediately, the actual sale of adult-use cannabis is not expected to begin until late 2022 or early 2023.

The MRTA enacts an entirely new chapter of the New York State Laws (Chapter 7-A, Cannabis Law) and substantially amends numerous other provisions of State law to provide for the implementation of adult-use cannabis. In addition, the MRTA establishes two new State agencies called the New York State Cannabis Control Board and the Office of Cannabis Management, which will administer the State’s adult-use and medical use programs, promulgating rules, issuing licenses, and investigating and enforcing infractions of the law. The regulatory framework created by the MRTA is in many ways similar to how the State currently regulates alcohol via the Alcoholic Beverage Control Law and the New York State Liquor Authority.

The MRTA creates a heavily regulated market requiring individuals and organizations to obtain a license before engaging in any of the myriad types of authorized cannabis businesses, including cultivating, processing, distributing, delivering, dispensing cannabis, or operating a cooperative, microbusiness, nursery, or on-site consumption establishment.

Legalization of Cannabis Use

The MRTA amends the NYS Penal Law, adding Article 222 Cannabis, which sets forth both legal and illegal activities regarding adult-use cannabis. Penal Law § 222.05 expressly states that any individual 21 or older may:

- (a) possess, display, purchase, obtain, or transport up to 3 ounces of cannabis and up to 24 grams of concentrated cannabis
- (b) transfer, without compensation, to another person 21 or older, up to 3 ounces of cannabis and up to 24 grams of concentrated cannabis;

- (c) use, smoke, ingest, or consume cannabis or concentrated cannabis unless otherwise prohibited by state law;
- (d) possess, use, display, purchase, obtain, manufacture, transport or give to any person 21 or older cannabis paraphernalia or concentrated cannabis paraphernalia;
- (e) plant, cultivate, harvest, dry, process or possess cultivated cannabis in accordance with Penal Law § 222.15; and
- (f) (i) assist another person who is 21 or older or (ii) allow property to be used in any of the acts described in the preceding paragraphs.

In addition, cannabis, concentrated cannabis, cannabis paraphernalia or concentrated cannabis paraphernalia involved in any lawful conduct under Penal Law § 222.05 are not contraband nor subject to seizure or forfeiture of assets. Moreover, conduct deemed lawful by Penal Law §222.05 may not be the basis for law enforcement approaching, searching, seizing, arresting or detaining an individual. These provisions of law took effect March 31, 2021.

Local Opt-Out of Retail Sales

General Provisions

Cities, villages, and towns may opt out of allowing retail dispensaries and/or on-site consumption establishments from locating and operating within their boundaries. To effectuate the opt-out, such local governments must adopt a local law subject to a permissive referendum on or before December 31, 2021. A town opt-out only applies to the area of the town outside of any village(s) located therein. No city, village, or town may opt out after December 31, 2021. However, a local government that, in 2021, opts out of allowing retail dispensaries and/or on-site consumption establishments from locating within their boundaries may repeal such opt-out at any time. The local government opt-out does not apply to other types of licensed activities under the Cannabis Law.

Conducting the Permissive Referendum in Cities

The Municipal Home Rule Law sets forth the process and procedures required to conduct mandatory and permissive referenda in cities. Failure to follow the procedure required by law for conducting a referendum may result in the city council's action being invalidated.¹

Any local law adopted by a city that is subject to permissive referendum will not take effect until:

1. 45 days after its adoption have passed; and
2. It is approved by the electors of the city, if a petition is filed requiring the law be approved by a majority vote of the electorate.²

Petitions must be made on separate sheets of paper and the signatures on each sheet must be signed and authenticated in the manner provided by the Election Law for the signing and authorizing of nominating petitions.³ These sheets, when fastened together and offered for filing, are deemed to constitute one petition.

Petitions must be filed in the city clerk's office within 45 days of the adoption of the local law. Petitions must be signed by a number of electors equal to 10% of the total number of votes cast in the city for governor at the last gubernatorial election.⁴ All signers of the petition must be qualified voters.⁵ A qualified voter is an individual who is currently registered to vote and was also registered during the previous general election.⁶

If a petition is filed, a proposition on the local law must be submitted to the voters at the next election of State or local government, not less than 60 days after the filing of the petition. The petition may also request that the city council direct a special election be held.⁷

Once the petition has been filed with the city clerk, he or she must examine it not later than 30 days after the date of filing, or 45 days before the date of the election where the referendum would appear on the ballot, whichever is earlier. The clerk then transmits a certificate to the city council attesting that he or she has examined the petition and stating whether the petition complies with the law's requirements.⁸

If within five days after the last day to file a certificate to the legislative body, a written objection to the clerk's certification is filed in the State Supreme Court in the county in which the city is located, the court must determine any question arising from the petition and issue an order. This proceeding must be heard and determined in the manner prescribed in Election Law § 16-116.

Conducting the Permissive Referendum in Villages

A local law adopted by a village that is subject to a permissive referendum under Municipal Home Rule Law § 24, or any other State statute, will be conducted pursuant to **Article 9 of the Village Law**.⁹ Under Article 9, a village board of trustees may bypass the petition process by submitting a permissive referendum to voters upon its own motion.¹⁰ Compliance with Article 9 is therefore consistent with the terms of the Municipal Home Rule Law. Additionally, Village Law § 9-900(1) states that whenever the Village Law provides that an act or resolution of the board of trustees is subject to a permissive referendum, the permissive referendum must be conducted as provided in Article 9.

Many referenda may be timed so that they are held during a regularly scheduled village election. The criteria for determining when a referendum is to be held is set forth in Village Law § 9-902. If the petition for a permissive referendum is filed after the first day of the month in which a general village election is to be held and before the first day of the month two months prior to the next general village election, the referendum must be held at a special election of the village to be held not less than 10, nor more than 60, days after the filing of the petition.¹¹

Within 10 days after the board of trustees adopts any local law or resolution that is subject to a permissive referendum, the village clerk must post and publish, in the same manner as provided for the notice of a general village election, a notice setting forth the date that the local law or resolution was adopted.¹² The notice must also contain an abstract of the local law or resolution stating its purpose and indicating that the local law or resolution is subject to a permissive referendum. If more than one referendum is to be voted upon, each must be separately and consecutively numbered.¹³

The purpose of this notice is to afford the electorate the opportunity to circulate a petition on the question. If the local law or resolution is subject to a mandatory referendum, this notice is not required.

For a vote to be held on a local law or resolution that is subject to a permissive referendum, a valid petition must be filed in the office of the village clerk within 30 days of the passage of the legislative act. If no petition is filed within the 30 days, the local law or resolution goes into effect by operation of law.¹⁴

The petition must be signed by a number of village electors equal to at least 20% of the electors of the village, as shown on the register of electors for the previous general village election.¹⁵ It must be noted that the percentage requirement is 20% of residents registered to vote, and not 20% of residents who actually voted.

If an act is subject to a permissive referendum, the board of trustees may, upon its own motion, submit the act to a referendum, eliminating the need for a petition.¹⁶ This is an alternative to the citizen-initiated petition process and expedites the vote by eliminating the petition’s “waiting period.” The remainder of the process would be the same as if a petition had been filed on the date that the board submits the act to the referendum.¹⁷

For information on the process and procedure of conducting permissive referenda, see NYCOM’s publication [Enacting Local Legislation and Conducting Referenda](#), available for download from the member’s section at www.nycom.org. A sample local law opting out of hosting retain cannabis dispensaries and/or on-site cannabis consumption establishments can be found at the end of this document.

State Preemption & Local Time, Place, and Manner Restrictions

Counties, cities, villages, and towns are preempted from adopting any law, rule, ordinance, regulation or prohibition pertaining to the operation or licensure of registered organizations, adult-use cannabis licenses or cannabinoid hemp licenses. Cities, villages, and towns may nonetheless pass local laws and regulations governing the time, place and manner of the operation of licensed adult-use cannabis retail dispensaries and/or on-site consumption site, provided such laws or regulations do not make the operation of such licensed retail dispensaries or on-site consumption sites unreasonably impracticable as determined by the Cannabis Board. All adult-use licensees must comply with local zoning regulations.

Notwithstanding any local regulations, retail dispensary signage is prohibited except as authorized by the Cannabis Control Board. In addition, neither retail dispensaries nor on-site consumption establishments may be located within 500 feet of school grounds as such term is defined in the NYS Education Law or within 200 feet of a house of worship.

Notification to Location Governments of License Applications

Pursuant to Cannabis Law § 76, cultivators, processors, distributors, retail dispensaries, and on-site consumption license applicants must notify the municipality in which the applicant’s premises is located of their intent to file an application for that location. The notice must be filed with the municipal clerk not less than 30 days nor more than 270 days before filing the license application with the State. The notification must be made in the form prescribed by Cannabis Control Board. If a local government expresses an opinion for or against the granting of the registration, license or permit application, that opinion will be deemed part of the record upon which the Office of Cannabis Management makes its licensure recommendation to the Cannabis Control Board to grant or deny the application. The Cannabis Control Board must respond in writing to the municipality with an explanation of how such opinion was considered in granting or denying the application.

License applicants must notify the municipality by: (a) certified mail, return receipt requested; (b) overnight delivery service with proof of mailing; or (c) personal service upon the offices of the clerk or community board.

The form of the notification will include

- a) the trade name or “doing business as” name, if any, of the establishment;
- b) the full name of the applicant;
- c) the street address of the establishment, including the floor location or room number, if applicable;
- d) the mailing address of the establishment, if different than the street address;
- e) the name, address and telephone number of the attorney or representative of the applicant, if any;
- f) a statement indicating whether the application is for:
 - i. a new establishment;

- ii. a transfer of an existing licensed business;
- iii. a renewal of an existing license; or
- iv. an alteration of an existing licensed premises;
- g) if the establishment is a transfer or previously licensed premises, the name of the old establishment and such establishment's registration or license number;
- h) in the case of a renewal or alteration application, the registration or license number of the applicant; and
- i) the type of license being applied for.

Police Right to Inspect Licensed Operations

Pursuant to Cannabis Law § 79, peace and police officers will be able to inspect all licensed or permitted premises and all records of licensed operators. Such inspections may only be done in a manner so as not to interrupt ordinary business and not to compromise the licensees' safety and security procedures. Such inspections may include, but are not limited to, ensuring the licensee or permittee is complying with the NYS Cannabis Law, the regulations promulgated pursuant thereto, and other applicable State and local building codes, fire, health, safety, and other applicable regulations.

Local Revenues from Cannabis Sales

The MRTA adds a new Article 20-C to the New York State Tax Law, entitled Tax on Adult-Use Cannabis Products. Article 20-C imposes multiple State taxes on both the distribution and the retail sale of adult-use cannabis. In addition, Tax Law § 493(c) imposes a 4% local tax on the retail sale of adult-use cannabis which will be distributed to the county and the city, village, or town in which the sale occurs. Thus, if a city, village, or town has opted out of allowing retail cannabis dispensaries and on-site cannabis consumption establishments to locate within their boundaries, that municipality will not receive any revenue from the local cannabis sales tax.

The New York State Comptroller will distribute taxes collected pursuant to Tax Law § 493(c) to counties in which adult-use cannabis retail sales occur. The counties are entitled to retain 25% of the monies distributed by the Comptroller. The counties must distribute the remaining 75% of the monies to the cities, villages, and towns within the county in proportion to the sales of adult-use cannabis products by the retail dispensaries in such cities, villages, and towns.

If a retail dispensary is located in a village within a town that also permits cannabis retail sales, then the county must distribute the monies attributable to such retail dispensary to the town and village as agreed upon by the governing bodies of those local governments. In the absence of such an agreement, the county must evenly divide the monies between the town and village. The moneys will be distributed on a quarterly basis.

There are no restrictions placed on how the local governments may use these local revenues.

Programs Financed by the State

The MRTA establishes several funds consisting of revenues collected by the State pursuant to Article 20-C of the NYS Tax Law to finance myriad programs related to the legalization of cannabis. The New York State Cannabis Revenue Fund (Tax Law § 99-ii) will be used for Office of Cannabis Management and Cannabis Control Board operations, funding cannabis equity programs, researching the impacts of cannabis legalization, funding State Police and the Department of Motor Vehicles implementation of the MRTA (including expanding and enhancing the drug recognition expert training program and technologies utilized in the process of maintaining road safety), schools, and drug treatment and public education programs. The New York State

Drug Treatment and Public Education Fund (Tax Law § 99-jj) will be used by the Office of Addiction Services and Supports to develop and implement a youth-focused public health education and prevention campaign and a statewide public health campaign focused on the health effects of cannabis and legal use, and to provide substance use disorder treatment programs for youth and adults. The New York State Community Grants Reinvestment Fund (Tax Law § 99-kk) will be used to fund the awards by the State Cannabis Advisory Board to reinvest in communities disproportionately affected by past federal and State drug policies. The grants must be used to support job placement, job skills services, adult education, mental health treatment, substance use disorder treatment, housing, financial literacy, community banking, nutrition services, services to address adverse childhood experiences, afterschool and child care services, system navigation services, and legal services to address barriers to reentry.

Personal Cultivation of Cannabis

Pursuant to Penal Law § 222.15, individuals 21 or older may plant, cultivate, harvest, dry, process and possess up to three mature cannabis plants and three immature cannabis plants at their private residence at any one time. Cannabis must be securely stored by reasonable steps designed so that the plants are not accessible to any person under 21. No more than six mature and six immature cannabis plants may be cultivated within any private residence, regardless of the number of individuals 21 or older who reside there. Individuals may lawfully possess up to five pounds of cannabis in their private residence or on the grounds of their private residence, so long as they take reasonable steps designed to ensure that the cannabis is in a secured place not accessible to any person under 21. A violation of Penal Law § 222.15 is subject to a civil penalty of up to \$125 per violation.

Cities, villages, towns, and counties may enact reasonable regulations of personal cultivation and home possession. Violations of such regulations may constitute an infraction subject to a civil penalty of no more than \$200. Local governments may not adopt regulations that prohibit personal cultivation or possession as authorized under Penal Law § 222.15.

Personal cultivation of cannabis pursuant to Penal Law § 222.15 is not allowed until the Office of Cannabis Management issues regulations for home cultivation and storage. The Office must issue such regulations for home cultivation by certified cannabis patients no later than September 30, 2021. Regulations for personal cultivation by adult-use cannabis consumers must be promulgated no later than 18 months following the first authorized retail sale of adult-use cannabis products to a cannabis consumer. Consequently, legal home cultivation for recreational use is not likely to be allowed under the MRTA until 2024 or beyond.

Protections for Cannabis Users

In addition to the legal use of cannabis authorized under Penal Law §§ 222.05 and 222.15, Cannabis Law § 127 prohibits individuals from being discriminated against for engaging in conduct permitted under the Cannabis Law. Landlords are expressly prohibited from refusing to lease to and may not otherwise penalize an individual solely for conduct authorized by the Cannabis Law, except (a) if failing to do so would cause the landlord to lose a monetary or licensing-related benefit under federal law or regulations; or (b) if the property has in place a smoke-free policy, it is not required to permit the smoking of cannabis products on its premises, provided no such restriction may be construed to limit the certified medical use of cannabis.

Schools, colleges, and universities may not refuse to enroll and may not otherwise penalize individuals solely for conduct allowed by the Cannabis Law, except (a) if failing to do so would cause the school, college or university to lose a monetary or licensing-related benefit under federal law or regulations; or (b) if the school, college or university has adopted a code of conduct prohibiting cannabis use on the basis of a sincere religious belief of the school, college or university.

Sale of Cannabis

Cannabis may not be sold to anyone who is under the age of 21 or who is visibly intoxicated. Cannabis retailers may not sell cannabis products knowing or reasonably believing that the person to whom the cannabis products are being sold is acquiring the cannabis for the purpose of selling or giving it away in violation of State law or regulations.

Cannabis purchasers must provide written evidence of their age, which may consist of:

- a) a valid driver's license or non-driver identification card issued by the NYS Department of Motor Vehicles, the federal government, any United States territory, commonwealth or possession, the District of Columbia, a state government within the United States or a provincial government of the dominion of Canada, or
- b) a valid passport issued by the United States government or any other country, or
- c) an identification card issued by the United States armed forces.

Special Rules for Licensing of On-Site Consumption Establishments

In approving on-site consumption licenses, the Cannabis Control Board may consider various factors, including but not limited to:

- (a) the number, classes, and character of other licenses in proximity to the location and in the particular municipality;
- (b) whether there is a demonstrated need for spaces to consume cannabis;
- (c) any effect on pedestrian or vehicular traffic, and parking;
- (d) potential noise impact generated by the proposed premises; and
- (e) any other factors specified by law or regulation that are relevant to determine that granting a license would promote public convenience and advantage and the public interest of the community.

In addition to sales being restricted to individuals 21 years of age and older, no one under 21 years of age may be permitted on the premises of a cannabis on-site consumption facility.

Social Equity Program

One of the primary objectives of the MRTA is to promote social equity and justices. To that end, the Cannabis Law establishes programs to foster social equity and assist minority and women-owned businesses, distressed farmers, and service-disabled veterans. The Cannabis Law requires the State to develop a social and economic equity plan and an incubator program designed to promote racial, ethnic, and gender diversity when issuing licenses, with a goal of awarding 50% of adult-use cannabis licenses to social and economic equity applicants and to help communities disproportionately impacted by the enforcement of cannabis prohibition.

Law Enforcement Practices

In any criminal proceeding, no finding or determination of reasonable cause to believe a crime has been committed may be based solely on evidence of the following facts and circumstances, either individually or in combination with each other:

- (a) the odor of cannabis;
- (b) the odor of burnt cannabis;
- (c) the possession of or the suspicion of possession of cannabis or concentrated cannabis in the amounts authorized in Penal Law Article 222;
- (d) the possession of multiple containers of cannabis without evidence of concentrated cannabis in the amounts authorized in Penal Law Article 222;
- (e) the presence of cash or currency in proximity to cannabis or concentrated cannabis; or

- (f) the planting, cultivating, harvesting, drying, processing or possessing cultivated cannabis in accordance with Penal Law § 222.15.

The prohibition in Penal Law § 222.05(3)(b) with respect to the odor of burnt cannabis does not apply when a law enforcement officer is investigating whether a person is operating a motor vehicle, vessel or snowmobile while impaired by drugs. However, during such investigations, the odor of burnt cannabis does not provide probable cause to search any area of a vehicle that is not readily accessible to the driver and reasonably likely to contain evidence relevant to the driver's condition.

Public Consumption of Cannabis

With respect to smoking and vaping, cannabis is treated the same as smoking or vaping tobacco products. Consequently, pursuant to Public Health Law Article 13-E, cannabis may not be smoked or vaped in the following indoor areas:

- (a) places of employment;
- (b) bars;
- (c) food service establishments, except as provided in Public Health Law § 1399-q;
- (d) enclosed indoor areas open to the public containing a swimming pool;
- (e) public means of mass transportation, including subways, underground subway stations, and when occupied by passengers, buses, vans, taxicabs and limousines;
- (f) ticketing, boarding and waiting areas in public transportation terminals;
- (g) youth detention centers and facilities;
- (h) any facility that provides child care services;
- (i) child day care centers;
- (j) group homes for children;
- (k) public institutions for children;
- (l) residential treatment facilities for children and youth;
- (m) all public and private colleges, universities and other educational and vocational institutions, including dormitories, residence halls, and other group residential facilities that are owned or operated by such colleges, universities and other educational and vocational institutions, except that these restrictions do not apply in any off-campus residential unit occupied by a person who is not enrolled as an undergraduate student in such college, university or other educational or vocational institution;
- (n) general hospitals and residential health care facilities;
- (o) commercial establishments used for the purpose of carrying on or exercising any trade, profession, vocation or charitable activity;
- (p) indoor arenas;
- (q) zoos; and
- (r) bingo facilities.

In addition, smoking or vaping of cannabis is not permitted in the following outdoor areas:

- (a) ticketing, boarding or platform areas of railroad stations operated by the MTA;
- (b) on the grounds of hospitals and residential health care facilities or within 15 feet of a building entrance or exit.

Pursuant to Penal Law § 222.10 and Public Health Law Article 13-E, individuals may not smoke or vape cannabis on school grounds (as defined by Education Law 1125(10)), within 100 feet of entrance, exit or outdoor areas of an elementary or secondary school or of a public library (except this does not apply to smoking or vaping in a residence or within the real property boundary lines of residential real property), or in or on a school bus.

New York Courts have ruled that local governments are not preempted from imposing their own local smoking and vaping restrictions that are more stringent than what is mandated under Public Health Law Article 13-E (the “Clean Air Act”). Additionally, NYS Public Health Law § 1399-r provides in relevant part that “Nothing herein shall be construed to restrict the power of any county, city, town, or village to adopt and enforce additional local law, ordinances, or regulations which comply with at least the minimum applicable standards set forth in this article.”

Moreover, local governments may impose their own smoking and vaping restrictions for property owned or controlled by the municipality, including parks and playgrounds.

Local Officials’ Interest in Cannabis Operations

Cannabis Law § 137 prohibits any chief of police, police officer or subordinate of any police department in New York from having an interest, either directly or indirectly, in the cultivation, processing, distribution, or sale of cannabis products, or from offering for sale or recommending to any registered organization or licensee any cannabis products. This prohibition does not apply to the spouse or domestic partner of such an official. Elected village officials are not subject to these limitations unless they are assigned duties directly relating to the operation or management of the police department. This restriction is similar to NYS Alcoholic Beverage Control Law § 128, which prohibits police officers and village officials who manage the police department from having an interest in the manufacture or sale of alcoholic beverages.

Employer Concerns

The MRTA bars employers from discriminating against individuals for cannabis use (See Labor Law § 201-d). However, the MRTA amends Labor Law § 201-d to provide that notwithstanding its prohibitions against discrimination, employers are not be barred from discharging or disciplining an employee (a) if doing so is mandated by State or federal statute or regulation (e.g., CDL requirements) or (b) if the employee is impaired while on the job.

Illegal Possession, Use, and Sale of Cannabis

While the MRTA legalizes adult-use cannabis, it does impose penalties for activities that are not authorized by the Cannabis Law or the Penal Law. Individuals under the age of 21 who are found to be in possession of cannabis or cannabis products are subject to a \$50 civil penalty (Cannabis Law § 132). Additionally, Article 222 of the Penal Law makes possessing or selling various amounts of cannabis and cannabis concentrate subject to various penalties.

Licensees are subject to civil penalties and license suspension and revocation for myriad violations.

Expungement of Records

The MRTA provides extensive procedures for expunging criminal records for many previous cannabis related convictions. The NYS Division of Criminal Justice Services and the Office of Court Administration will be promulgating rules and guidance to facilitate expunging these convictions and the handling of any records related thereto.

What is in the Law

Local Governments

Overview

On March 31, 2021, Governor Andrew Cuomo signed the Marijuana Regulation & Taxation Act legalizing adult-use cannabis (also known as marijuana, or recreational marijuana) in New York State. The legislation creates a new Office of Cannabis Management (OCM) governed by a Cannabis Control Board to oversee and implement the law (collectively referred to as “OCM”). The OCM will issue licenses and develop regulations outlining how and when business can participate in the new industry. The OCM will also oversee the State’s existing Medical Marijuana Program and Cannabinoid Hemp Program, previously regulated by the Department of Health.

The information below is a collection of key provisions from the MRTA which impact local governments and local officials. For additional information or to contact the Office of Cannabis Management, please visit our website at: www.cannabis.ny.gov or e-mail us at: info@cannabis.ny.gov.

Local Opt-out

Cities, towns, and villages can opt-out of allowing adult-use cannabis retail dispensaries or on-site consumption licenses from locating within their jurisdictions; however, municipalities cannot opt-out of adult-use legalization. Possession and use of cannabis by adults 21 years of age or older is legal in New York State.

To opt-out of allowing adult-use cannabis retail dispensaries or on-site consumption licenses, a municipality must pass a local law by December 31, 2021. This means that if a municipality has already passed a local law or resolution prohibiting adult-use cannabis licensees from operating in its jurisdiction, the municipality will have to pass a new local law conforming to the opt-out requirements outlined in the MRTA if the municipality still chooses to opt-out.

If a municipality does not opt-out by December 31, 2021, the municipality will be unable to opt-out at a future date. However, at any time a municipality may opt back in, to allow adult-use retail dispensaries and/or on-site consumption licenses, by repealing the local law which established the prohibition.

A municipality may choose to opt-out of both adult-use retail dispensaries and on-site consumption licenses or just one type of license (e.g. allow retail dispensaries but not on-site consumption licenses). Municipalities are prohibited from opting out of other adult-use license types from locating or operating within their jurisdiction. Additionally, municipalities are prohibited from opting out of medical cannabis or cannabinoid hemp license types. If a town passes a local law to opt-out, it only affects the area of the town outside of any village within the town. County governments are not permitted to opt-out of any adult-use license types.

Any local law opting out of adult-use retail dispensaries or on-site consumption licenses will be subject to a permissive referendum as outlined in section 24 of the Municipal Home Rule Law. This allows voters within the municipality to petition whether or not to approve the local law.

Local Control and Preemption

Except for the opt-out provision described in the section above, all municipalities including counties, are preempted from adopting any law, rule, ordinance, regulation, or prohibition pertaining to the operation or licensure of adult-use cannabis, medical cannabis or cannabinoid hemp licenses.

However, towns, cities and villages are permitted to pass local laws and regulations governing the time, place and manner of adult-use retail dispensaries and on-site consumption licenses, provided such laws and regulations do not make the operation of the license unreasonably impracticable. For example, cities, towns, and villages may pass laws and regulations pertaining to local zoning and the location of licensees, hours of operations and adherence to local building codes. Municipalities may not issue or require local licenses for cannabis businesses.

Notification to municipalities

At least 30 days prior to applying for an adult-use retail dispensary or on-site consumption license, an applicant must notify the municipality of the applicant's intent to apply for such license. The notification must be made to the clerk of the village, town, or city, or if in the city of New York, the community board in which the proposed premise is located. When the municipality expresses an opinion for or against the granting of the license, the opinion shall be deemed part of the record and used by the OCM to determine whether to grant or deny the application. The Cannabis Control Board must then respond in writing to the city, town, village, or community board, with an explanation of how such opinion was considered in the granting or denial of an application.

Adult-Use Taxation

The MRTA establishes three taxes on adult-use cannabis. First, there is a tax imposed on the distributor based on the milligrams (mg) of total THC in the product. There are different rates of tax depending on the cannabis product form.

- Edibles (e.g. food and beverages) are taxed at \$0.03 per mg of total THC
- Concentrates (e.g. vaporization oil, wax, shatter, and resin) are taxed at \$0.008 per mg of total THC
- Cannabis flower (e.g. loose flower, pre-rolls, or shake) are taxed at \$.0005 per mg of total THC

The mg per total THC tax accrues at the sale from a distributor to a retail dispensary and is paid to the State by the distributor. If the distributor is also the licensed retailer, such as a microbusiness or registered organization, the tax accrues at the time of the retail sale.

Second, there is a state excise tax imposed on the sale of cannabis products by a retail dispensary to a cannabis consumer at 9 percent of the products' price.

Third, there is a local excise tax imposed on the sale of cannabis products by a retail dispensary to a cannabis consumer at four (4) percent of the products' price. This tax is distributed to local governments based on where the retail dispensary is located. Twenty-five (25) percent of the tax revenue goes to the county and seventy-five (75) percent goes to the cities, town, or villages within the county as a proportion of cannabis sales. If a town and a village within the town both allow adult-use sales, the revenue shall be distributed based upon a distribution agreement between the town and village. If no such agreement exists, then the revenue distribution between the town and village shall be divided evenly.

Adult-Use Tax Revenue Distribution

All adult-use cannabis taxes are deposited in the New York State Cannabis Revenue Fund. First, the Cannabis Revenue Fund covers the costs of administering the cannabis programs and the implementing the MRTA, including costs to the OCM's operating costs, increasing Drug Recognition Expert training, and implementing incubators and workforce development for social and economic equity applicants.

After upfront costs, the remaining tax revenue is distributed into three separate funds:

- 40% to the State Lottery Fund for education
- 40% to the Community Grants Reinvestment Fund to issue grants to non-profit and community-based organizations in communities disproportionately impacted by cannabis prohibition, and other social equity initiatives.
- 20% to the Drug Treatment and Public Education Fund to development and implement statewide public education campaigns and provide substance use disorder treatment programs for youth and adults.

Public Consumption (Smoking)

The legislation adds cannabis to the existing Clean Indoor Air Act (CIAA), which establishes prohibitions on where cannabis can be smoked or vaporized. The smoking or vaporizing of cannabis is prohibited anywhere smoking tobacco is prohibited. Cannabis cannot be consumed when operating a motor vehicle. Pursuant to the CIAA, municipalities are authorized to make laws that are more restrictive than the CIAA.

Home Cultivation of Cannabis

New Yorkers 21 years of age and older can grow up to 6 cannabis plants in their home for personal use (3 mature plants and 3 immature plants) and a maximum of twelve plants per household (6 mature plants and 6 immature plants). ***Please be aware the home cultivation of cannabis is not allowed immediately.*** Pursuant to the MRTA, the home cultivation of cannabis is only permitted after the OCM issues regulations governing home cultivation of cannabis, which will occur within 18 months of the first adult-use retail sale. The MRTA also permits the home cultivation of medical cannabis for certified patients registered in the Medical Cannabis Program. Home cultivation for certified patients has an accelerated timeline, but is not authorized until the OCM issues regulations, which will occur on or before September 30, 2021.

- Cannabis plants must be kept in a secure place and not accessible to any person under 21.
- Home cultivated cannabis cannot be sold to anyone and is only intended for personal use.
- The use of compressed gas solvents, such as propane or butane, to process or extract home cultivated cannabis, will not be allowed.
- Local municipalities may enact and enforce regulations relating to home cultivation of cannabis, provided no municipality may completely ban or prohibit home cultivation.

Personal Possession

Adults over 21 can possess up to 3 ounces of cannabis and 24 grams of concentrated cannabis (like vaporization oil or an edible). Personal possession over the legal limit and the unauthorized sale of any amount of cannabis is illegal and subject to penalties.

3/1/2021

Jeffrey Bencik
Director of Finance
Town of Orangetown, New York

Dear Mr. Bencik:

Congratulations!

We are pleased to notify you that your comprehensive annual financial report for the fiscal year ended December 31, 2019 has met the requirements to be awarded GFOA's Certificate of Achievement for Excellence in Financial Reporting. The GFOA established the Certificate of Achievement for Excellence in Financial Reporting Program (Certificate Program) in 1945 to encourage and assist state and local governments to go beyond the minimum requirements of generally accepted accounting principles to prepare comprehensive annual financial reports that evidence the spirit of transparency and full disclosure and then to recognize individual governments that succeed in achieving that goal. The Certificate of Achievement is the highest form of recognition in governmental accounting and financial reporting. Congratulations, again, for having satisfied the high standards of the program.

Your electronic award packet contains the following:

- **A "Summary of Grading" form and a confidential list of comments and suggestions for possible improvements.** We strongly encourage you to implement the recommended improvements in your next report. Certificate of Achievement Program policy requires that written responses to these comments and suggestions for improvement be included with your 2020 fiscal year end submission. If a comment is unclear or there appears to be a discrepancy, please contact the Technical Services Center at (312) 977-9700 and ask to speak with a Certificate of Achievement Program in-house reviewer.
- **Certificate of Achievement.** A Certificate of Achievement is valid for a period of one year. A current holder of a Certificate of Achievement may reproduce the Certificate in its immediately subsequent comprehensive annual financial report. Please refer to the instructions for reproducing your Certificate in your next report.
- **Award of Financial Reporting Achievement.** When GFOA awards a government the Certificate of Achievement for Excellence in Financial Reporting, we also present an Award of Financial Reporting Achievement (AFRA) to the department identified in the application as primarily responsible for achievement of the Certificate.
- **Sample press release.** Attaining this award is a significant accomplishment. Attached is a sample news release that you may use to give appropriate publicity to this notable achievement.

In addition, award recipients will receive via mail either a plaque (if first-time recipients or if the government has received the Certificate ten times since it received its last plaque) or a brass medallion to affix to the plaque (if the government currently has a plaque with space to affix the medallion). Plaques and medallions will be mailed separately.

As an award-winning government, we would like to invite one or more appropriate members of the team that put together your comprehensive annual financial report to apply to join the Special Review Committee. As members of the Special Review Committee, peer reviewers get exposure to a variety of reports from around the country; gain insight into how to improve their own reports; achieve professional recognition; and provide valuable input that helps other local governments improve their reports. Please see our website for [eligibility requirements](#) and [information on completing an application](#).

Thank you for participating in and supporting the Certificate of Achievement Program. If we may be of any further assistance, please contact the Technical Services Center at (312) 977-9700.

Sincerely,

A handwritten signature in black ink that reads "Michele Mark Levine". The signature is written in a cursive, flowing style.

Subject: Light Repairs

Importance: High

Hi Allison,

Thank you for going over our repair list with me this afternoon.

Per our discussion we had a total of 147 requests from Orangetown in 2020. Thirteen of these calls were not considered a repair for a light out and did not count against the 100 per contract year. **(3 -new installs, 5-transers , 5-repeat trips)** This leaves us with an overage of 34 repairs for a light out in 2020.

We have billed the contract in full for 2020; however, due to the overage we are still in the red. Any repair beyond the 100 per year would be considered T&M work. Obviously, this can become costly and we would suggest increasing the contract to accommodate 150 lights per contract year to cover any overage.

As it stands if we're to charge T&M rates for the 34 overages at (1) hour per overage for a 2-man crew with a bucket truck that would invoice as follows:

2- man crew at \$210.00 per hour for (34) hrs = \$7,140.00
Bucket Truck at \$75.00 per hour for (34) hours = \$2,550.00
Total: \$9,690.00

Rather, we would like to reduce this to the following:

1-man crew at \$140.00 per hour for (34) hrs = \$4,760.00
Bucket Truck at \$50.00 per hour for (34) hours = \$1,700.00
Total: \$6,460.00

We would also like to work out a new contract agreement for 2021, increasing the light repairs to 150 per contract year to avoid this situation in the future. We would suggest increasing the contract value to \$32,100.00 per year to accommodate this increase. Please speak with your attorney and let me know if this would be acceptable.

Thank you,

Dawn Dunn

Partnering with you to deliver value-driven solutions

Every day, we transform the environments where people live, work, learn and play. From optimizing building performance to improving safety and enhancing comfort, we are here to power your mission.

A Planned Service Agreement with Johnson Controls provides you with a customized service strategy designed around the needs of your facility. Our approach features a combination of scheduled, predictive and preventative maintenance services that focus on your goals.

As your building technology services partner, Johnson Controls delivers an unmatched service experience delivered by factory-trained, highly skilled technicians who optimize operations of the buildings we work with, creating productive and safe environments for the people within.

By integrating our service expertise with innovative processes and technologies, our value-driven planned service solutions deliver sustainable results, minimize equipment downtime and maximize occupant comfort.

Executive summary

Planned service proposal for ORANGETOWN TOWN HALL

Dear Teresa Kenny,

We value and appreciate your interest in Johnson Controls as a service provider for your building systems and are pleased to provide a value-driven maintenance solution for your facility. The enclosed proposal outlines the Planned Service Agreement we have developed on your facility.

Details are included in the Planned Service Agreement summary (Schedule A), but highlights are as follows:

- In this proposal we are offering a service agreement for 1 Year starting 08/01/2021 and ending 07/31/2022.
- The agreement price for first year is \$3,665.00; see Schedule A, Supplemental Price and Payment Terms, for pricing in subsequent years.
- The equipment options and number of visits being provided for each piece of equipment are described in Schedule A, Equipment list.
- This proposal is in accordance with Sourcewell Agreement # 030817-JHN.

As a manufacturer of both mechanical and controls systems, Johnson Controls has the expertise and resources to provide proper maintenance and repair services for your facility.

Again, thank you for your interest in Johnson Controls and we look forward to becoming your building technology services partner.

Please contact me if you have any questions.

Sincerely,

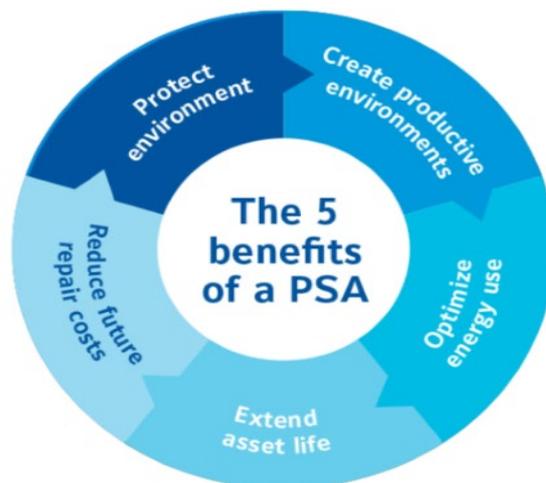

Keith Reece
Service Manager
(866) 854-4572

The power behind your mission

Benefits of planned service

A Planned Service Agreement with Johnson Controls will allow you to optimize your building's facility performance, providing dependability, sustainability and energy efficiency. You'll get a value-driven solution that fits your specific goals, delivered with the attention of a local service company backed by the resources of a global organization.

With this Planned Service Agreement, Johnson Controls can help you achieve the following five objectives:

- 1. Identify energy savings Opportunities**

Since HVAC equipment accounts for a major portion of a building's energy usage, keeping your system performing at optimum levels may lead to a significant reduction in energy costs.

- 2. Reduce future repair costs**

Routine maintenance may maximize the life of your equipment and may reduce equipment breakdowns.

- 3. Extend asset life**

Through proactive, factory-recommended maintenance, the life of your HVAC assets may be extended, maximizing the return on your investment.

- 4. Ensure productive environments**

Whether creating a comfortable place where employees can be productive or controlling a space to meet specialized needs, maintenance can help you achieve an optimal environment for the work that is being accomplished

- 5. Promote environmental health and safety**

When proper indoor conditions and plant requirements are maintained, business outcomes may be improved by minimizing sick leave, reducing accidents, minimizing greenhouse gas emissions and managing refrigerant requirements.

All of the services we perform on your equipment are aligned with "The 5 Values of Planned Maintenance" and our technicians understand how the work they perform can help you accomplish your business objectives.

Our partnership

Personalized account management

A Planned Service Agreement also provides you with the support of an entire team that knows your site and can closely work with you on budget planning and asset management. Your local Johnson Controls account management team can help guide planned replacement, energy retrofits and other building improvement projects. You'll have peace of mind that an entire team of skilled professionals will be looking out for what is best for your facility and budget.

A culture of safety

Johnson Controls technicians take safety seriously and personally, and integrate it into everything they do. All of our technicians participate in regular and thorough safety training. Because of their personal commitment, we are a leader in the HVAC service industry for workplace safety performance. This means that you do not have to worry about us when we are on your site.

Commitment to customer satisfaction

Throughout the term of your Planned Service Agreement, we will periodically survey you and use your feedback to continue to make improvements to our service processes and products. Our goal is to deliver the most consistent and complete service experience possible. To meet this goal, we've developed and implemented standards and procedures to ensure you receive the ultimate service experience – every time.

Energy & sustainability

A more sustainable world one building at a time – Johnson Controls is a company that started more than 125 years ago with a product that reduced energy use in buildings. We've been saving energy for customers ever since. Today, Johnson Controls is a global leader in creating smart environments where people live, work and play, helping to create a more comfortable, safe and sustainable world.

The value of integrity

Johnson Controls has a long, proud history of integrity. We do what we say we will do and stand behind our commitments. Our good reputation builds trust and loyalty. In recognition for our commitment to ethics across our global operations, we are honored to be named one of the World's Most Ethical Companies by Ethisphere Institute, a leading think tank dedicated to business ethics and corporate social responsibility. In addition, Corporate Responsibility Magazine recognizes Johnson Controls as one of the top companies in its annual "100 Best Corporate Citizens" list.

Service delivery

As part of the delivery of this Planned Service Agreement, Johnson Controls will dedicate a local customer service agent responsible for having a clear understanding of the agreement scope, and your facility procedures and protocols.

A high-level overview around our service delivery process is outlined below including scheduling, emergency service, on-site paperwork, communication and performing repairs outside of the agreement scope.

Scheduling

Preventative maintenance service will be scheduled using our automated service management system. In advance of the scheduled service visit, our technician is sent a notice of service to a smartphone. Once the technician acknowledges the request, your customer service agent will call or e-mail your on-site contact to let you know the start date and type of service scheduled.

The technician checks in, wears personal protective equipment, performs the task(s) as assigned, checks out with you and asks for a screen capture signature on the smartphone device. A work order is then e-mailed, faxed or printed for your records.

Emergency services

Emergency service can be provided 7 days a week, 24 hours a day, 365 days a year. During normal business hours, emergency service will be coordinated by the customer service agent. After hours, weekends and holidays, the emergency service number transfers to the Johnson Controls after-hours call center and on-call technicians are dispatched as needed.

Johnson Controls is committed to dispatching a technician within hours of receiving your call through the service line. A work order is e-mailed, faxed or printed for your records. Depending on the terms of your agreement, you may incur charges for after hour services.

Communication

A detailed communication plan will be provided to you so you know how often we will provide information to you regarding your Planned Service Agreement. The communication plan will also provide you with your main contacts at Johnson Controls.

Approval process for non-covered items

Johnson Controls will adhere to your procurement process. No work will be performed outside of the agreement scope without prior approval. Johnson Controls will work with you closely to ensure your procurement process is followed before any non-covered item work is started.

Summary of services and options

Comprehensive and operational inspections

During comprehensive and operational inspections, Johnson Controls will perform routine checks of the equipment for common issues caused by normal wear and tear on the equipment. Additional tests can be run to confirm the equipment's performance.

Routine maintenance, such as lubrication, cleaning and tightening connections, can be performed depending on the type of equipment being serviced. Routine maintenance is one of the keys to the five values of maintenance – it can help identify energy saving opportunities, reduce future repair costs, extend asset life, ensure productive environments, and promote health and safety.

Summary

Thank you for considering Johnson Controls as your building technology services partner. The following agreement document includes all the details surrounding your Planned Service Agreement.

With planned service from Johnson Controls, you'll get a value-driven solution that can help optimize your building controls and equipment performance, providing dependability, sustainability and energy efficiency. You'll get a solution that fits your specific goals, delivered with the attention of a local service company backed by the resources of a global organization.

The power behind **your mission**

Planned Service Agreement

Customer Name : ORANGETOWN TOWN HALL
Address: 81 HUNT RD ORANGEBURG,NY 10962-2517
Proposal Date: 04/09/2021
Estimate #: 1-1AFT9L5U

Scope of Service

Johnson Controls, Inc. ("JCI") and the Customer (collectively the "Parties") agree Preventative Maintenance Services, as defined in Schedule A ("Services"), will be provided by JCI at the Customer's facility. This Planned Service Agreement, the Equipment List, Supplemental Price and Payment Terms, Terms and Conditions, and Schedules attached hereto and incorporated by this reference as if set forth fully herein (collectively the "Agreement"), cover the rights and obligations of both the Customer and JCI.

Extended Service Options for Premium Coverage

If Premium Coverage is selected, on-site repair services to the equipment will be provided as specified in this Agreement for the equipment listed in the attached Equipment List.

Equipment List

Only the equipment listed in the Equipment List will be covered as part of this Agreement. Any changes to the Equipment List must be agreed upon in writing by both Parties.

Term / Automatic Renewal

This Agreement takes effect on 08/01/2021 and will continue until 07/31/2022 ("Original Term"). The Agreement will automatically renew on a year-to-year basis after the Original Term ends unless the Customer or JCI gives the other written notice it does not want to renew. The notice must be delivered at least (45) days prior to the end of the Original Term or of any renewal period. The Original Term and any renewal periods are sometimes collectively referred to in this Agreement as the "Term". Renewal price adjustments are discussed in the Terms and Conditions.

Refrigerant Charges

Refrigerant is not included under this Agreement and will be billed separately to the Customer by JCI.

Price and Payment Terms

The total Contract Price for JCI's Services during the 1st year of the Original Term is \$3,665.00. This amount will be paid to JCI in Quarterly installments. Pricing for each subsequent year of a multiyear original term is set forth in the Supplemental Price and Payment Terms. All payments will be due and payable within 30 days of the invoice date and such timely payment by Customer shall be a condition precedent to JCI's obligation to perform its Services. A penalty of one and a half percent (1.5%) of the amount due per month shall accrue for payments received after the payment due date. Renewal price adjustments are set forth in the Terms and Conditions.

Invoices will be sent to the following location:

TOWN OF ORANGETOWN
 81 HUNT ROAD
 ORANGEBURG,NY 10962

In lieu of paper invoices sent to the location above, invoices should be emailed to the following email address: _____

This proposal is valid for thirty days from the proposal date.

Terms and Conditions
Definitions

CONNECTED EQUIPMENT SERVICES means a data-analytics and monitoring Software platform that uses a cellular or network connection to gather equipment performance data to assist JCI in advising Customer on such equipment's health, performance or potential malfunction.

CONTRACT PRICE means the price that Customer shall pay to JCI for the Services.

COVERED EQUIPMENT means the equipment for which Services are to be provided under this Agreement. Covered Equipment is set forth in Schedule A - Equipment List.

EQUIPMENT FAILURE means the failure, under normal and expected working conditions, of moving parts or electric or electronic components of the Covered Equipment that are necessary for its operation.

PREMISES means those Customer premises where the Covered Equipment is located or Services performed pursuant to this Agreement.

REMOTE MONITORING SERVICES means remote monitoring of Covered Equipment and/or systems including building automation, HVAC equipment, and fire alarm, intrusion, and/or other life safety systems for alarm and event notifications using a UL Certified Central Station.

REMOTE OPERATIONS CENTER (ROC) is the department at JCI that remotely monitors alarm and industrial (HVAC) process signals.

REMOTE OPERATING SERVICES means remote interrogation, modification and/or operation of building automation, HVAC equipment, and/or other Covered Equipment.

REPAIR LABOR is the labor necessary to restore Covered Equipment to working condition following an Equipment Failure, but does not include services relating to total equipment replacement due to obsolescence or unavailability of parts.

REPAIR MATERIALS are the parts and materials necessary to restore Covered Equipment to working condition following an Equipment Failure, but excludes total equipment replacement due to obsolescence or unavailability of parts, unless excluded from the Agreement. At JCI's option, Repair Materials may be new, used, or reconditioned.

SCHEDULED SERVICE MATERIALS are the materials required to perform Scheduled Service Visits on Covered Equipment, unless excluded from the Agreement.

SCHEDULED SERVICE VISITS are the on-site labor visits required to perform JCI recommended inspections and preventive maintenance on Covered Equipment.

SERVICES are the work, materials, labor, service visits, and repairs to be provided by JCI pursuant to this Agreement except that the Services do not include the Connected Equipment Services or the provision of other software products or digital or cloud services, which are provided under separate terms and conditions referenced in Section P.

A. JCI'S SERVICES FOR COVERED EQUIPMENT

1. BASIC COVERAGE means Scheduled Service Visits, plus Scheduled Service Materials (unless excluded from this Agreement). No parts, equipment, Repair Labor or Repair Materials are provided for under BASIC COVERAGE.

2. PREMIUM COVERAGE means BASIC COVERAGE plus Repair Labor, plus Repair Materials (unless excluded from the Agreement). If Customer has ordered PREMIUM COVERAGE, JCI will inspect the Covered Equipment within forty-five (45) days of the date of this Agreement, or as seasonal or operational conditions permit. JCI will then advise Customer if JCI finds any Covered Equipment not in working order or in need of repair. With Customer's approval, JCI will perform the work necessary to put the Covered Equipment in proper working condition, subject to the terms of this Agreement. Customer will pay for such work at JCI's standard rates for parts and labor in effect at the time that the work is performed. If Customer does not want JCI to perform the work identified as necessary by JCI, any equipment thereby affected will be removed from the list of Covered Equipment, and the Contract Price will be adjusted accordingly. Should Customer not make JCI's recommended repairs or proceed with the modified PREMIUM COVERAGE, JCI reserves the right to invoice Customer for the cost of the initial equipment inspection.

3. EXTENDED SERVICE means Services performed outside JCI's normal business hours and is available only if Customer has PREMIUM COVERAGE. Extended Service is available either 24/5 or 24/7, at Customer's election. The price for Extended Service, if chosen by Customer, is part of the total Contract Price.

4. JCI CONNECTED EQUIPMENT SERVICES. Certain equipment sold hereunder includes by default JCI's Connected Equipment Services. **If Customer's equipment includes Connected Equipment Services, such services will be on by default and the remote connection will continue to connect to Customer's Equipment through the full equipment lifecycle, unless Customer specifically requests in writing that JCI disable the remote connection or JCI discontinues or removes such remote connection.** For more information on whether your particular equipment includes Connected Equipment Services, a subscription to such services and the cost, if any, of such subscription, please see your applicable order, quote, proposal, or purchase documentation or talk to your JCI sales representative. If Customer's equipment includes Connected Equipment Services, JCI will provide a cellular modem or other gateway device ("Gateway Device") owned by JCI or Customer will supply a network connection suitable to establish a remote connection with Customer's applicable equipment to permit JCI to use Connected Equipment Services to perform first-year and extended warranty services as well as other services, including troubleshooting, quarterly health reports, remote diagnostic and

Johnson Controls Planned Service Proposal

Prepared for ORANGETOWN TOWN HALL

monitoring and aftermarket services. For certain subscriptions, Customer will be able to access equipment information from a mobile or smart device using Connected Equipment Service's mobile or web app. Any Gateway Devices provided hereunder shall remain JCI's property, and JCI may upon reasonable notice access and remove such Gateway Device and discontinue services in accordance with the Software Terms. If Customer does not permit JCI to connect via a connection validated by JCI for the equipment or the connection is disconnected by Customer, and a service representative must therefore be dispatched to the Customer site, then the Customer will pay JCI at JCI's then-current standard applicable contract regular time and/or overtime rate for services performed by the service representative. **Customer acknowledges that, while Connected Equipment Services generally improve equipment performance and services, Connected Equipment Services does not prevent all potential malfunction, insure against all loss or guarantee a certain level of performance and that JCI shall not be responsible for any injury, loss, or damage caused by any act or omission of JCI related to or arising from the monitoring of the equipment under Connected Equipment Services.**

5. REMOTE MONITORING SERVICES OR REMOTE OPERATING SERVICES. If Remote Monitoring Services or Remote Operating Services are provided, Customer agrees to furnish JCI with a list of the names, titles, addresses, email addresses, and phone numbers of all persons authorized to be contacted by, or be able to contact the ROC to perform specific agreed upon actions with the appropriate authority. If JCI's Services include "Remote Monitoring Services with Open and Close," Customer also agrees to furnish JCI with Customer's daily and holiday opening and closing schedules. Customer agrees to maintain and update the call lists with accurate information. Customer further agrees to notify JCI of such changes as soon as possible. JCI/ROC is not responsible to find new contacts/numbers if the contacts on the call lists cannot be reached. A maximum of three contacts are allowed for any time of the day. If none of those contacts can be reached, then neither JCI nor the ROC are responsible for damages. Customer is responsible for any and all costs and expenses arising from Customer's failure to provide timely updates for any of the contact information submitted to the ROC.

6. CUSTOMER SERVICE INFORMATION PORTAL. Customer may be able to utilize JCI's Customer Service Information Portal during the term of the Agreement, pursuant to the then applicable Terms of Use Agreement.

B. OUT OF SCOPE SERVICES

If, during any Service Visit, JCI detects a defect in any of Customer's equipment that is not Covered Equipment under this Agreement (an "Out of Scope Defect"), JCI may (but shall have no obligation to) notify Customer of such Out of Scope Defect. If Customer elects for JCI to repair such Out of Scope Defect, or if JCI otherwise performs any Services or provides any materials, parts, or equipment outside the scope of the Services (collectively, "Out of Scope Services"), Customer shall direct JCI to perform such Out of Scope Services in writing, and Customer shall pay for such Out of Scope Services at JCI's standard fees or hourly rates. If, after receiving notice of an Out of Scope Defect, Customer elects not to engage JCI to repair such Out of Scope Defect, Customer shall defend and indemnify JCI from and against any and all losses, damages, claims, costs and expenses arising directly or indirectly out of such Out of Scope Defect. Any Out of Scope Services performed by JCI at the direction of Customer pursuant to this Section shall be subject to the terms of this Agreement.

C. EXCLUSIONS

JCI's Services and warranty obligations expressly exclude:

- (a) the repair or replacement of ductwork, casings, cabinets, structural supports, tower fill/slats/basin, hydronic and pneumatic piping, and vessels, gaskets, and piping not normally replaced or maintained on a scheduled basis, and removal of oil from pneumatic piping;
- (b) disposal of hazardous wastes (except as otherwise expressly provided herein);
- (c) disinfecting of chiller condenser water systems and other components for biohazards, such as but not limited to, Legionella unless explicitly set forth in the scope of services between the parties. Unless explicitly provide for within the scope of services, this is Out of Scope Services and the Customer's exclusive responsibility to make arrangements for such services with a provider other than JCI. Mentions of chiller tube cleaning, condenser cleaning, cooling tower cleaning or boiler tube cleaning in any scope of services, only involve work to remove normal buildup of debris and scale using tube brush cleaning, pressure washing or acid flushing. Reference to such cleaning does not include chemical cleaning, disinfection or chemical water treatment required to eliminate, control or disinfect against biohazards such as but not limited to Legionella;
- (d) refrigerant; supplies, accessories, or any items normally consumed during the use of Covered Equipment, such as ribbons, bulbs and paper;
- (e) the furnishing of materials and supplies for painting or refinishing equipment;
- (f) the repair or replacement of wire in conduit, buried cable/transmission lines, or the like, if not normally replaced or maintained on a scheduled basis;
- (g) replacement of obsolete parts; and
- (h) damages of any kind, including but not limited to personal injury, death, property damage, and the costs of repairs or service resulting from:
 - abuse, misuse, alterations, adjustments, attachments, combinations, modifications, or repairs to Covered Equipment not performed, provided, or approved in writing by JCI;
 - equipment not covered by this Agreement or attachments made to Covered Equipment;
 - acts or omissions of the Customer, including but not limited to the failure of the Customer to fulfill the Customer Obligations and Commitments to JCI as described in Section F of this Agreement, operator error, Customer's failure to conduct preventive maintenance, issues resulting from Customer's previous denial of JCI access to the Covered Equipment, and Customer's failure to keep the site clean and free of dust, sand, or other particles or debris, unless such conditions are previously expressly acknowledged by JCI in writing;
 - use of the Covered Equipment in a manner or environment, or for any purpose, for which it was not designed by the manufacturer;
 - site-related and environmental conditions, including but not limited to power failures and fluctuations in electrical current (or "power surges") and biohazards such as but not limited to Legionella associated with condenser water, cooling tower systems and subcomponent systems;
 - the effects of erosion, corrosion, acid cleaning, or damage from unexpected or especially severe freezing weather;

- issues or failures not specifically covered by this Agreement; or
- occurrences beyond JCI's reasonable control and without JCI's fault or negligence.

D. PAYMENT TERMS; PRICE ADJUSTMENTS

Unless otherwise agreed to by the parties, fees and other amounts due hereunder are due upon receipt of the invoice. Such payment is a condition precedent to JCI's obligation to perform Services under the Agreement. Any invoice disputes must be identified in writing by Customer within 21 days of the date of invoice. Payments of any disputed amounts are due and payable upon resolution. Failure by Customer to make payments when due will give JCI, without prejudice to any other right or remedy, the right to: (i) to stop performing any Services, withhold deliveries of Equipment and other materials, terminate or suspend any software licenses provided hereunder and/or terminate this Agreement; and (ii) charge Customer interest on the amounts unpaid at a rate equal to the lesser of one and one-half (1.5) percent per month or the maximum rate permitted under applicable law, until payment is made in full. Customer will pay all of JCI's reasonable collection costs (including legal fees and expenses). In the event of Customer's default, the balance of any outstanding amounts will be immediately due and payable.

JCI may increase prices upon notice to the Customer to reflect increases in material and labor costs. If this Agreement is renewed, JCI will provide Customer with notice of any adjustments in the Contract Price applicable to any Renewal Term. Unless Customer terminates this Agreement in writing at least ninety (90) days prior to the end of the then-current Term, the adjusted Contract Price shall be the price for the Renewal Term.

E. WARRANTIES

JCI warrants its Services will be provided in a good and workmanlike manner for 90 days from the date of Services. If JCI receives written notice of a breach of this warranty prior to the end of this warranty period, JCI will re-perform any non-conforming Services at no additional charge within a commercially reasonable time of the notification.

JCI warrants that equipment manufactured or labeled by Johnson Controls, Inc. shall be free from defects in material and workmanship arising from normal usage for a period of 90 days. No warranty is provided for third-party products and equipment installed or furnished by JCI. Such products and equipment are provided with the third party manufacturer's warranty to the extent available, and JCI will transfer the benefits, together with all limitations, of that manufacturer's warranty to Customer. All transportation charges incurred in connection with the warranty for equipment and/or materials not covered under this Agreement shall be borne by Customer. Except as provided herein, if JCI receives written notice of a breach of this warranty prior to the end of this warranty period, JCI will repair or replace (at JCI's option) the defective equipment.

These warranties do not extend to any Services or equipment that have been misused, altered, or repaired by Customer or third parties without the supervision of and prior written approval of JCI, or if JCI serial numbers or warranty decals have been removed or altered. All replaced parts or equipment shall become JCI's property. This warranty is not assignable. Warranty service will be provided during normal business hours, excluding holidays. The remedies set forth herein shall be Customer's sole and exclusive remedy with regards to any warranty claim under this Agreement. Any lawsuit based upon the warranty must be brought no later than one (1) year after the expiration of the applicable warranty period. This limitation is in lieu of any other applicable statute of limitations. **CUSTOMER FURTHER ACKNOWLEDGES AND AGREES THAT THESE WARRANTIES ARE JCI'S SOLE WARRANTIES AND TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.** JCI makes no and specifically disclaims all representations or warranties that the services, products, software or third party product or software will be secure from cyber threats, hacking or other similar malicious activity, or will detect the presence of, or eliminate, prevent, treat, or mitigate the spread, transmission, or outbreak of any pathogen, disease, virus or other contagion, including but not limited to COVID 19.

F. CUSTOMER OBLIGATIONS AND COMMITMENTS TO JCI

1. Customer warrants it has given JCI all information concerning the condition of the Covered Equipment. The Customer agrees and warrants that, during the Term of this Agreement, Customer will:

- (1) operate the Covered Equipment according to the manufacturer's and/or JCI's recommendations;
- (2) keep accurate and current work logs and information about the Covered Equipment as recommended by the manufacturer and/or JCI;
- (3) provide an adequate environment for Covered Equipment as recommended by the manufacturer and/or JCI, including, but not limited to adequate space, electrical power, water supply, air conditioning, and humidity control;
- (4) notify JCI immediately of any Covered Equipment malfunction, breakdown, or other condition affecting the operation of the Covered Equipment;
- (5) provide JCI with safe access to its Premises and Covered Equipment at all reasonable and necessary times for the performance of the Services;
- (6) allow JCI to start and stop, periodically turn off, or otherwise change or temporarily suspend equipment operations so that JCI can perform the Services required under this Agreement;
- (7) as applicable, provide proper condenser, cooling tower and boiler water treatment for the proper functioning of Covered Equipment and protect against any environmental issues and instances of biohazards such as but not limited to Legionella;
- (8) carefully and properly set and test the intrusion alarm system each night or at such other time as Customer shall close the Premises;
- (9) obtain all necessary licenses and permits required for and pay all taxes associated with the Services;
- (10) notify JCI immediately of any claimed inadequacy in, or failure of, the Covered Equipment or other condition affecting the operation of the Covered Equipment;
- (11) furnish any necessary 110 volt A/C power and electrical outlets at its expense;
- (12) properly maintain, repair, service, and assure the proper operation of any other property, system, equipment, or device of Customer or others to which the Covered Equipment may be attached or connected, in accordance with manufacturer recommendations, insurance carrier requirements, or the requirements of any fire rating bureau, agency, or other authorities having jurisdiction thereof;
- (13) not tamper with, alter, adjust, disturb, injure, remove, or otherwise interfere with any Covered Equipment (including any related software) and not permit the same to be done;
- (14) refrain from causing false alarms, and reimburse JCI for any fine, penalty, or fee paid by or assessed against JCI by any governmental or

municipal agency as a result thereof;

(15) be solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network") and shall supply JCI secure Network access for providing its services. Products networked, connected to the internet, or otherwise connected to computers or other devices must be appropriately protected by Customer and/or end user against unauthorized access; and

(16) take appropriate measures, including performing back-ups, to protect information, including without limit data, software, or files (collectively "Data") prior to receiving the service or products.

2. Customer acknowledges and understands that unless water treatment for biohazards (such as Legionella) is explicitly included in the services JCI is providing, it is Customer's responsibility to provide such treatment. Customer also acknowledges that its failure to meet the above obligations will relieve JCI of any responsibility for any Covered Equipment breakdown, or any necessary repair or replacement of any Covered Equipment. If Customer breaches any of these obligations, JCI shall have the right, upon written notice to Customer, to suspend its Services until Customer cures such breach. In addition, Customer shall be responsible for paying or reimbursing JCI for any costs associated with corrective work required as a result of Customer's breach of these obligations.

G. INSURANCE

Customer is responsible for obtaining all insurance coverage that Customer believes is necessary to protect Customer, Customer's property, and persons in or on the Premises, including coverage for personal injury and property damage. **THE PAYMENTS CUSTOMER MAKES UNDER THIS AGREEMENT ARE NOT RELATED TO THE VALUE OF THE PREMISES, CUSTOMER'S PROPERTY OR POSSESSIONS, OR THE PERSONS OCCUPYING OR AT ANY TIME PRESENT IN OR ON THE PREMISES, BUT RATHER ARE BASED ON THE COST OF THE SYSTEM AND THE SERVICES, AND TAKE INTO CONSIDERATION THE PROTECTION AFFORDED TO JCI UNDER THIS AGREEMENT.** Customer hereby releases JCI from any liability for any event or condition customarily covered by commercial liability insurance. Customer understands that neither the Services nor the Covered Equipment are designed to reduce, but not eliminate, certain risks. JCI does not guaranty that neither the Services nor Covered Equipment will prevent personal injury, unauthorized entrances or fire and smoke damage to the Premises. Customer further agrees that Customer has read and understands the terms and conditions of this Agreement.

H. INDEMNITY

JCI and Customer shall each indemnify the other party and its officers, agents, directors, and employees, from any and all damages, losses, costs and expenses (including reasonable attorneys' fees) arising out of third party claims, demands, or suits for bodily injury (including death) or damage to tangible property to the extent arising out of the negligence or intentional misconduct of the indemnifying party or its employees or agents. Customer expressly agrees that JCI shall be responsible for injury, damage, or loss only to the extent caused directly by JCI's negligence or intentional misconduct. The obligations of JCI and Customer under this section are further subject to sections I and K below.

I. LIMITATION OF LIABILITY

TO THE MAXIMUM EXTENT PERMITTED BY LAW, IN NO EVENT SHALL JCI AND ITS AFFILIATES AND THEIR RESPECTIVE PERSONNEL, SUPPLIERS AND VENDORS ("JCI PARTIES") BE LIABLE TO YOU OR ANY THIRD PARTY UNDER ANY CAUSE OF ACTION OR THEORY OF LIABILITY EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, FOR ANY: (1) SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, OR INDIRECT DAMAGES; (2) LOST PROFITS, REVENUES, DATA, CUSTOMER OPPORTUNITIES, BUSINESS, ANTICIPATED SAVINGS, OR GOODWILL; (3) BUSINESS INTERRUPTION; OR (4) DATA LOSS OR OTHER LOSSES ARISING FROM VIRUSES, RANSOMWARE, CYBER ATTACKS OR FAILURES OR INTERRUPTIONS TO NETWORK SYSTEMS. IN ANY CASE, THE ENTIRE AGGREGATE LIABILITY OF THE JCI PARTIES UNDER THIS AGREEMENT FOR ALL DAMAGES, LOSSES, AND CAUSES OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), OR OTHERWISE SHALL BE LIMITED TO \$250,000. CUSTOMER UNDERSTANDS THAT JCI IS NOT AN INSURER REGARDING THE WORK OR THE SERVICES. JCI SHALL NOT BE RESPONSIBLE FOR ANY DAMAGE OR LOSS THAT MAY RESULT FROM FIRE SAFETY OR SECURITY EQUIPMENT THAT FAILS TO PERFORM PROPERLY OR FAILS TO PREVENT A CASUALTY OR LOSS.

J. FORCE MAJEURE

JCI shall not be liable, nor in breach or default of its obligations under this Agreement, for delays, interruption, failure to render services, or any other failure by JCI to perform an obligation under this Agreement, where such delay, interruption or failure is caused, in whole or in part, directly or indirectly, by a Force Majeure Event. A "Force Majeure Event" is a condition or event that is beyond the reasonable control of JCI, whether foreseeable or unforeseeable, including, without limitation, acts of God, severe weather (including but not limited to hurricanes, tornados, severe snowstorms or severe rainstorms), wildfires, floods, earthquakes, seismic disturbances, or other natural disasters, acts or omissions of any governmental authority (including change of any applicable law or regulation), epidemics, pandemics, disease, viruses, quarantines, or other public health risks and/or responses thereto, condemnation, strikes, lock-outs, labor disputes, an increase of 5% or more in tariffs or other excise taxes for materials to be used on the project, fires, explosions or other casualties, thefts, vandalism, civil disturbances, insurrection, mob violence, riots, war or other armed conflict (or the serious threat of same), acts of terrorism, electrical power outages, interruptions or degradations in telecommunications, computer, network, or electronic communications systems, data breach, cyber-attacks, ransomware, unavailability or shortage of parts, materials, supplies, or transportation, or any other cause or casualty beyond the reasonable control of JCI. If JCI's performance of the work is delayed, impacted, or prevented by a Force Majeure Event or its continued effects, JCI shall be excused from performance under the Agreement. Without limiting the generality of the foregoing, if JCI is delayed in achieving one or more of the scheduled milestones set forth in the Agreement due to a Force Majeure Event, JCI will be entitled to extend the relevant completion date by the amount of time that JCI was delayed as a result of the Force Majeure Event, plus such additional time as may be reasonably necessary to overcome the effect of the delay. To the extent that the Force Majeure Event directly or indirectly increases JCI's cost to perform the services, Customer is obligated to reimburse JCI for such increased costs, including, without limitation, costs incurred by JCI for additional labor, inventory storage, expedited shipping fees, trailer and equipment rental fees, subcontractor fees or other costs and expenses incurred by JCI in connection with the Force Majeure Event.

K. RESOLUTION OF DISPUTES

If a dispute arises under this Agreement, the parties shall promptly attempt in good faith to resolve such dispute by negotiation. In the event the dispute is unable to be resolved, either party shall have the right to initiate arbitration by filing with the American Arbitration Association provided no other legal action has been previously filed. Upon filing of the arbitration, the AAA shall have the exclusive jurisdiction over the Dispute. Thus, either party may decide to file an action in a court of competent jurisdiction. If that court filing is the first legal proceeding filed, that court shall have jurisdiction over the Dispute to the exclusion of any arbitration. Arbitration shall be conducted in accordance with the then current arbitration rules of the American Arbitration Association or other arbitration service mutually agreed to by the parties. Arbitration must be completed within sixty (60) days after the

Johnson Controls **Planned Service Proposal**

Prepared for ORANGETOWN TOWN HALL

Dispute is submitted to arbitration unless the parties mutually agree otherwise. The award rendered by the arbitrator shall be final, and judgment issued by the Arbitrator may be entered in accordance with applicable law in any court having competent jurisdiction. The party prevailing in the arbitration or court proceeding shall be entitled to an award of its reasonable costs, including reasonable attorneys' fees, incurred as a result of the Dispute. CUSTOMER MUST BRING ANY CLAIM AGAINST JCI WITHIN ONE (1) YEAR AFTER THE CLAIM AROSE. IF CUSTOMER DOES NOT, CUSTOMER WILL HAVE IRREVOCABLY WAIVED ITS RIGHT TO SUE JCI AND/OR INSTITUTE OTHER PROCEEDINGS, AND JCI SHALL HAVE NO LIABILITY TO CUSTOMER FOR SUCH CLAIM. TIME IS OF THE ESSENCE RELATIVE TO CUSTOMER PURSUING ANY SUCH CLAIM. THE PROVISIONS OF THIS AGREEMENT WHICH APPLY TO ANY CLAIM SHALL REMAIN IN EFFECT EVEN AFTER THE AGREEMENT IS TERMINATED. JCI AND CUSTOMER EACH WAIVE THEIR RIGHT TO A JURY TRIAL.

L. TERM AND TERMINATION

1. The Original Term is as set forth herein. At the conclusion of the Original Term, this Agreement shall automatically renew and extend for successive terms equal to the Original Term unless the Customer or JCI gives the other written notice it does not want to renew prior to the end of the then-current term (each a "Renewal Term"). The notice must be delivered at least ninety (90) days prior to the end of the Original Term or any Renewal Term. The Original Term and any Renewal Term may be referred to herein as the "Term." Customer agrees to issue and send a Purchase Order to JCI at least thirty (30) days prior to expiration of the Original Term or any Renewal Term if necessary for payments to be processed, but failure to do so is not a pre-condition to Renewal Term payments being due to JCI.
2. Remote Monitoring Services and Remote Operating Services may be immediately canceled by either party if JCI's Remote Operations Center, connecting wires, or monitoring systems are destroyed by fire or other catastrophe, or where the Premises are so substantially damaged that it is impractical to continue Services.
3. If either party fails to perform any of its material obligations under this Agreement, the other party shall provide written notice thereof to the party alleged to be in default. Should the party alleged to be in default fail to respond in writing or take action to cure the alleged default within ten (10) days of receiving such written notice, the notifying party may terminate this Agreement by providing written notice of such termination.
4. JCI may terminate this Agreement and discontinue any Services if JCI is unable to obtain or continue to support technologies, equipment or component parts that are discontinued, become obsolete or are otherwise not commercially available, or for convenience upon forty-five (45) days written notice. JCI will not be liable for any damages or subject to any penalty as a result of any such termination.
5. Upon termination of this Agreement for any reason, Customer shall pay to JCI all undisputed amounts owed through the date of termination within thirty (30) days of such termination. If Customer terminates this Agreement, other than in accordance with this Section L, Customer shall also pay Johnson Controls 35% of the charges for Services remaining to be paid for the unexpired Term of this Agreement as liquidated damages and not as a penalty. Customer shall provide JCI with reasonable access to the Premises to remove the Gateway Device and any other JCI property and to un-program any controls, intrusion, fire, or life safety system, as applicable. Customer shall be liable for all fees, costs, and expenses that JCI may incur in connection with the enforcement of this Agreement, including without limitation, reasonable attorney fees, collection agency fees, and court costs.

M. ASBESTOS, MOLD, BIOHAZARDS, AND HAZARDOUS MATERIALS

"Hazardous Materials" means any material or substance that, whether by its nature or use, is now or hereafter defined or regulated as a hazardous waste, hazardous substance, pollutant, or contaminant under any local, state, or federal law, regulation, or ordinance relating to or addressing public and employee health and safety and protection of the environment, or which is toxic, explosive, corrosive, flammable, radioactive, carcinogenic or otherwise hazardous or which is or contains petroleum, gasoline, diesel, fuel, another petroleum hydrocarbon product or polychlorinated biphenyls. "Hazardous Materials" specifically includes mold, lead-based paints, biohazards such as but not limited to Legionella and asbestos-containing materials ("ACM"). Neither Customer nor JCI desires to or is licensed to undertake direct obligations relating to the identification, abatement, cleanup, control, removal or disposal of ACM.

JCI will be responsible for removing or disposing of any Hazardous Materials that it uses in providing the Services ("JCI Hazardous Materials") and for the remediation of any areas affected by the release of JCI Hazardous Materials. For other Hazardous Materials that may be present at its facilities ("Non-JCI Hazardous Materials"), Customer shall supply JCI with any information in its possession relating to the presence of Hazardous Materials if their presence may affect JCI's performance of the Services. If either Customer or JCI becomes aware of or suspects the presence of Non-JCI Hazardous Materials that may interfere with JCI's Services, it shall immediately stop the Services in the affected area and notify the other party. As between Customer and JCI, Customer shall be responsible at its sole expense for removing and disposing of Non-JCI Hazardous Materials from its facilities and for the remediation of any areas impacted by the release of the Non-JCI Hazardous Materials and must provide a certificate of abatement before JCI will be obligated to perform or continue its Services, unless JCI had actual knowledge that Non-JCI Hazardous Materials were present and acted in disregard of that knowledge, in which case (i) JCI shall be responsible at its sole expense for the remediation of any areas impacted by its release of such Hazardous Materials, and (ii) Customer shall remain responsible at its sole expense for the removal of Hazardous Materials that have not been released and for releases not resulting from JCI's performance of the Services. Customer shall defend and indemnify JCI against any losses, costs, damages, expenses, and claims arising out of its failure to comply with this Section M.

N. CUSTOMER DATA

Customer data obtained from the Services is owned by and shall belong to Customer. JCI will access and use Customer data to provide Services to Customer. Except as set forth herein, JCI will not disclose to any third party any individual Customer data acquired through performance of the Services without Customer's consent. Customer agrees that JCI and its subsidiaries, affiliates and approved third party contractors and developers may collect and use Customer data for any reason, as long as any external use of the data is on a de-identified basis that does not personally identify Customer or any individual. Customer hereby grants JCI a perpetual, worldwide, irrevocable, royalty free license to use, modify, manipulate, sublicense, and create derivative works from such data. JCI shall retain all rights to any intellectual property, data, materials and products created as a result of its performance of Services.

O. JCI'S INTELLECTUAL PROPERTY

JCI shall retain all right, title and interest in any (a) work provided to Customer, including without limitation, all software source and object code, documentation, technical information or data, specifications and designs and any changes, improvements or modifications thereto ("Deliverables"), and (b) Know-How (defined below) employed by JCI in the creation of the Deliverables or performance of the Services, whether known to JCI prior to,

Johnson Controls **Planned Service Proposal**

Prepared for ORANGETOWN TOWN HALL

or developed or discovered or acquired in connection with, the performance of its obligations under this agreement. Ownership of all Deliverables and Know-How shall vest solely in JCI and no Deliverables shall be deemed "works made for hire." Without limiting the generality of the foregoing, ownership of all source files used in the course of performing the Services shall remain the exclusive property of JCI. For purposes of this Agreement, "Know-How" means any know-how, processes, techniques, concepts, methodologies, tools, analytical approaches, database models and designs, discoveries, and ideas furnished, produced by, developed, or used by JCI in the creation or provision of the Deliverables or in the performance of the Services, and any changes, improvements, or modifications thereto or derivatives thereof.

P. SOFTWARE AND DIGITAL SERVICES

Use, implementation, and deployment of the software and hosted software products ("Software") offered under these terms shall be subject to, and governed by, JCI's standard terms for such Software and Software related professional services in effect from time to time at <https://www.johnsoncontrols.com/techterms> (collectively, the "Software Terms"). Applicable Software Terms are incorporated herein by this reference. Other than the right to use the Software as set forth in the Software Terms, JCI and its licensors reserve all right, title, and interest (including all intellectual property rights) in and to the Software and improvements to the Software. The Software that is licensed hereunder is licensed subject to the Software Terms and not sold. If there is a conflict between the other terms herein and the Software Terms, the Software Terms shall take precedence and govern with respect to rights and responsibilities relating to the Software, its implementation and deployment and any improvements thereto.

Q. Privacy.

1. JCI as Processor: Where JCI factually acts as Processor of Personal Data on behalf of Customer (as such terms are defined in the DPA) the terms at www.johnsoncontrols.com/dpa ("DPA") shall apply.

2. JCI as Controller: JCI will collect, process and transfer certain personal data of Customer and its personnel related to the business relationship between it and Customer (for example names, email addresses, telephone numbers) as controller and in accordance with JCI's Privacy Notice at <https://www.johnsoncontrols.com/privacy>. Customer acknowledges JCI's Privacy Notice and strictly to the extent consent is mandatorily required under applicable law, Customer consents to such collection, processing and transfer. To the extent consent to such collection, processing and transfer by JCI is mandatorily required from Customer's personnel under applicable law, Customer warrants and represents that it has obtained such consent.

R. MISCELLANEOUS PROVISIONS

1. All notices required to be given hereunder shall be in writing and shall be considered properly given if: (a) delivered in person, (b) sent via the United States Postal Service, postage prepaid, registered or certified with return receipt requested, (c) sent by overnight delivery service (e.g., FedEx, UPS), or (d) sent by facsimile, email or other electronic means and confirmed by facsimile, return email or telephone.

2. This Agreement may not be assigned by Customer without JCI's prior written consent. JCI shall have the right to assign this Agreement to any other person, firm, or corporation without Customer's consent. JCI shall also have the right, in its sole discretion, to subcontract any portion of the Services. This Agreement inures to the benefit of and is applicable to any assignees or subcontractors of JCI, and is binding upon Customer with respect to said assignees or subcontractors with the same force and effect as it binds Customer to JCI.

3. This Agreement shall be subject to and governed by the laws of the State where the Services are performed.

4. If any provision of this Agreement is found to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby.

5. This Agreement is the entire contract between JCI and Customer and supersedes any prior oral understandings, written agreements, proposals, or other communications between the parties.

6. Customer acknowledges and agrees that any purchase order issued by Customer in connection with this Agreement is intended only to establish payment authority for Customer's internal accounting purposes and shall not be considered to be a counteroffer, amendment, modification, or other revision to the terms of this Agreement. No term or condition included or referenced in Customer's purchase order will have any force or effect and these terms and conditions shall control. Customer's acceptance of any Services shall constitute an acceptance of these terms and conditions. Any proposal for additional or different terms, whether in Customer's purchase order or any other document, unless expressly accepted in writing by JCI, is hereby objected to and rejected.

7. If there are any changes to Customer's facilities or operations, or to applicable regulations, laws, codes, taxes, or utility charges, that materially affect JCI's performance of the Services or its pricing thereof, JCI shall have the right to an equitable and appropriate adjustment to the scope, pricing, and other affected terms of this Agreement.

8. No claim or cause of action, whether known or unknown, shall be brought against JCI more than one year after the claim first arose. Except as provided for herein, JCI's claims must also be brought within one year. Claims for unpaid contract amounts are not subject to the one-year limitation.

ADDENDUM TO PSA TERMS AND CONDITIONS FOR MONITORING OF INTRUSION, FIRE AND OTHER SAFETY SYSTEMS

If Remote Monitoring Services explicitly includes remote fire alarm monitoring, security alarm monitoring or video monitoring in the scope of work or customer charges, the Agreement is hereby modified and amended to include the terms and provisions of this Addendum to the PSA for Monitoring of

Johnson Controls **Planned Service Proposal**

Prepared for ORANGETOWN TOWN HALL

Intrusion, Fire and Safety Systems (the "Addendum"). Capitalized terms that are not defined herein, shall have the meaning given to them in the Agreement. In the event of a conflict between the terms and conditions of this Addendum and those appearing in the Agreement, the terms and conditions of this Addendum shall prevail.

1. Remote Monitoring of Alarm Signals. Remote Monitoring of Alarm Signals. If JCI receives an emergency alarm signal at JCI's ROC, JCI shall endeavor to notify the appropriate police or fire department, or other emergency response agency having jurisdiction and JCI shall endeavor to notify Customer or its designated representative by email unless instructed to do otherwise by Customer in writing and/or based on standard operating procedures for the ROC. JCI, upon receipt of a non-emergency signal from the Premises, shall endeavor to notify Customer's representative pursuant to Customer's written instructions, defaulting to email or text notification. Customer acknowledges that if the signals transmitted from the Premises will be monitored in a monitoring facility not operated by JCI, the personnel in such monitoring facilities are not the agents of JCI, nor does JCI assume any responsibility for the manner in which such signals are monitored or the response to such signal.

2. Remote Monitoring Services Pricing. Remote Monitoring Services Pricing. Remote Monitoring Services shall be provided by JCI if the Agreement includes a charge for such Service. If such Service is purchased, JCI will monitor the number of alarms for the Premises and the initial charge is based on the pricing agreed to by the parties, subject to the terms and conditions of this Addendum. If the number of alarms produced at the Premises goes beyond the contracted number of alarms in a month, Customer will be billed an overage fee.

3. Communications Media. Customer acknowledges that monitoring of Covered Equipment requires transmission of signals over standard telephone lines and/or the Internet and that these modes of transmission may be interrupted, circumvented, or compromised, in which case no signal can be transmitted from the Premises to the monitoring facility. Customer understands that to allow the monitoring facility to be aware of such a condition, additional or alternative protection can be installed, such as line security devices, at Customer's cost and expense and for transmission via telephone line only. Customer acknowledges it is aware that line security devices are available and, unless expressly identified in Schedule A - Equipment List, has declined to purchase such devices. Customer further acknowledges that such additional protection is not available for Internet transmission under this Agreement.

4. False/Unnecessary Alarms; Service Calls. At JCI's option, an additional fee may be charged for any false alarm or unnecessary Service Visit caused or necessitated by Customer. In addition, Customer shall be fully responsible and liable for fines, penalties, assessments, taxes, fees or charges imposed by a governmental body, telephone, communication, or signal transmission company as the result of any false alarm and shall reimburse JCI for any costs incurred by JCI in connection therewith. Customer shall operate the system carefully so as to avoid causing false alarms. False alarms can be caused by severe weather or other forces beyond the control of JCI. If an undue number of false alarms are received by JCI, in addition to any other available remedies available to JCI, JCI may terminate this Agreement and discontinue any Service(s) and seek to recover damages. If an agent is dispatched, by a governmental authority or otherwise, to respond to a false alarm, where the Customer, or any other party has intentionally, accidentally or negligently activated the alarm signal, Customer shall be responsible for and pay any and all fees and/or fines assessed with respect to the false alarms and pay to JCI the additional charges and costs incurred by it from a false alarm. If the Customer's system has a local audible device, Customer authorizes JCI to enter the Premises to turn off the audible device if JCI is requested or ordered to do so by governmental authorities, neighbors or anyone else and Customer will pay JCI its standard service call charge for each such visit. Police agencies require repair of systems which cause false dispatches. Customer shall maintain the equipment necessary for JCI to supply the Services and Customer shall pay all costs for such maintenance. At least monthly, Customer will test the system's protective devices and send test signals to the ROC for all monitoring equipment in accordance with instructions from JCI or the ROC. Customer agrees to test the monitoring systems, including testing any ultrasonic, microwave, infrared, capacitance or other electronic equipment prior to the end of each month and will immediately report to JCI if the equipment fails to respond to the test. Customer shall make any necessary repairs as soon after receipt of notice as is reasonably practical. Customer shall at all times be solely responsible for maintaining any sprinkler system in good working order and provide adequate heat to the Premises.

5. Remote Monitoring of Video Monitoring Services. During the Term, JCI's sole and only obligation arising from the inclusion of Video Monitoring Services in any Service offering shall be to monitor the digital signals actually received by JCI at its ROC from means of the Video System and upon receipt of a digital signal indicating that an alarm condition exists, to endeavor, as permitted by law, to notify the police or other municipal authority deemed appropriate in JCI's absolute discretion and to such persons Customer has designated in writing to JCI to receive notification of such alarm condition as set forth herein. No alarm installation, repair, maintenance or guard responses will be provided under this Video Monitoring Services option. JCI may, without prior notice to Customer, in response to applicable law or insurance requirements, revise, replace, discontinue and/or rescind its response policies and procedures.

a. Inception and conclusion of service. Video Monitoring shall be provided by JCI if this Agreement includes a charge for Video Monitoring Services. If such Video Monitoring Service is purchased, Video Monitoring Services will begin when the Video System is installed and operational, and when the necessary communications connection is completed. No obligation for the provision of this Video Monitoring Service will commence until these requirements are met.

b. Customer Equipment. Customer shall obtain, at its own cost and expense: (a) the equipment necessary to connect to JCI's ROC; and (b) whatever permission, permits or licenses that may be necessary from all persons, governmental authorities, utility, and any other related service providers in connection with the Services. The video system to be used by the Customer is intended to produce and transmit video images (the "Video System Images") of the Premises to the ROC (the "Video System"). JCI makes no promise, warranty or representation that the video system will operate as intended. Customer further agrees that, notwithstanding any role or participation by JCI in Video System and Video System Images, JCI shall have no responsibility or obligation with regard to Customer, the Video System or any other Customer equipment.

c. System Location. The Video System related cameras shall be located and positioned by Customer along with attendant burglary digital alarm signal(s). Customer shall ensure that the Video System related cameras will be positioned and located such that it will only produce or capture Video System Images of areas of the Premises. Customer will provide adequate illumination under all operating conditions for the proper viewing of the cameras. Customer acknowledges and agrees that JCI has exercised no control over, or participated in locating or positioning the Video System related camera including, but not limited to selecting what areas, locations, things or persons that the Video System Images may depict or capture.

Johnson Controls **Planned Service Proposal**

Prepared for ORANGETOWN TOWN HALL

d. Images. Customer shall be solely responsible for the Video System Images produced or captured by the Video System and Customer shall defend, indemnify and hold harmless JCI and its officers, agents, directors, and employees, from any and all damages, losses, costs and expenses (including reasonable attorneys' fees) arising out of third party claims, demands, or suits in connection with the use, operation, location and position of the Video System, and the Video System Images resulting there from, including, but not limited to, any claims of any person depicted in a Video System image, including but not limited to, any claim by such person that his or her privacy has been invaded or intruded upon or his or her likeness has been misappropriated. Any duty to obtain the consent or permission of any person depicted in a Video System Image to have his or her likeness to be depicted, received, transmitted or otherwise used, and the duty to determine and comply with any and all applicable laws, regulations, standards and other obligations that govern the legal, proper and ethical use of video capturing devices, such as the Video System, including, but not limited to, notification that the Video System is in use at the Premises, shall be the sole responsibility of the Customer. JCI agrees to make Video System Images available to Customer and upon their respective request. JCI makes no promise, warranty or representation as to the length of time that it retains Video Images, or the quality thereof.

e. Video System Signals. When a signal from the Video System is received, JCI reserves the right to verify all alarm signals before notifying emergency personnel, and may choose not to notify emergency personnel if it has reason to believe, in its sole discretion, that an emergency condition does not exist. JCI will first attempt to verify the nature of the emergency by using visual verification and/or the two-way voice system (if applicable) of the Video System included in Customer's system. If JCI determines that an emergency condition exists, JCI will endeavor to notify the proper police or emergency contact on a notification call list provided in writing by Customer to JCI, or its designee. When a non-emergency signal is received, JCI will attempt to contact the first available Customer representative on the notification call list but will not notify emergency authorities, this notification will be in the form of email or text and follow ROC processes. If the customer requires phone calls to the call list for any emergency or non-emergency situation, the customer will need to make this request in writing. Customer authorizes and directs JCI, as its agent, to use its full discretion in causing the arrest or detention of any person or persons on or around the premises who are not authorized by Customer. **JCI WILL NOT ARREST OR DETAIN ANY PERSON.**

f. Recordings. Customer consents to the tape recording of all telephonic communications between the Premises and JCI. JCI will have no liability arising from recording (or failure to record) or publication of any two-way voice communications, other video recordings or their quality. JCI shall have no liability in connection with Video System or the Video System Images, including, but not limited to, any failure, omission, negligence or other act by JCI, or any of its officers, employees, representatives, agents, contractors, or any other third party in connection with the receipt (or failure of receipt), transmission, reading, interpreting, or response to any Video Image.

6. Risk of Loss is Customer's. JCI does not represent or warrant that the Services will prevent any loss by burglary, holdup, fire or otherwise, or that the Services will in all cases provide the protection for which it is installed or intended, or that the Services will be uninterrupted or error-free. Customer assumes all risk of loss or damage to the Premises being monitored and to its contents, whether belonging to Customer or others; and has not relied on any representations and warranties of JCI, express or implied, except as specifically set forth in this Agreement. Further, expressly excluded from this Agreement are the warranties of merchantability or fitness or suitability for a particular purpose.

7. JCI'S RECEIPT OF ALARM SIGNALS, ELECTRONIC DATA, VOICE DATA OR IMAGES (COLLECTIVELY, "ALARM SIGNALS") FROM THE EQUIPMENT OR SYSTEM INSTALLED IN THE PREMISES IS DEPENDENT UPON PROPER TRANSMISSION OF SUCH ALARM SIGNALS. JCI'S ROC CANNOT RECEIVE ALARM SIGNALS WHEN THE CUSTOMER'S TELCO SERVICE OR OTHER TRANSMISSION MODE IS NOT OPERATING OR HAS BEEN CUT, INTERFERED WITH, OR IS OTHERWISE DAMAGED, OR IF THE ALARM SYSTEM IS UNABLE TO ACQUIRE, TRANSMIT OR MAINTAIN AN ALARM SIGNAL OVER CUSTOMER'S TELCO SERVICE OR TRANSMISSION MODE FOR ANY REASON INCLUDING BUT NOT LIMITED TO NETWORK OUTAGE OR OTHER NETWORK PROBLEMS SUCH AS CONGESTION OR DOWNTIME, ROUTING PROBLEMS, OR INSTABILITY OF SIGNAL QUALITY. CUSTOMER UNDERSTANDS THAT SIGNAL TRANSMISSION FAILURE MAY OCCUR OVER CERTAIN TYPES OF TELCO SERVICES SUCH AS SOME TYPES OF DSL, ADSL, VOIP, DIGITAL PHONE, INTERNET PROTOCOL BASED PHONE OR OTHER INTERNET INTERFACE-TYPE SERVICE OR RADIO SERVICE, INCLUDING CELLULAR, WIRELESS OR PRIVATE RADIO, OR CUSTOMER'S PROPRIETARY TELCOMMUNICATION NETWORK, INTRANET OR IP-PBX, OR OTHER THIRD-PARTY EQUIPMENT OR VOICE/DATA TRANSMISSION NETWORKS OR SYSTEMS OWNED, MAINTAINED OR SERVICED BY CUSTOMER OR THIRD PARTIES, IF: (1) THERE IS A LOSS OF NORMAL ELECTRIC POWER TO THE MONITORED PREMISES OCCURS (THE BATTERY BACK-UP FOR JCI'S ALARM PANEL DOES NOT POWER CUSTOMER'S COMMUNICATION FACILITIES OR TELCO SERVICE); OR (2) ELECTRONIC COMPONENTS SUCH AS MODEMS MALFUNCTION OR FAIL. CUSTOMER UNDERSTANDS THAT JCI WILL ONLY REVIEW THE INITIAL COMPATIBILITY OF THE ALARM SYSTEM WITH CUSTOMER'S TELCO SERVICE AT THE TIME OF INITIAL INSTALLATION OF THE ALARM SYSTEM AND THAT CHANGES IN THE TELCO SERVICE'S DATA FORMAT AFTER JCI'S INITIAL REVIEW OF COMPATIBILITY COULD MAKE THE TELCO SERVICE UNABLE TO TRANSMIT ALARM SIGNALS TO JCI'S ROC. IF JCI DETERMINES IN ITS SOLE DISCRETION THAT CUSTOMER'S TELCO SERVICE IS COMPATIBLE, JCI WILL PERMIT CUSTOMER TO USE ITS TELCO SERVICE AS THE PRIMARY METHOD OF TRANSMITTING ALARM SIGNALS, ALTHOUGH CUSTOMER UNDERSTANDS THAT JCI RECOMMENDS THAT CUSTOMER ALSO USE AN ADDITIONAL BACK-UP METHOD OF COMMUNICATION TO CONNECT CUSTOMER'S ALARM SYSTEM TO JCI'S ROC REGARDLESS OF THE TYPE OF TELCO SERVICE USED. CUSTOMER ALSO UNDERSTANDS THAT IF JCI DETERMINES IN ITS SOLE DISCRETION THAT CUSTOMER'S TELCO SERVICE IS, OR LATER BECOMES, NON-COMPATIBLE, OR IF CUSTOMER CHANGES TO ANOTHER TELCO SERVICE THAT IS NOT COMPATIBLE, THEN JCI WILL REQUIRE THAT CUSTOMER USE AN ALTERNATE METHOD OF COMMUNICATION ACCEPTABLE TO JCI AS THE PRIMARY METHOD TO CONNECT CUSTOMER'S ALARM SYSTEM TO JCI'S ROC. JCI WILL NOT PROVIDE FIRE OR SMOKE ALARM MONITORING FOR CUSTOMER BY MEANS OTHER THAN AN APPROVED TELCO SERVICE AND CUSTOMER UNDERSTANDS THAT IT IS SOLELY RESPONSIBLE FOR ASSURING THAT IT USES APPROVED TELCO SERVICE FOR ANY SUCH MONITORING AND THAT IT COMPLIES WITH NATIONAL FIRE ALARM STANDARDS AND LOCAL FIRE CODES. CUSTOMER ALSO UNDERSTANDS THAT IF CUSTOMER'S ALARM SYSTEM HAS A LINE CUT FEATURE, IT MAY NOT BE ABLE TO DETECT ALARM SIGNALS IF THE TELCO SERVICE IS INTERRUPTED, AND THAT JCI MAY NOT BE ABLE TO DOWNLOAD SYSTEM CHANGES REMOTELY OR PROVIDE CERTAIN AUXILIARY MONITORING SERVICES THROUGH A NON-APPROVED TELCO SERVICE. CUSTOMER ACKNOWLEDGES THAT ANY DECISION TO USE A NON-APPROVED TELCO SERVICE AS THE METHOD FOR TRANSMITTING ALARM SIGNALS IS BASED ON CUSTOMER'S OWN INDEPENDENT BUSINESS JUDGMENT AND THAT ANY SUCH DECISION IS MADE WITHOUT ANY ASSISTANCE, INVOLVEMENT, INPUT, RECOMMENDATION, OR ENDORSEMENT ON THE PART OF JCI. CUSTOMER ASSUMES SOLE AND COMPLETE RESPONSIBILITY FOR ESTABLISHING AND MAINTAINING ACCESS TO AND USE OF THE NON-APPROVED TELCO SERVICE FOR CONNECTION TO THE ALARM MONITORING EQUIPMENT. CUSTOMER FURTHER UNDERSTANDS THAT THE ALARM SYSTEM MAY BE UNABLE TO SEIZE THE TELCO SERVICE TO TRANSMIT AN ALARM SIGNAL IF ANOTHER CONNECTION HAS DISABLED, IS INTERFERING WITH, OR BLOCKING THE CONNECTION.

Partnering with you to deliver value-driven solutions

Every day, we transform the environments where people live, work, learn and play. From optimizing building performance to improving safety and enhancing comfort, we are here to power your mission.

A Planned Service Agreement with Johnson Controls provides you with a customized service strategy designed around the needs of your facility. Our approach features a combination of scheduled, predictive and preventative maintenance services that focus on your goals.

As your building technology services partner, Johnson Controls delivers an unmatched service experience delivered by factory-trained, highly skilled technicians who optimize operations of the buildings we work with, creating productive and safe environments for the people within.

By integrating our service expertise with innovative processes and technologies, our value-driven planned service solutions deliver sustainable results, minimize equipment downtime and maximize occupant comfort.

With more than a century of healthy buildings expertise, Johnson Controls leverages technologies to successfully deliver smart solutions to facilities worldwide.

Johnson Controls was recognized by Frost & Sullivan as the 2020 North American Company of the Year for innovation in the Smart connected Chillers market

Executive summary

Planned service proposal for ORANGETOWN TOWN HALL

Dear Aric Gorton,

We value and appreciate your interest in Johnson Controls as a service provider for your building systems and are pleased to provide a value-driven maintenance solution for your facility. The enclosed proposal outlines the Planned Service Agreement we have developed on your facility.

Details are included in the Planned Service Agreement summary (Schedule A), but highlights are as follows:

- In this proposal we are offering a service agreement for 1 Year starting 08/01/2021 and ending 07/31/2022.
- The agreement price for first year is \$25,879.00; see Schedule A, Supplemental Price and Payment Terms, for pricing in subsequent years.
- The equipment options and number of visits being provided for each piece of equipment are described in Schedule A, Equipment list.
- This proposal is in accordance with Sourcewell Agreement # 030817-JHN.

As a manufacturer of both mechanical and controls systems, Johnson Controls has the expertise and resources to provide proper maintenance and repair services for your facility.

Again, thank you for your interest in Johnson Controls and we look forward to becoming your building technology services partner.

Please contact me if you have any questions.

Sincerely,

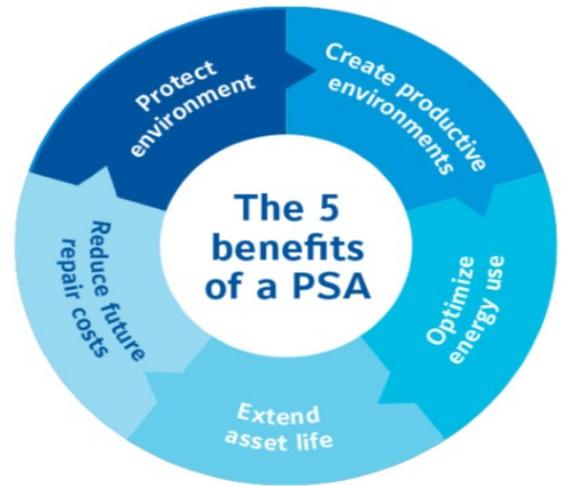

Keith Reece
Service Manager
(866) 854-4572

The power behind your mission

Benefits of planned service

A Planned Service Agreement with Johnson Controls will allow you to optimize your building's facility performance, providing dependability, sustainability and energy efficiency. You'll get a value-driven solution that fits your specific goals, delivered with the attention of a local service company backed by the resources of a global organization.

With this Planned Service Agreement, Johnson Controls can help you achieve the following five objectives:

- 1. Identify energy savings Opportunities**

Since HVAC equipment accounts for a major portion of a building's energy usage, keeping your system performing at optimum levels may lead to a significant reduction in energy costs.

- 2. Reduce future repair costs**

Routine maintenance may maximize the life of your equipment and may reduce equipment breakdowns.

- 3. Extend asset life**

Through proactive, factory-recommended maintenance, the life of your HVAC assets may be extended, maximizing the return on your investment.

- 4. Ensure productive environments**

Whether creating a comfortable place where employees can be productive or controlling a space to meet specialized needs, maintenance can help you achieve an optimal environment for the work that is being accomplished

- 5. Promote environmental health and safety**

When proper indoor conditions and plant requirements are maintained, business outcomes may be improved by minimizing sick leave, reducing accidents, minimizing greenhouse gas emissions and managing refrigerant requirements.

All of the services we perform on your equipment are aligned with "The 5 Values of Planned Maintenance" and our technicians understand how the work they perform can help you accomplish your business objectives.

Our partnership

Personalized account management

A Planned Service Agreement also provides you with the support of an entire team that knows your site and can closely work with you on budget planning and asset management. Your local Johnson Controls account management team can help guide planned replacement, energy retrofits and other building improvement projects. You'll have peace of mind that an entire team of skilled professionals will be looking out for what is best for your facility and budget.

A culture of safety

Johnson Controls technicians take safety seriously and personally, and integrate it into everything they do. All of our technicians participate in regular and thorough safety training. Because of their personal commitment, we are a leader in the HVAC service industry for workplace safety performance. This means that you do not have to worry about us when we are on your site.

Commitment to customer satisfaction

Throughout the term of your Planned Service Agreement, we will periodically survey you and use your feedback to continue to make improvements to our service processes and products. Our goal is to deliver the most consistent and complete service experience possible. To meet this goal, we've developed and implemented standards and procedures to ensure you receive the ultimate service experience – every time.

Energy & sustainability

A more sustainable world one building at a time – Johnson Controls is a company that started more than 125 years ago with a product that reduced energy use in buildings. We've been saving energy for customers ever since. Today, Johnson Controls is a global leader in creating smart environments where people live, work and play, helping to create a more comfortable, safe and sustainable world.

The value of integrity

Johnson Controls has a long, proud history of integrity. We do what we say we will do and stand behind our commitments. Our good reputation builds trust and loyalty. In recognition for our commitment to ethics across our global operations, we are honored to be named one of the World's Most Ethical Companies by Ethisphere Institute, a leading think tank dedicated to business ethics and corporate social responsibility. In addition, Corporate Responsibility Magazine recognizes Johnson Controls as one of the top companies in its annual "100 Best Corporate Citizens" list.

Service delivery

As part of the delivery of this Planned Service Agreement, Johnson Controls will dedicate a local customer service agent responsible for having a clear understanding of the agreement scope, and your facility procedures and protocols.

A high-level overview around our service delivery process is outlined below including scheduling, emergency service, on-site paperwork, communication and performing repairs outside of the agreement scope.

Scheduling

Preventative maintenance service will be scheduled using our automated service management system. In advance of the scheduled service visit, our technician is sent a notice of service to a smartphone. Once the technician acknowledges the request, your customer service agent will call or e-mail your on-site contact to let you know the start date and type of service scheduled.

The technician checks in, wears personal protective equipment, performs the task(s) as assigned, checks out with you and asks for a screen capture signature on the smartphone device. A work order is then e-mailed, faxed or printed for your records.

Emergency services

Emergency service can be provided 7 days a week, 24 hours a day, 365 days a year. During normal business hours, emergency service will be coordinated by the customer service agent. After hours, weekends and holidays, the emergency service number transfers to the Johnson Controls after-hours call center and on-call technicians are dispatched as needed.

Johnson Controls is committed to dispatching a technician within hours of receiving your call through the service line. A work order is e-mailed, faxed or printed for your records. Depending on the terms of your agreement, you may incur charges for after hour services.

Communication

A detailed communication plan will be provided to you so you know how often we will provide information to you regarding your Planned Service Agreement. The communication plan will also provide you with your main contacts at Johnson Controls.

Approval process for non-covered items

Johnson Controls will adhere to your procurement process. No work will be performed outside of the agreement scope without prior approval. Johnson Controls will work with you closely to ensure your procurement process is followed before any non-covered item work is started.

Summary of services and options

Comprehensive and operational inspections

During comprehensive and operational inspections, Johnson Controls will perform routine checks of the equipment for common issues caused by normal wear and tear on the equipment. Additional tests can be run to confirm the equipment's performance.

Routine maintenance, such as lubrication, cleaning and tightening connections, can be performed depending on the type of equipment being serviced. Routine maintenance is one of the keys to the five values of maintenance – it can help identify energy saving opportunities, reduce future repair costs, extend asset life, ensure productive environments, and promote health and safety.

Chiller Shutdown (Air Cooled)

Preparing an operating unit for seasonal shutdown ensures smooth start-up when the unit is returned to operation and helps prevent damage during the downtime. Johnson Controls technicians will check for water left in heat exchangers that can freeze, damaging tubes. Contaminants in the water may also cause corrosion. They will also look for refrigerant leaks to prevent loss of refrigerant and initiate pump down cycles to properly store refrigerant within the unit. Where appropriate, steps may also be taken to protect critical components from the elements.

Chiller Shutdown (Water Cooled)

Preparing an operating unit for seasonal shutdown ensures smooth start-up when the unit is returned to operation and helps prevent damage during the downtime. Johnson Controls technicians will check to ensure that minimal water remains after water is drained from the heat exchangers. It is important to drain as much water as possible from the heat exchangers because water can contain contaminants that may lead to corrosion and tube leaks. They will also look for and make recommendations to repair refrigerant leaks if necessary to prevent loss of the refrigerant charge during shutdown.

Chiller Startup (Water Cooled)

Proper start-up procedures after an extended shutdown ensure reliable and efficient operation during the cooling season. Johnson Controls technicians will evaluate chiller sub-systems for proper operation and perform operational checks, such as evaporator and condenser water flow to ensure optimal performance.

Filter Replacement

Clean air filters help maintain proper airflow throughout your building. Decreased airflow can impair the performance of the cooling coil and may lead to occupant discomfort and inefficient operation of the HVAC system. Johnson Controls will replace the filters on a regular basis to maintain airflow and maximize air quality.

Summary

Thank you for considering Johnson Controls as your building technology services partner. The following agreement document includes all the details surrounding your Planned Service Agreement.

With planned service from Johnson Controls, you'll get a value-driven solution that can help optimize your building controls and equipment performance, providing dependability, sustainability and energy efficiency. You'll get a solution that fits your specific goals, delivered with the attention of a local service company backed by the resources of a global organization.

The power behind your mission

Planned Service Agreement

Customer Name : ORANGETOWN TOWN HALL
Address: 81 HUNT RD ORANGEBURG,NY 10962-2517
Proposal Date: 06/10/2021
Estimate #: 1-1AFT9FE6

Scope of Service

Johnson Controls, Inc. ("JCI") and the Customer (collectively the "Parties") agree Preventative Maintenance Services, as defined in Schedule A ("Services"), will be provided by JCI at the Customer's facility. This Planned Service Agreement, the Equipment List, Supplemental Price and Payment Terms, Terms and Conditions, and Schedules attached hereto and incorporated by this reference as if set forth fully herein (collectively the "Agreement"), cover the rights and obligations of both the Customer and JCI.

Extended Service Options for Premium Coverage

If Premium Coverage is selected, on-site repair services to the equipment will be provided as specified in this Agreement for the equipment listed in the attached Equipment List.

Equipment List

Only the equipment listed in the Equipment List will be covered as part of this Agreement. Any changes to the Equipment List must be agreed upon in writing by both Parties.

Term / Automatic Renewal

This Agreement takes effect on 08/01/2021 and will continue until 07/31/2022 ("Original Term"). The Agreement will automatically renew and extend for successive terms equal to the Original Term unless the Customer or JCI gives the other written notice it does not want to renew prior to the end of the then-current term (each a "Renewal Term"). The notice must be delivered at least (90) days prior to the end of the Original Term or of any Renewal Term. The Original Term and any Renewal Term may be referred to herein as the "Term". Renewal price adjustments are discussed in the Terms and Conditions.

Refrigerant Charges

Refrigerant is not included under this Agreement and will be billed separately to the Customer by JCI.

Price and Payment Terms

The total Contract Price for JCI's Services during the first year of the Original Term is \$25,879.00. This amount will be paid to JCI in advance in Annual installments. Pricing for each subsequent year of a multiyear Original Term is set forth in the Supplemental Price and Payment Terms. Unless otherwise agreed to by the parties, All payments will be due upon receipt. Renewal price adjustments are set forth in the Terms and Conditions.

Invoices will be sent to the following location:

TOWN OF ORANGETOWN
 81 HUNT ROAD
 ORANGEBURG,NY 10962

In lieu of paper invoices sent to the location above, invoices should be emailed to the following email address: _____

Schedule A - Equipment List

ORANGETOWN TOWN HALL	81 HUNT RD ORANGEBURG, NY 10962-2517
-----------------------------	---

Product: Air Handling Unit (AHU), Mixed Air, 15-30 HP

Quantity: 4		Services Provided	
Coverage Level: Basic		4	Operational
		1	Comprehensive
		4	Standard Pleated Filter Change
		1	Belt Change
<u>Customer Tag</u>	<u>Manufacturer</u>	<u>Model #</u>	<u>Serial #</u>
	Write-In		1-IPW5NZN
	Write-In		1-IPW5NYZ
	Write-In		1-IPVWRQ9
AHU-1 Adult B Attic	Write-In		1-IPVSLV5

Product: Chiller, Water Cooled, Scroll, <80 Tons

Quantity: 2		Services Provided	
Coverage Level: Basic		1	Operational
		1	Seasonal Start-up
		1	Seasonal Shut-down
<u>Customer Tag</u>	<u>Manufacturer</u>	<u>Model #</u>	<u>Serial #</u>
Trane Recip Chiller #1 S/N 181000806			
Trane Recip Chiller #2 S/N 100600678			

Product: Boiler, Oil-Fired, Water Tube, <50 HP

Quantity: 1		Services Provided	
Coverage Level: Basic		1	Operational
		1	Comprehensive
<u>Customer Tag</u>	<u>Manufacturer</u>	<u>Model #</u>	<u>Serial #</u>
	Write-In		1-IPW50KN

Product: Split System, Cooling Only, 7.5-15 Tons

Quantity: 1		Services Provided	
Coverage Level: Basic		1	Cooling Comprehensive
		1	Condenser Coil Cleaning
		3	Operational (Mid Season - Cooling Only)
		4	Return Air Filter Change

Air Handling Unit (AHU), Mixed Air, 15-30 HP

Belt Change

- Use appropriate eye protection in work environment
- Use appropriate Head protection on worksite
- Use appropriate hand gloves on worksite
- Use and follow the JCI safety policy for Fall Protection while performing work
- Use and follow the JCI Ladder Safety processes while performing work
- Use and follow the JCI Lock-out Tag-out on all electrical machinery
- All work must be performed in accordance with Johnson Controls safety policies
- Check with appropriate customer representative for operational deficiencies
- Perform belt change procedures
- Remove and dispose any debris from any maintenance activity
- Document tasks performed during visit and report any observations to appropriate customer representative

Comprehensive

- Use appropriate eye protection in work environment
- Use appropriate Head protection on worksite
- Use appropriate hand gloves on worksite
- Use and follow the JCI safety policy for Fall Protection while performing work
- Use and follow the JCI Ladder Safety processes while performing work
- Use and follow the JCI Lock-out Tag-out on all electrical machinery
- Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
- All work must be performed in accordance with Johnson Controls safety policies
- Check with appropriate customer representative for operational deficiencies
- Visually inspect damper(s)
- Check condition of pulleys and belts
- Check for proper fan operation
- Check condition of coils
- Check condition of filters
- Record temperatures and pressures (if applicable)
- Check for unusual noise and vibration
- Check for deterioration of gaskets and seals
- Check overall condition of unit
- Visually inspect for fluid leaks of coils and connecting piping
- Check starter/contactors
- Check and tighten electrical connections
- Check damper operation and lubricate as required
- Visually check control valve(s)
- Lubricate blower and motor bearings
- Clean condensate pan and clear drain line
- Check condition of blower assembly
- Remove and dispose any debris from any maintenance activity
- Document tasks performed during visit and report any observations to appropriate customer representative

Operational

- Use appropriate eye protection in work environment
- Use appropriate Head protection on worksite
- Use appropriate hand gloves on worksite
- Use and follow the JCI safety policy for Fall Protection while performing work
- Use and follow the JCI Ladder Safety processes while performing work
- Use and follow the JCI Lock-out Tag-out on all electrical machinery

Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Inspect motor mounting isolators
Check for integrity of cabinet hardware
Visually inspect damper(s)
Verify damper operation
Check condition of pulleys and belts
Check for proper fan operation
Check condition of coils
Check condition of filters
Record temperatures and pressures (if applicable)
Check condensate drain
Visually inspect electrical connections
Check for unusual noise and vibration
Check overall condition of unit
Visually inspect for fluid leaks of coils and connecting piping
Document tasks performed during visit and report any observations to appropriate customer representative

Standard Pleated Filter Change

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Turn equipment off
Remove dirty filters
Install new filters
Turn equipment on
Dispose of dirty filter appropriately
Document tasks performed during visit and report any observations to appropriate customer representative

Boiler, Oil-Fired, Water Tube, <50 HP

Comprehensive

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Inspect burner/oil pump contactors for wear
Check and tighten electrical connections
Check oil pump for proper operation
Check and clean pilot assembly
Clean combustion fan wheel
Visually inspect combustion chamber, draft diverter and flue for accumulation

- of soot - clean as needed
- Check burner for proper sequence of operation
- Check operating controls
- Check all safety controls
- Lift relief valve to ensure proper operation
- Check boiler relief valves for leakage
- Check combustion blower motor operation and lubricate as needed
- Check for proper operation of oil preheaters (if applicable)
- Check factory supplied oil piping and components for leakage
- Drain boiler, open hand hole covers and clean as needed (if applicable)
- Disassemble and clean low water cut-out
- Fill boiler and check for proper operation of make-up water valve
- Verify proper operation of low water cut-out control
- Check overall condition of unit
- Record and log all operating parameters (including pressures and temperatures)
- Remove and dispose any debris from any maintenance activity
- Document tasks performed during visit and report any observations to appropriate customer representative

Operational

- Use appropriate eye protection in work environment
- Use appropriate Head protection on worksite
- Use appropriate hand gloves on worksite
- Use and follow the JCI safety policy for Fall Protection while performing work
- Use and follow the JCI Ladder Safety processes while performing work
- Use and follow the JCI Lock-out Tag-out on all electrical machinery
- All work must be performed in accordance with Johnson Controls safety policies
- Check with appropriate customer representative for operational deficiencies
- Blow down boiler
- Check oil pump for proper operation
- Check factory supplied oil piping and components for leakage
- Check burner for proper sequence of operation
- Check flame quality
- Visually inspect combustion chamber, draft diverter and flue for accumulation of soot
- Check boiler relief valves for leakage
- Verify proper operation of low water cut-out control
- Check combustion blower motor operation
- Check for proper operation of oil preheaters (if applicable)
- Check hot water/steam temperature and pressure
- Check proper operation of make-up water valve
- Check overall condition of unit
- Document tasks performed during visit and report any observations to appropriate customer representative

Chiller, Air Cooled, Scroll, 61-100 Tons

Comprehensive

- Use appropriate eye protection in work environment
- Use appropriate Head protection on worksite
- Use appropriate hand gloves on worksite
- Use and follow the JCI safety policy for Fall Protection while performing work
- Use and follow the JCI Ladder Safety processes while performing work
- Use and follow the JCI Lock-out Tag-out on all electrical machinery
- Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
- Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants

Use and follow the JCI process for handling and working with Used Oil
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Review control panel for proper operation and recorded fault histories
Check for visual signs of refrigerant/oil leak(s)
Conduct refrigerant leak check
Check for proper crank case heater operation (if applicable)
Perform lock-out and tag-out procedure
Inspect condenser fan and compressor contactors for wear
Check and tighten electrical connections
Perform preventative procedures to flow proving devices
Check for unusual noise and vibration
Check overall condition of unit
Remove and dispose any debris from any maintenance activity
Document tasks performed during visit and report any observations to appropriate customer representative

Condenser Coil
Cleaning

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Spray coil(s) with chemical solution
Rinse coil(s) thoroughly with water
Remove and dispose any debris from any maintenance activity
Document tasks performed during visit and report any observations to appropriate customer representative

Oil Sample and Analysis

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants
Use and follow the JCI process for handling and working with Used Oil
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Remove sample in approved container
Drop off for analysis
Label and complete paperwork indicating present operating conditions
Document tasks performed during visit and report any observations to appropriate customer representative

Operational

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite

Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Review control panel for proper operation and recorded fault histories
Check for proper chilled water flow
Check system pressures and temperatures
Check refrigerant charge (sight glass)
Check for proper capacity control operation
Check for proper crank case heater operation (if applicable)
Check for visual signs of refrigerant/oil leak(s)
Check for unusual noise and vibration
Check for proper condenser fan operation
Check overall condition of unit
Record and log all operating parameters
Document tasks performed during visit and report any observations to appropriate customer representative

Seasonal Shut-down

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants
Use and follow the JCI process for handling and working with Used Oil
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Check for proper crank case heater operation (if applicable)
Review control panel for proper operation and recorded fault histories
Check refrigerant charge (sight glass)
Record and log all operating parameters
Shut down chiller
Check for visual signs of refrigerant/oil leak(s)
Conduct refrigerant leak check
Tag chiller out of service
Remove and dispose any debris from any maintenance activity
Document tasks performed during visit and report any observations to appropriate customer representative

Seasonal Start-up

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC

refrigerants
Use and follow the JCI process for handling and working with Used Oil
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative to coordinate the startup of the system
Remove shutdown tag from unit
Verify the chilled water valves are in their proper operating position
Check for proper chilled water flow
Start the chiller
Review control panel for proper operation and recorded fault histories
Check system pressures and temperatures
Check refrigerant charge (sight glass)
Check for proper capacity control operation
Check for visual signs of refrigerant/oil leak(s)
Check for unusual noise and vibration
Check overall condition of unit
Check for proper condenser fan operation
Record and log all operating parameters
Document tasks performed during visit and report any observations to appropriate customer representative

Chiller, Water Cooled, Scroll, <80 Tons

Operational

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Review control panel for proper operation and recorded fault histories
Check for proper condenser and chilled water flow
Check system pressures and temperatures
Check refrigerant charge (sight glass)
Check for visual signs of refrigerant/oil leak(s)
Check for unusual noise and vibration
Check overall condition of unit
Record and log all operating parameters
Document tasks performed during visit and report any observations to appropriate customer representative

Seasonal Shut-down

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants

Use and follow the JCI process for handling and working with Used Oil
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Check for proper crank case heater operation (if applicable)
Review control panel for proper operation and recorded fault histories
Check refrigerant charge (sight glass)
Record and log all operating parameters
Shut down chiller
Isolate evaporator and condenser bundles
Conduct refrigerant leak check
Tag chiller out of service
Remove and dispose any debris from any maintenance activity
Document tasks performed during visit and report any observations to appropriate customer representative

Seasonal Start-up

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants
Use and follow the JCI process for handling and working with Used Oil
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative to coordinate the startup of the system
Remove shutdown tag from unit
Verify the chilled water valves are in their proper operating position
Check for proper condenser and chilled water flow
Start the chiller
Review control panel for proper operation and recorded fault histories
Check system pressures and temperatures
Check refrigerant charge (sight glass)
Check for visual signs of refrigerant/oil leak(s)
Check for unusual noise and vibration
Check overall condition of unit
Record and log all operating parameters
Document tasks performed during visit and report any observations to appropriate customer representative

Fan, Exhaust Fan, Ceiling Mounted, 6 - 15HP

Operational

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Check with appropriate customer representative for operational deficiencies
Check rain guard
Check and tighten electrical connections
Clean area around equipment
Inspect starter

Lubricate as required
Motor operating amps
Check belt guard
Check belt(s) (if applicable)
Check drive condition
Check electrical contacts
Check fan blades
Check for proper rotation
Complete any required maintenance checklists, report observations to appropriate customer representative

Pump, Chilled Water, 11-50 HP

Operational

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Check for leaks
Check pressures
Visually inspect coupling
Check for unusual noise and vibration
Check overall condition of unit
Document tasks performed during visit and report any observations to appropriate customer representative

Pump, Circulating, 11-50 HP

Operational

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Check for leaks
Check pressures
Visually inspect coupling
Check for unusual noise and vibration
Check overall condition of unit
Document tasks performed during visit and report any observations to appropriate customer representative

Split System, Cooling Only, 7.5-15 Tons

Johnson Controls **Planned Service Proposal**

- Document tasks performed during visit and report any observations to appropriate customer representative

Cooling Comprehensive

- Use appropriate eye protection in work environment
- Use appropriate Head protection on worksite
- Use appropriate hand gloves on worksite

Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Check and tighten electrical connections
Check contactor(s)
Check condition of condenser coil
Check condenser fan motors and blades
Check blower motor operation
Lubricate blower and motor bearings (if applicable)
Check condition and alignment of pulley and belts (if applicable)
Check condition of filters
Clean condensate pan and clear drain line (if readily accessible)
Check for visual signs of refrigerant/oil leak(s)
Check for unusual noise and vibration
Record and log all operating parameters
Check overall condition of unit
Remove and dispose any debris from any maintenance activity
Document tasks performed during visit and report any observations to appropriate customer representative

Operational (Mid
Season - Cooling Only)

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Use appropriate Arc/flash personal protective equipment on voltages over 240 volts
Use and follow the JCI safety policy for working with CFC, HCFC and HRC refrigerants
All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Check condition of condenser coil
Check condenser fan motors and blades
Check condensing unit electrical connections and contactor(s)
Check blower motor operation
Check condition of filters
Check condition of pulley and belts (if applicable)
Check condensate system
Check for visual signs of refrigerant/oil leak(s)
Check for unusual noise and vibration
Check overall condition of unit
Document tasks performed during visit and report any observations to appropriate customer representative

Return Air Filter Change

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery

All work must be performed in accordance with Johnson Controls safety policies
Check with appropriate customer representative for operational deficiencies
Turn equipment off
Remove dirty filters
Install new filters
Turn equipment on
Dispose of dirty filter appropriately
Document tasks performed during visit and report any observations to appropriate customer representative

VAV Box, All Types

Filters, Standard Pleated

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Check with appropriate customer representative for operational deficiencies
Replace air filters per agreement
Turn equipment off
Remove dirty filters
Install new filters
Turn equipment on
Dispose of dirty filter appropriately
Complete any required maintenance checklists, report observations to appropriate customer representative

Operational

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Check with appropriate customer representative for operational deficiencies
Check temperature
Check damper and linkage
Cycle thermostat and check for proper operation
Check for leaks in air supply (if applicable)
Check fan operation
Clean area around equipment
Complete any required maintenance checklists, report observations to appropriate customer representative

Water Heater, Elect, 150-300GAL

Operational

Use appropriate eye protection in work environment
Use appropriate Head protection on worksite
Use appropriate hand gloves on worksite
Use and follow the JCI safety policy for Fall Protection while performing work
Use and follow the JCI Ladder Safety processes while performing work
Use and follow the JCI Lock-out Tag-out on all electrical machinery
Check with appropriate customer representative for operational deficiencies
Check amperage
Check temperature

Johnson Controls **Planned Service Proposal**
Prepared for ORANGETOWN TOWN HALL

Check condition of relief valve(s)
Check for leaks
Check for unusual noise or vibration
Clean area around equipment
Complete any required maintenance checklists, report observations to appropriate customer representative

Special Additions and Exceptions

Special Additions and Exceptions

- For service call (866) 854-4572.
- All planned service is to be completed during the normal business hours of 8:00 am – 4:00 pm, Monday through Friday (excluding Holidays).
- Our Mechanics will respond to emergency calls for the equipment listed in "Schedule A" 24/7 (including Holidays). This service will be billable at our current hourly rates less 10% as per the Sourcwell Agreement # 030817-JHN. Please refer to the Labor Rates listed below.
- Minimum charge of 4 hours for all overtime work as per the Sourcwell Agreement # 030817-JHN.
- No applicable taxes are included to pricing.
- All non-planned service above and beyond this proposal will be invoiced separately.
- Town of Orangetown must indicate on the purchase order their intent to use the Sourcwell Agreement.

Labor Rates

<u>Technician</u>	<u>Standard Hours</u>	<u>Overtime Hours</u>	<u>Standard Hours</u> <small>(Sourcwell Discounted Rate)</small>	<u>Overtime Hours</u> <small>(Sourcwell Discounted Rate)</small>
HVAC Mechanic	\$170.00/Hr	\$255.00/Hr <i>(Except Sundays & Holidays)</i> \$340.00/Hr <i>(Sundays & Holidays)</i>	\$153.00/Hr	\$225.45/Hr <i>(Except Holidays)</i> \$306.00/Hr <i>(Holidays)</i>

TERMS AND CONDITIONS
DEFINITIONS

CONNECTED EQUIPMENT SERVICES means a data-analytics and monitoring Software platform that uses a cellular or network connection to gather equipment performance data to assist JCI in advising Customer on such equipment's health, performance or potential malfunction.

CONTRACT PRICE means the price that Customer shall pay to JCI for the Services.

COVERED EQUIPMENT means the equipment for which Services are to be provided under this Agreement. Covered Equipment is set forth in Schedule A - Equipment List.

EQUIPMENT FAILURE means the failure, under normal and expected working conditions, of moving parts or electric or electronic components of the Covered Equipment that are necessary for its operation.

PREMISES means those Customer premises where the Covered Equipment is located or Services performed pursuant to this Agreement.

REMOTE MONITORING SERVICES means remote monitoring of Covered Equipment and/or systems including building automation, HVAC equipment, and fire alarm, intrusion, and/or other life safety systems for alarm and event notifications using a UL Certified Central Station.

REMOTE OPERATIONS CENTER (ROC) is the department at JCI that remotely monitors alarm and industrial (HVAC) process signals.

REMOTE OPERATING SERVICES means remote interrogation, modification and/or operation of building automation, HVAC equipment, and/or other Covered Equipment.

REPAIR LABOR is the labor necessary to restore Covered Equipment to working condition following an Equipment Failure, but does not include services relating to total equipment replacement due to obsolescence or unavailability of parts.

REPAIR MATERIALS are the parts and materials necessary to restore Covered Equipment to working condition following an Equipment Failure, but excludes total equipment replacement due to obsolescence or unavailability of parts, unless excluded from the Agreement. At JCI's option, Repair Materials may be new, used, or reconditioned.

SCHEDULED SERVICE MATERIALS are the materials required to perform Scheduled Service Visits on Covered Equipment, unless excluded from the Agreement.

SCHEDULED SERVICE VISITS are the on-site labor visits required to perform JCI recommended inspections and preventive maintenance on Covered Equipment.

SERVICES are the work, materials, labor, service visits, and repairs to be provided by JCI pursuant to this Agreement except that the Services do not include the Connected Equipment Services or the provision of other software products or digital or cloud services, which are provided under separate terms and conditions referenced in Section P.

A. JCI'S SERVICES FOR COVERED EQUIPMENT

1. BASIC COVERAGE means Scheduled Service Visits, plus Scheduled Service Materials (unless excluded from this Agreement). No parts, equipment, Repair Labor or Repair Materials are provided for under BASIC COVERAGE.

2. PREMIUM COVERAGE means BASIC COVERAGE plus Repair Labor, plus Repair Materials (unless excluded from the Agreement). If Customer has ordered PREMIUM COVERAGE, JCI will inspect the Covered Equipment within forty-five (45) days of the date of this Agreement, or as seasonal or operational conditions permit. JCI will then advise Customer if JCI finds any Covered Equipment not in working order or in need of repair. With Customer's approval, JCI will perform the work necessary to put the Covered Equipment in proper working condition, subject to the terms of this Agreement. Customer will pay for such work at JCI's standard rates for parts and labor in effect at the time that the work is performed. If Customer does not want JCI to perform the work identified as necessary by JCI, any equipment thereby affected will be removed from the list of Covered Equipment, and the Contract Price will be adjusted accordingly. Should Customer not make JCI's recommended repairs or proceed with the modified PREMIUM COVERAGE, JCI reserves the right to invoice Customer for the cost of the initial equipment inspection.

3. EXTENDED SERVICE means Services performed outside JCI's normal business hours and is available only if Customer has PREMIUM COVERAGE. Extended Service is available either 24/5 or 24/7, at Customer's election. The price for Extended Service, if chosen by Customer, is part of the total Contract Price.

4. JCI CONNECTED EQUIPMENT SERVICES. Certain equipment sold hereunder includes by default JCI's Connected Equipment Services. **If Customer's equipment includes Connected Equipment Services, such services will be on by default and the remote connection will continue to connect to Customer's Equipment through the full equipment lifecycle, unless Customer specifically requests in writing that JCI disable the remote connection or JCI discontinues or removes such remote connection.** For more information on whether your particular equipment includes Connected Equipment Services, a subscription to such services and the cost, if any, of such subscription, please see your applicable order, quote, proposal, or purchase documentation or talk to your JCI sales representative. If Customer's equipment includes Connected Equipment Services, JCI will provide a cellular modem or other gateway device ("Gateway Device") owned by JCI or Customer will supply a network connection suitable to establish a remote connection with Customer's applicable equipment to permit JCI to use Connected Equipment Services to perform first-year and extended warranty services as well as other services, including troubleshooting, quarterly health reports, remote diagnostic and monitoring and aftermarket services. For certain subscriptions, Customer will be able to access equipment information from a mobile or smart device using Connected Equipment Service's mobile or web app. Any Gateway Devices provided hereunder

Johnson Controls Planned Service Proposal

Prepared for ORANGETOWN TOWN HALL

shall remain JCI's property, and JCI may upon reasonable notice access and remove such Gateway Device and discontinue services in accordance with the Software Terms. If Customer does not permit JCI to connect via a connection validated by JCI for the equipment or the connection is disconnected by Customer, and a service representative must therefore be dispatched to the Customer site, then the Customer will pay JCI at JCI's then-current standard applicable contract regular time and/or overtime rate for services performed by the service representative. **Customer acknowledges that, while Connected Equipment Services generally improve equipment performance and services, Connected Equipment Services does not prevent all potential malfunction, insure against all loss or guarantee a certain level of performance and that JCI shall not be responsible for any injury, loss, or damage caused by any act or omission of JCI related to or arising from the monitoring of the equipment under Connected Equipment Services.**

5. REMOTE MONITORING SERVICES OR REMOTE OPERATING SERVICES. If Remote Monitoring Services or Remote Operating Services are provided, Customer agrees to furnish JCI with a list of the names, titles, addresses, email addresses, and phone numbers of all persons authorized to be contacted by, or be able to contact the ROC to perform specific agreed upon actions with the appropriate authority. If JCI's Services include "Remote Monitoring Services with Open and Close," Customer also agrees to furnish JCI with Customer's daily and holiday opening and closing schedules. Customer agrees to maintain and update the call lists with accurate information. Customer further agrees to notify JCI of such changes as soon as possible. JCI/ROC is not responsible to find new contacts/numbers if the contacts on the call lists cannot be reached. A maximum of three contacts are allowed for any time of the day. If none of those contacts can be reached, then neither JCI nor the ROC are responsible for damages. Customer is responsible for any and all costs and expenses arising from Customer's failure to provide timely updates for any of the contact information submitted to the ROC.

6. CUSTOMER SERVICE INFORMATION PORTAL. Customer may be able to utilize JCI's Customer Service Information Portal during the term of the Agreement, pursuant to the then applicable Terms of Use Agreement.

B. OUT OF SCOPE SERVICES

If, during any Service Visit, JCI detects a defect in any of Customer's equipment that is not Covered Equipment under this Agreement (an "Out of Scope Defect"), JCI may (but shall have no obligation to) notify Customer of such Out of Scope Defect. If Customer elects for JCI to repair such Out of Scope Defect, or if JCI otherwise performs any Services or provides any materials, parts, or equipment outside the scope of the Services (collectively, "Out of Scope Services"), Customer shall direct JCI to perform such Out of Scope Services in writing, and Customer shall pay for such Out of Scope Services at JCI's standard fees or hourly rates. If, after receiving notice of an Out of Scope Defect, Customer elects not to engage JCI to repair such Out of Scope Defect, Customer shall defend and indemnify JCI from and against any and all losses, damages, claims, costs and expenses arising directly or indirectly out of such Out of Scope Defect. Any Out of Scope Services performed by JCI at the direction of Customer pursuant to this Section shall be subject to the terms of this Agreement.

C. EXCLUSIONS

JCI's Services and warranty obligations expressly exclude:

(a) the repair or replacement of ductwork, casings, cabinets, structural supports, tower fill/slats/basin, hydronic and pneumatic piping, and vessels, gaskets, and piping not normally replaced or maintained on a scheduled basis, and removal of oil from pneumatic piping;

(b) disposal of hazardous wastes (except as otherwise expressly provided herein);

(c) disinfecting of chiller condenser water systems and other components for biohazards, such as but not limited to, Legionella unless explicitly set forth in the scope of services between the parties. Unless explicitly provide for within the scope of services, this is Out of Scope Services and the Customer's exclusive responsibility to make arrangements for such services with a provider other than JCI. Mentions of chiller tube cleaning, condenser cleaning, cooling tower cleaning or boiler tube cleaning in any scope of services, only involve work to remove normal buildup of debris and scale using tube brush cleaning, pressure washing or acid flushing. Reference to such cleaning does not include chemical cleaning, disinfection or chemical water treatment required to eliminate, control or disinfect against biohazards such as but not limited to Legionella;

(d) refrigerant; supplies, accessories, or any items normally consumed during the use of Covered Equipment, such as ribbons, bulbs and paper;

(e) the furnishing of materials and supplies for painting or refinishing equipment;

(f) the repair or replacement of wire in conduit, buried cable/transmission lines, or the like, if not normally replaced or maintained on a scheduled basis;

(g) replacement of obsolete parts; and

(h) damages of any kind, including but not limited to personal injury, death, property damage, and the costs of repairs or service resulting from:

- abuse, misuse, alterations, adjustments, attachments, combinations, modifications, or repairs to Covered Equipment not performed, provided, or approved in writing by JCI;
- equipment not covered by this Agreement or attachments made to Covered Equipment;
- acts or omissions of the Customer, including but not limited to the failure of the Customer to fulfill the Customer Obligations and Commitments to JCI as described in Section F of this Agreement, operator error, Customer's failure to conduct preventive maintenance, issues resulting from Customer's previous denial of JCI access to the Covered Equipment, and Customer's failure to keep the site clean and free of dust, sand, or other particles or debris, unless such conditions are previously expressly acknowledged by JCI in writing;
- use of the Covered Equipment in a manner or environment, or for any purpose, for which it was not designed by the manufacturer;
- site-related and environmental conditions, including but not limited to power failures and fluctuations in electrical current (or "power surges") and biohazards such as but not limited to Legionella associated with condenser water, cooling tower systems and subcomponent systems;
- the effects of erosion, corrosion, acid cleaning, or damage from unexpected or especially severe freezing weather;

Johnson Controls **Planned Service Proposal**

Prepared for ORANGETOWN TOWN HALL

- issues or failures not specifically covered by this Agreement; or
- occurrences beyond JCI's reasonable control and without JCI's fault or negligence.

D. PAYMENT TERMS; PRICE ADJUSTMENTS

Unless otherwise agreed to by the parties, fees and other amounts due hereunder are due upon receipt of the invoice. Such payment is a condition precedent to JCI's obligation to perform Services under the Agreement. Any invoice disputes must be identified in writing by Customer within 21 days of the date of invoice. Payments of any disputed amounts are due and payable upon resolution. Failure by Customer to make payments when due will give JCI, without prejudice to any other right or remedy, the right to: (i) to stop performing any Services, withhold deliveries of Equipment and other materials, terminate or suspend any software licenses provided hereunder and/or terminate this Agreement; and (ii) charge Customer interest on the amounts unpaid at a rate equal to the lesser of one and one-half (1.5) percent per month or the maximum rate permitted under applicable law, until payment is made in full. Customer will pay all of JCI's reasonable collection costs (including legal fees and expenses). In the event of Customer's default, the balance of any outstanding amounts will be immediately due and payable.

JCI may increase prices upon notice to the Customer to reflect increases in material and labor costs. If this Agreement is renewed, JCI will provide Customer with notice of any adjustments in the Contract Price applicable to any Renewal Term. Unless Customer terminates this Agreement in writing at least ninety (90) days prior to the end of the then-current Term, the adjusted Contract Price shall be the price for the Renewal Term.

E. WARRANTIES

JCI warrants its Services will be provided in a good and workmanlike manner for 90 days from the date of Services. If JCI receives written notice of a breach of this warranty prior to the end of this warranty period, JCI will re-perform any non-conforming Services at no additional charge within a commercially reasonable time of the notification.

JCI warrants that equipment manufactured or labeled by Johnson Controls, Inc. shall be free from defects in material and workmanship arising from normal usage for a period of 90 days. No warranty is provided for third-party products and equipment installed or furnished by JCI. Such products and equipment are provided with the third party manufacturer's warranty to the extent available, and JCI will transfer the benefits, together with all limitations, of that manufacturer's warranty to Customer. All transportation charges incurred in connection with the warranty for equipment and/or materials not covered under this Agreement shall be borne by Customer. Except as provided herein, if JCI receives written notice of a breach of this warranty prior to the end of this warranty period, JCI will repair or replace (at JCI's option) the defective equipment.

These warranties do not extend to any Services or equipment that have been misused, altered, or repaired by Customer or third parties without the supervision of and prior written approval of JCI, or if JCI serial numbers or warranty decals have been removed or altered. All replaced parts or equipment shall become JCI's property. This warranty is not assignable. Warranty service will be provided during normal business hours, excluding holidays. The remedies set forth herein shall be Customer's sole and exclusive remedy with regards to any warranty claim under this Agreement. Any lawsuit based upon the warranty must be brought no later than one (1) year after the expiration of the applicable warranty period. This limitation is in lieu of any other applicable statute of limitations. **CUSTOMER FURTHER ACKNOWLEDGES AND AGREES THAT THESE WARRANTIES ARE JCI'S SOLE WARRANTIES AND TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.** JCI makes no and specifically disclaims all representations or warranties that the services, products, software or third party product or software will be secure from cyber threats, hacking or other similar malicious activity, or will detect the presence of, or eliminate, prevent, treat, or mitigate the spread, transmission, or outbreak of any pathogen, disease, virus or other contagion, including but not limited to COVID 19.

F. CUSTOMER OBLIGATIONS AND COMMITMENTS TO JCI

1. Customer warrants it has given JCI all information concerning the condition of the Covered Equipment. The Customer agrees and warrants that, during the Term of this Agreement, Customer will:

- (1) operate the Covered Equipment according to the manufacturer's and/or JCI's recommendations;
- (2) keep accurate and current work logs and information about the Covered Equipment as recommended by the manufacturer and/or JCI;
- (3) provide an adequate environment for Covered Equipment as recommended by the manufacturer and/or JCI, including, but not limited to adequate space, electrical power, water supply, air conditioning, and humidity control;
- (4) notify JCI immediately of any Covered Equipment malfunction, breakdown, or other condition affecting the operation of the Covered Equipment;
- (5) provide JCI with safe access to its Premises and Covered Equipment at all reasonable and necessary times for the performance of the Services;
- (6) allow JCI to start and stop, periodically turn off, or otherwise change or temporarily suspend equipment operations so that JCI can perform the Services required under this Agreement;
- (7) as applicable, provide proper condenser, cooling tower and boiler water treatment for the proper functioning of Covered Equipment and protect against any environmental issues and instances of biohazards such as but not limited to Legionella;
- (8) carefully and properly set and test the intrusion alarm system each night or at such other time as Customer shall close the Premises;
- (9) obtain all necessary licenses and permits required for and pay all taxes associated with the Services;
- (10) notify JCI immediately of any claimed inadequacy in, or failure of, the Covered Equipment or other condition affecting the operation of the Covered Equipment;
- (11) furnish any necessary 110 volt A/C power and electrical outlets at its expense;
- (12) properly maintain, repair, service, and assure the proper operation of any other property, system, equipment, or device of Customer or others to which the Covered Equipment may be attached or connected, in accordance with manufacturer recommendations, insurance carrier requirements, or the requirements of any fire rating bureau, agency, or other authorities having jurisdiction thereof;
- (13) not tamper with, alter, adjust, disturb, injure, remove, or otherwise interfere with any Covered Equipment (including any related software)

Johnson Controls **Planned Service Proposal**

Prepared for ORANGETOWN TOWN HALL

and not permit the same to be done;

(14) refrain from causing false alarms, and reimburse JCI for any fine, penalty, or fee paid by or assessed against JCI by any governmental or municipal agency as a result thereof;

(15) be solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network") and shall supply JCI secure Network access for providing its services. Products networked, connected to the internet, or otherwise connected to computers or other devices must be appropriately protected by Customer and/or end user against unauthorized access; and

(16) take appropriate measures, including performing back-ups, to protect information, including without limit data, software, or files (collectively "Data") prior to receiving the service or products.

2. Customer acknowledges and understands that unless water treatment for biohazards (such as Legionella) is explicitly included in the services JCI is providing, it is Customer's responsibility to provide such treatment. Customer also acknowledges that its failure to meet the above obligations will relieve JCI of any responsibility for any Covered Equipment breakdown, or any necessary repair or replacement of any Covered Equipment. If Customer breaches any of these obligations, JCI shall have the right, upon written notice to Customer, to suspend its Services until Customer cures such breach. In addition, Customer shall be responsible for paying or reimbursing JCI for any costs associated with corrective work required as a result of Customer's breach of these obligations.

G. INSURANCE

Customer is responsible for obtaining all insurance coverage that Customer believes is necessary to protect Customer, Customer's property, and persons in or on the Premises, including coverage for personal injury and property damage. THE PAYMENTS CUSTOMER MAKES UNDER THIS AGREEMENT ARE NOT RELATED TO THE VALUE OF THE PREMISES, CUSTOMER'S PROPERTY OR POSSESSIONS, OR THE PERSONS OCCUPYING OR AT ANY TIME PRESENT IN OR ON THE PREMISES, BUT RATHER ARE BASED ON THE COST OF THE SYSTEM AND THE SERVICES, AND TAKE INTO CONSIDERATION THE PROTECTION AFFORDED TO JCI UNDER THIS AGREEMENT. Customer hereby releases JCI from any liability for any event or condition customarily covered by commercial liability insurance. Customer understands that neither the Services nor the Covered Equipment are designed to reduce, but not eliminate, certain risks. JCI does not guaranty that neither the Services nor Covered Equipment will prevent personal injury, unauthorized entrances or fire and smoke damage to the Premises. Customer further agrees that Customer has read and understands the terms and conditions of this Agreement.

H. INDEMNITY

JCI and Customer shall each indemnify the other party and its officers, agents, directors, and employees, from any and all damages, losses, costs and expenses (including reasonable attorneys' fees) arising out of third party claims, demands, or suits for bodily injury (including death) or damage to tangible property to the extent arising out of the negligence or intentional misconduct of the indemnifying party or its employees or agents. Customer expressly agrees that JCI shall be responsible for injury, damage, or loss only to the extent caused directly by JCI's negligence or intentional misconduct. The obligations of JCI and Customer under this section are further subject to sections I and K below.

I. LIMITATION OF LIABILITY

TO THE MAXIMUM EXTENT PERMITTED BY LAW, IN NO EVENT SHALL JCI AND ITS AFFILIATES AND THEIR RESPECTIVE PERSONNEL, SUPPLIERS AND VENDORS ("JCI PARTIES") BE LIABLE TO YOU OR ANY THIRD PARTY UNDER ANY CAUSE OF ACTION OR THEORY OF LIABILITY EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, FOR ANY: (1) SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, OR INDIRECT DAMAGES; (2) LOST PROFITS, REVENUES, DATA, CUSTOMER OPPORTUNITIES, BUSINESS, ANTICIPATED SAVINGS, OR GOODWILL; (3) BUSINESS INTERRUPTION; OR (4) DATA LOSS OR OTHER LOSSES ARISING FROM VIRUSES, RANSOMWARE, CYBER ATTACKS OR FAILURES OR INTERRUPTIONS TO NETWORK SYSTEMS. IN ANY CASE, THE ENTIRE AGGREGATE LIABILITY OF THE JCI PARTIES UNDER THIS AGREEMENT FOR ALL DAMAGES, LOSSES, AND CAUSES OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), OR OTHERWISE SHALL BE LIMITED TO \$250,000. CUSTOMER UNDERSTANDS THAT JCI IS NOT AN INSURER REGARDING THE WORK OR THE SERVICES. JCI SHALL NOT BE RESPONSIBLE FOR ANY DAMAGE OR LOSS THAT MAY RESULT FROM FIRE SAFETY OR SECURITY EQUIPMENT THAT FAILS TO PERFORM PROPERLY OR FAILS TO PREVENT A CASUALTY OR LOSS.

J. FORCE MAJEURE

JCI shall not be liable, nor in breach or default of its obligations under this Agreement, for delays, interruption, failure to render services, or any other failure by JCI to perform an obligation under this Agreement, where such delay, interruption or failure is caused, in whole or in part, directly or indirectly, by a Force Majeure Event. A "Force Majeure Event" is a condition or event that is beyond the reasonable control of JCI, whether foreseeable or unforeseeable, including, without limitation, acts of God, severe weather (including but not limited to hurricanes, tornados, severe snowstorms or severe rainstorms), wildfires, floods, earthquakes, seismic disturbances, or other natural disasters, acts or omissions of any governmental authority (including change of any applicable law or regulation), epidemics, pandemics, disease, viruses, quarantines, or other public health risks and/or responses thereto, condemnation, strikes, lock-outs, labor disputes, an increase of 5% or more in tariffs or other excise taxes for materials to be used on the project, fires, explosions or other casualties, thefts, vandalism, civil disturbances, insurrection, mob violence, riots, war or other armed conflict (or the serious threat of same), acts of terrorism, electrical power outages, interruptions or degradations in telecommunications, computer, network, or electronic communications systems, data breach, cyber-attacks, ransomware, unavailability or shortage of parts, materials, supplies, or transportation, or any other cause or casualty beyond the reasonable control of JCI. If JCI's performance of the work is delayed, impacted, or prevented by a Force Majeure Event or its continued effects, JCI shall be excused from performance under the Agreement. Without limiting the generality of the foregoing, if JCI is delayed in achieving one or more of the scheduled milestones set forth in the Agreement due to a Force Majeure Event, JCI will be entitled to extend the relevant completion date by the amount of time that JCI was delayed as a result of the Force Majeure Event, plus such additional time as may be reasonably necessary to overcome the effect of the delay. To the extent that the Force Majeure Event directly or indirectly increases JCI's cost to perform the services, Customer is obligated to reimburse JCI for such increased costs, including, without limitation, costs incurred by JCI for additional labor, inventory storage, expedited shipping fees, trailer and equipment rental fees, subcontractor fees or other costs and expenses incurred by JCI in connection with the Force Majeure Event.

K. RESOLUTION OF DISPUTES

If a dispute arises under this Agreement, the parties shall promptly attempt in good faith to resolve such dispute by negotiation. In the event the dispute is unable to be resolved, either party shall have the right to initiate arbitration by filing with the American Arbitration Association provided

Johnson Controls Planned Service Proposal

Prepared for ORANGETOWN TOWN HALL

no other legal action has been previously filed. Upon filing of the arbitration, the AAA shall have the exclusive jurisdiction over the Dispute. Thus, either party may decide to file an action in a court of competent jurisdiction. If that court filing is the first legal proceeding filed, that court shall have jurisdiction over the Dispute to the exclusion of any arbitration. Arbitration shall be conducted in accordance with the then current arbitration rules of the American Arbitration Association or other arbitration service mutually agreed to by the parties. Arbitration must be completed within sixty (60) days after the Dispute is submitted to arbitration unless the parties mutually agree otherwise. The award rendered by the arbitrator shall be final, and judgment issued by the Arbitrator may be entered in accordance with applicable law in any court having competent jurisdiction. The party prevailing in the arbitration or court proceeding shall be entitled to an award of its reasonable costs, including reasonable attorneys' fees, incurred as a result of the Dispute. CUSTOMER MUST BRING ANY CLAIM AGAINST JCI WITHIN ONE (1) YEAR AFTER THE CLAIM AROSE. IF CUSTOMER DOES NOT, CUSTOMER WILL HAVE IRREVOCABLY WAIVED ITS RIGHT TO SUE JCI AND/OR INSTITUTE OTHER PROCEEDINGS, AND JCI SHALL HAVE NO LIABILITY TO CUSTOMER FOR SUCH CLAIM. TIME IS OF THE ESSENCE RELATIVE TO CUSTOMER PURSUING ANY SUCH CLAIM. THE PROVISIONS OF THIS AGREEMENT WHICH APPLY TO ANY CLAIM SHALL REMAIN IN EFFECT EVEN AFTER THE AGREEMENT IS TERMINATED. JCI AND CUSTOMER EACH WAIVE THEIR RIGHT TO A JURY TRIAL.

L. TERM AND TERMINATION

1. The Original Term is as set forth herein. At the conclusion of the Original Term, this Agreement shall automatically renew and extend for successive terms equal to the Original Term unless the Customer or JCI gives the other written notice it does not want to renew prior to the end of the then-current term (each a "Renewal Term"). The notice must be delivered at least ninety (90) days prior to the end of the Original Term or any Renewal Term. The Original Term and any Renewal Term may be referred to herein as the "Term." Customer agrees to issue and send a Purchase Order to JCI at least thirty (30) days prior to expiration of the Original Term or any Renewal Term if necessary for payments to be processed, but failure to do so is not a pre-condition to Renewal Term payments being due to JCI
2. Remote Monitoring Services and Remote Operating Services may be immediately canceled by either party if JCI's Remote Operations Center, connecting wires, or monitoring systems are destroyed by fire or other catastrophe, or where the Premises are so substantially damaged that it is impractical to continue Services.
3. If either party fails to perform any of its material obligations under this Agreement, the other party shall provide written notice thereof to the party alleged to be in default. Should the party alleged to be in default fail to respond in writing or take action to cure the alleged default within ten (10) days of receiving such written notice, the notifying party may terminate this Agreement by providing written notice of such termination.
4. JCI may terminate this Agreement and discontinue any Services if JCI is unable to obtain or continue to support technologies, equipment or component parts that are discontinued, become obsolete or are otherwise not commercially available, or for convenience upon forty-five (45) days written notice. JCI will not be liable for any damages or subject to any penalty as a result of any such termination.
5. Upon termination of this Agreement for any reason, Customer shall pay to JCI all undisputed amounts owed through the date of termination within thirty (30) days of such termination. If Customer terminates this Agreement, other than in accordance with this Section L, Customer shall also pay Johnson Controls 35% of the charges for Services remaining to be paid for the unexpired Term of this Agreement as liquidated damages and not as a penalty. Customer shall provide JCI with reasonable access to the Premises to remove the Gateway Device and any other JCI property and to un-program any controls, intrusion, fire, or life safety system, as applicable. Customer shall be liable for all fees, costs, and expenses that JCI may incur in connection with the enforcement of this Agreement, including without limitation, reasonable attorney fees, collection agency fees, and court costs.

M. ASBESTOS, MOLD, BIOHAZARDS, AND HAZARDOUS MATERIALS

"Hazardous Materials" means any material or substance that, whether by its nature or use, is now or hereafter defined or regulated as a hazardous waste, hazardous substance, pollutant, or contaminant under any local, state, or federal law, regulation, or ordinance relating to or addressing public and employee health and safety and protection of the environment, or which is toxic, explosive, corrosive, flammable, radioactive, carcinogenic or otherwise hazardous or which is or contains petroleum, gasoline, diesel, fuel, another petroleum hydrocarbon product or polychlorinated biphenyls. "Hazardous Materials" specifically includes mold, lead-based paints, biohazards such as but not limited to Legionella and asbestos-containing materials ("ACM"). Neither Customer nor JCI desires to or is licensed to undertake direct obligations relating to the identification, abatement, cleanup, control, removal or disposal of ACM.

JCI will be responsible for removing or disposing of any Hazardous Materials that it uses in providing the Services ("JCI Hazardous Materials") and for the remediation of any areas affected by the release of JCI Hazardous Materials. For other Hazardous Materials that may be present at its facilities ("Non-JCI Hazardous Materials"), Customer shall supply JCI with any information in its possession relating to the presence of Hazardous Materials if their presence may affect JCI's performance of the Services. If either Customer or JCI becomes aware of or suspects the presence of Non-JCI Hazardous Materials that may interfere with JCI's Services, it shall immediately stop the Services in the affected area and notify the other party. As between Customer and JCI, Customer shall be responsible at its sole expense for removing and disposing of Non-JCI Hazardous Materials from its facilities and for the remediation of any areas impacted by the release of the Non-JCI Hazardous Materials and must provide a certificate of abatement before JCI will be obligated to perform or continue its Services, unless JCI had actual knowledge that Non-JCI Hazardous Materials were present and acted in disregard of that knowledge, in which case (i) JCI shall be responsible at its sole expense for the remediation of any areas impacted by its release of such Hazardous Materials, and (ii) Customer shall remain responsible at its sole expense for the removal of Hazardous Materials that have not been released and for releases not resulting from JCI's performance of the Services. Customer shall defend and indemnify JCI against any losses, costs, damages, expenses, and claims arising out of its failure to comply with this Section M.

N. CUSTOMER DATA

Customer data obtained from the Services is owned by and shall belong to Customer. JCI will access and use Customer data to provide Services to Customer. Except as set forth herein, JCI will not disclose to any third party any individual Customer data acquired through performance of the Services without Customer's consent. Customer agrees that JCI and its subsidiaries, affiliates and approved third party contractors and developers may collect and use Customer data for any reason, as long as any external use of the data is on a de-identified basis that does not personally identify Customer or any individual. Customer hereby grants JCI a perpetual, worldwide, irrevocable, royalty free license to use, modify, manipulate, sublicense, and create derivative works from such data. JCI shall retain all rights to any intellectual property, data, materials and products created

as a result of its performance of Services.

O. JCI'S INTELLECTUAL PROPERTY

JCI shall retain all right, title and interest in any (a) work provided to Customer, including without limitation, all software source and object code, documentation, technical information or data, specifications and designs and any changes, improvements or modifications thereto ("Deliverables"), and (b) Know-How (defined below) employed by JCI in the creation of the Deliverables or performance of the Services, whether known to JCI prior to, or developed or discovered or acquired in connection with, the performance of its obligations under this agreement. Ownership of all Deliverables and Know-How shall vest solely in JCI and no Deliverables shall be deemed "works made for hire." Without limiting the generality of the foregoing, ownership of all source files used in the course of performing the Services shall remain the exclusive property of JCI. For purposes of this Agreement, "Know-How" means any know-how, processes, techniques, concepts, methodologies, tools, analytical approaches, database models and designs, discoveries, and ideas furnished, produced by, developed, or used by JCI in the creation or provision of the Deliverables or in the performance of the Services, and any changes, improvements, or modifications thereto or derivatives thereof.

P. SOFTWARE AND DIGITAL SERVICES

Use, implementation, and deployment of the software and hosted software products ("Software") offered under these terms shall be subject to, and governed by, JCI's standard terms for such Software and Software related professional services in effect from time to time at <https://www.johnsoncontrols.com/techterm> (collectively, the "Software Terms"). Applicable Software Terms are incorporated herein by this reference. Other than the right to use the Software as set forth in the Software Terms, JCI and its licensors reserve all right, title, and interest (including all intellectual property rights) in and to the Software and improvements to the Software. The Software that is licensed hereunder is licensed subject to the Software Terms and not sold. If there is a conflict between the other terms herein and the Software Terms, the Software Terms shall take precedence and govern with respect to rights and responsibilities relating to the Software, its implementation and deployment and any improvements thereto.

Q. Privacy.

1. JCI as Processor: Where JCI factually acts as Processor of Personal Data on behalf of Customer (as such terms are defined in the DPA) the terms at www.johnsoncontrols.com/dpa ("DPA") shall apply.

2. JCI as Controller: JCI will collect, process and transfer certain personal data of Customer and its personnel related to the business relationship between it and Customer (for example names, email addresses, telephone numbers) as controller and in accordance with JCI's Privacy Notice at <https://www.johnsoncontrols.com/privacy>. Customer acknowledges JCI's Privacy Notice and strictly to the extent consent is mandatorily required under applicable law, Customer consents to such collection, processing and transfer. To the extent consent to such collection, processing and transfer by JCI is mandatorily required from Customer's personnel under applicable law, Customer warrants and represents that it has obtained such consent.

R. MISCELLANEOUS PROVISIONS

1. All notices required to be given hereunder shall be in writing and shall be considered properly given if: (a) delivered in person, (b) sent via the United States Postal Service, postage prepaid, registered or certified with return receipt requested, (c) sent by overnight delivery service (e.g., FedEx, UPS), or (d) sent by facsimile, email or other electronic means and confirmed by facsimile, return email or telephone.

2. This Agreement may not be assigned by Customer without JCI's prior written consent. JCI shall have the right to assign this Agreement to any other person, firm, or corporation without Customer's consent. JCI shall also have the right, in its sole discretion, to subcontract any portion of the Services. This Agreement inures to the benefit of and is applicable to any assignees or subcontractors of JCI, and is binding upon Customer with respect to said assignees or subcontractors with the same force and effect as it binds Customer to JCI.

3. This Agreement shall be subject to and governed by the laws of the State where the Services are performed.

4. If any provision of this Agreement is found to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby.

5. This Agreement is the entire contract between JCI and Customer and supersedes any prior oral understandings, written agreements, proposals, or other communications between the parties.

6. Customer acknowledges and agrees that any purchase order issued by Customer in connection with this Agreement is intended only to establish payment authority for Customer's internal accounting purposes and shall not be considered to be a counteroffer, amendment, modification, or other revision to the terms of this Agreement. No term or condition included or referenced in Customer's purchase order will have any force or effect and these terms and conditions shall control. Customer's acceptance of any Services shall constitute an acceptance of these terms and conditions. Any proposal for additional or different terms, whether in Customer's purchase order or any other document, unless expressly accepted in writing by JCI, is hereby objected to and rejected.

7. If there are any changes to Customer's facilities or operations, or to applicable regulations, laws, codes, taxes, or utility charges, that materially affect JCI's performance of the Services or its pricing thereof, JCI shall have the right to an equitable and appropriate adjustment to the scope, pricing, and other affected terms of this Agreement.

8. No claim or cause of action, whether known or unknown, shall be brought against JCI more than one year after the claim first arose. Except as provided for herein, JCI's claims must also be brought within one year. Claims for unpaid contract amounts are not subject to the one-year limitation.

**ADDENDUM TO PSA TERMS AND CONDITIONS FOR
MONITORING OF INTRUSION, FIRE AND OTHER SAFETY SYSTEMS**

If Remote Monitoring Services explicitly includes remote fire alarm monitoring, security alarm monitoring or video monitoring in the scope of work or customer charges, the Agreement is hereby modified and amended to include the terms and provisions of this Addendum to the PSA for Monitoring of Intrusion, Fire and Safety Systems (the "Addendum"). Capitalized terms that are not defined herein, shall have the meaning given to them in the Agreement. In the event of a conflict between the terms and conditions of this Addendum and those appearing in the Agreement, the terms and conditions of this Addendum shall prevail.

1. Remote Monitoring of Alarm Signals. If JCI receives an emergency alarm signal at JCI's ROC, JCI shall endeavor to notify the appropriate police or fire department, or other emergency response agency having jurisdiction and JCI shall endeavor to notify Customer or its designated representative by email unless instructed to do otherwise by Customer in writing and/or based on standard operating procedures for the ROC. JCI, upon receipt of a non-emergency signal from the Premises, shall endeavor to notify Customer's representative pursuant to Customer's written instructions, defaulting to email or text notification. Customer acknowledges that if the signals transmitted from the Premises will be monitored in a monitoring facility not operated by JCI, the personnel in such monitoring facilities are not the agents of JCI, nor does JCI assume any responsibility for the manner in which such signals are monitored or the response to such signal.

2. Remote Monitoring Services Pricing. Remote Monitoring Services shall be provided by JCI if the Agreement includes a charge for such Service. If such Service is purchased, JCI will monitor the number of alarms for the Premises and the initial charge is based on the pricing agreed to by the parties, subject to the terms and conditions of this Addendum. If the number of alarms produced at the Premises goes beyond the contracted number of alarms in a month, Customer will be billed an overage fee.

3. Communications Media. Customer acknowledges that monitoring of Covered Equipment requires transmission of signals over standard telephone lines and/or the Internet and that these modes of transmission may be interrupted, circumvented, or compromised, in which case no signal can be transmitted from the Premises to the monitoring facility. Customer understands that to allow the monitoring facility to be aware of such a condition, additional or alternative protection can be installed, such as line security devices, at Customer's cost and expense and for transmission via telephone line only. Customer acknowledges it is aware that line security devices are available and, unless expressly identified in Schedule A - Equipment List, has declined to purchase such devices. Customer further acknowledges that such additional protection is not available for Internet transmission under this Agreement.

4. False/Unnecessary Alarms; Service Calls. At JCI's option, an additional fee may be charged for any false alarm or unnecessary Service Visit caused or necessitated by Customer. In addition, Customer shall be fully responsible and liable for fines, penalties, assessments, taxes, fees or charges imposed by a governmental body, telephone, communication, or signal transmission company as the result of any false alarm and shall reimburse JCI for any costs incurred by JCI in connection therewith. Customer shall operate the system carefully so as to avoid causing false alarms. False alarms can be caused by severe weather or other forces beyond the control of JCI. If an undue number of false alarms are received by JCI, in addition to any other available remedies available to JCI, JCI may terminate this Agreement and discontinue any Service(s) and seek to recover damages. If an agent is dispatched, by a governmental authority or otherwise, to respond to a false alarm, where the Customer, or any other party has intentionally, accidentally or negligently activated the alarm signal, Customer shall be responsible for and pay any and all fees and/or fines assessed with respect to the false alarms and pay to JCI the additional charges and costs incurred by it from a false alarm. If the Customer's system has a local audible device, Customer authorizes JCI to enter the Premises to turn off the audible device if JCI is requested or ordered to do so by governmental authorities, neighbors or anyone else and Customer will pay JCI its standard service call charge for each such visit. Police agencies require repair of systems which cause false dispatches. Customer shall maintain the equipment necessary for JCI to supply the Services and Customer shall pay all costs for such maintenance. At least monthly, Customer will test the system's protective devices and send test signals to the ROC for all monitoring equipment in accordance with instructions from JCI or the ROC. Customer agrees to test the monitoring systems, including testing any ultrasonic, microwave, infrared, capacitance or other electronic equipment prior to the end of each month and will immediately report to JCI if the equipment fails to respond to the test. Customer shall make any necessary repairs as soon after receipt of notice as is reasonably practical. Customer shall at all times be solely responsible for maintaining any sprinkler system in good working order and provide adequate heat to the Premises.

5. Remote Monitoring of Video Monitoring Services. During the Term, JCI's sole and only obligation arising from the inclusion of Video Monitoring Services in any Service offering shall be to monitor the digital signals actually received by JCI at its ROC from means of the Video System and upon receipt of a digital signal indicating that an alarm condition exists, to endeavor, as permitted by law, to notify the police or other municipal authority deemed appropriate in JCI's absolute discretion and to such persons Customer has designated in writing to JCI to receive notification of such alarm condition as set forth herein. No alarm installation, repair, maintenance or guard responses will be provided under this Video Monitoring Services option. JCI may, without prior notice to Customer, in response to applicable law or insurance requirements, revise, replace, discontinue and/or rescind its response policies and procedures.

a. Inception and conclusion of service. Video Monitoring shall be provided by JCI if this Agreement includes a charge for Video Monitoring Services. If such Video Monitoring Service is purchased, Video Monitoring Services will begin when the Video System is installed and operational, and when the necessary communications connection is completed. No obligation for the provision of this Video Monitoring Service will commence until these requirements are met.

b. Customer Equipment. Customer shall obtain, at its own cost and expense: (a) the equipment necessary to connect to JCI's ROC; and (b) whatever permission, permits or licenses that may be necessary from all persons, governmental authorities, utility, and any other related service providers in connection with the Services. The video system to be used by the Customer is intended to produce and transmit video images (the "Video System Images") of the Premises to the ROC (the "Video System"). JCI makes no promise, warranty or representation that the video system will operate as intended. Customer further agrees that, notwithstanding any role or participation by JCI in Video System and Video System Images, JCI shall have no responsibility or obligation with regard to Customer, the Video System or any other Customer equipment.

c. System Location. The Video System related cameras shall be located and positioned by Customer along with attendant burglary digital

alarm signal(s). Customer shall ensure that the Video System related cameras will be positioned and located such that it will only produce or capture Video System Images of areas of the Premises. Customer will provide adequate illumination under all operating conditions for the proper viewing of the cameras. Customer acknowledges and agrees that JCI has exercised no control over, or participated in locating or positioning the Video System related camera including, but not limited to selecting what areas, locations, things or persons that the Video System Images may depict or capture.

d. Images. Customer shall be solely responsible for the Video System Images produced or captured by the Video System and Customer shall defend, indemnify and hold harmless JCI and its officers, agents, directors, and employees, from any and all damages, losses, costs and expenses (including reasonable attorneys' fees) arising out of third party claims, demands, or suits in connection with the use, operation, location and position of the Video System, and the Video System Images resulting there from, including, but not limited to, any claims of any person depicted in a Video System image, including but not limited to, any claim by such person that his or her privacy has been invaded or intruded upon or his or her likeness has been misappropriated. Any duty to obtain the consent or permission of any person depicted in a Video System Image to have his or her likeness to be depicted, received, transmitted or otherwise used, and the duty to determine and comply with any and all applicable laws, regulations, standards and other obligations that govern the legal, proper and ethical use of video capturing devices, such as the Video System, including, but not limited to, notification that the Video System is in use at the Premises, shall be the sole responsibility of the Customer. JCI agrees to make Video System Images available to Customer and upon their respective request. JCI makes no promise, warranty or representation as to the length of time that it retains Video Images, or the quality thereof.

e. Video System Signals. When a signal from the Video System is received, JCI reserves the right to verify all alarm signals before notifying emergency personnel, and may choose not to notify emergency personnel if it has reason to believe, in its sole discretion, that an emergency condition does not exist. JCI will first attempt to verify the nature of the emergency by using visual verification and/or the two-way voice system (if applicable) of the Video System included in Customer's system. If JCI determines that an emergency condition exists, JCI will endeavor to notify the proper police or emergency contact on a notification call list provided in writing by Customer to JCI, or its designee. When a non-emergency signal is received, JCI will attempt to contact the first available Customer representative on the notification call list but will not notify emergency authorities, this notification will be in the form of email or text and follow ROC processes. If the customer requires phone calls to the call list for any emergency or non-emergency situation, the customer will need to make this request in writing. Customer authorizes and directs JCI, as its agent, to use its full discretion in causing the arrest or detention of any person or persons on or around the premises who are not authorized by Customer. **JCI WILL NOT ARREST OR DETAIN ANY PERSON.**

f. Recordings. Customer consents to the tape recording of all telephonic communications between the Premises and JCI. JCI will have no liability arising from recording (or failure to record) or publication of any two-way voice communications, other video recordings or their quality. JCI shall have no liability in connection with Video System or the Video System Images, including, but not limited to, any failure, omission, negligence or other act by JCI, or any of its officers, employees, representatives, agents, contractors, or any other third party in connection with the receipt (or failure of receipt), transmission, reading, interpreting, or response to any Video Image.

6. Risk of Loss is Customer's. JCI does not represent or warrant that the Services will prevent any loss by burglary, holdup, fire or otherwise, or that the Services will in all cases provide the protection for which it is installed or intended, or that the Services will be uninterrupted or error-free. Customer assumes all risk of loss or damage to the Premises being monitored and to its contents, whether belonging to Customer or others; and has not relied on any representations and warranties of JCI, express or implied, except as specifically set forth in this Agreement. Further, expressly excluded from this Agreement are the warranties of merchantability or fitness or suitability for a particular purpose.

7. JCI'S RECEIPT OF ALARM SIGNALS, ELECTRONIC DATA, VOICE DATA OR IMAGES (COLLECTIVELY, "ALARM SIGNALS") FROM THE EQUIPMENT OR SYSTEM INSTALLED IN THE PREMISES IS DEPENDENT UPON PROPER TRANSMISSION OF SUCH ALARM SIGNALS. JCI'S ROC CANNOT RECEIVE ALARM SIGNALS WHEN THE CUSTOMER'S TELCO SERVICE OR OTHER TRANSMISSION MODE IS NOT OPERATING OR HAS BEEN CUT, INTERFERED WITH, OR IS OTHERWISE DAMAGED, OR IF THE ALARM SYSTEM IS UNABLE TO ACQUIRE, TRANSMIT OR MAINTAIN AN ALARM SIGNAL OVER CUSTOMER'S TELCO SERVICE OR TRANSMISSION MODE FOR ANY REASON INCLUDING BUT NOT LIMITED TO NETWORK OUTAGE OR OTHER NETWORK PROBLEMS SUCH AS CONGESTION OR DOWNTIME, ROUTING PROBLEMS, OR INSTABILITY OF SIGNAL QUALITY. CUSTOMER UNDERSTANDS THAT SIGNAL TRANSMISSION FAILURE MAY OCCUR OVER CERTAIN TYPES OF TELCO SERVICES SUCH AS SOME TYPES OF DSL, ADSL, VOIP, DIGITAL PHONE, INTERNET PROTOCOL BASED PHONE OR OTHER INTERNET INTERFACE-TYPE SERVICE OR RADIO SERVICE, INCLUDING CELLULAR, WIRELESS OR PRIVATE RADIO, OR CUSTOMER'S PROPRIETARY TELCOMMUNICATION NETWORK, INTRANET OR IP-PBX, OR OTHER THIRD-PARTY EQUIPMENT OR VOICE/DATA TRANSMISSION NETWORKS OR SYSTEMS OWNED, MAINTAINED OR SERVICED BY CUSTOMER OR THIRD PARTIES, IF: (1) THERE IS A LOSS OF NORMAL ELECTRIC POWER TO THE MONITORED PREMISES OCCURS (THE BATTERY BACK-UP FOR JCI'S ALARM PANEL DOES NOT POWER CUSTOMER'S COMMUNICATION FACILITIES OR TELCO SERVICE); OR (2) ELECTRONIC COMPONENTS SUCH AS MODEMS MALFUNCTION OR FAIL. CUSTOMER UNDERSTANDS THAT JCI WILL ONLY REVIEW THE INITIAL COMPATIBILITY OF THE ALARM SYSTEM WITH CUSTOMER'S TELCO SERVICE AT THE TIME OF INITIAL INSTALLATION OF THE ALARM SYSTEM AND THAT CHANGES IN THE TELCO SERVICE'S DATA FORMAT AFTER JCI'S INITIAL REVIEW OF COMPATIBILITY COULD MAKE THE TELCO SERVICE UNABLE TO TRANSMIT ALARM SIGNALS TO JCI'S ROC. IF JCI DETERMINES IN ITS SOLE DISCRETION THAT CUSTOMER'S TELCO SERVICE IS COMPATIBLE, JCI WILL PERMIT CUSTOMER TO USE ITS TELCO SERVICE AS THE PRIMARY METHOD OF TRANSMITTING ALARM SIGNALS, ALTHOUGH CUSTOMER UNDERSTANDS THAT JCI RECOMMENDS THAT CUSTOMER ALSO USE AN ADDITIONAL BACK-UP METHOD OF COMMUNICATION TO CONNECT CUSTOMER'S ALARM SYSTEM TO JCI'S ROC REGARDLESS OF THE TYPE OF TELCO SERVICE USED. CUSTOMER ALSO UNDERSTANDS THAT IF JCI DETERMINES IN ITS SOLE DISCRETION THAT CUSTOMER'S TELCO SERVICE IS, OR LATER BECOMES, NON-COMPATIBLE, OR IF CUSTOMER CHANGES TO ANOTHER TELCO SERVICE THAT IS NOT COMPATIBLE, THEN JCI WILL REQUIRE THAT CUSTOMER USE AN ALTERNATE METHOD OF COMMUNICATION ACCEPTABLE TO JCI AS THE PRIMARY METHOD TO CONNECT CUSTOMER'S ALARM SYSTEM TO JCI'S ROC. JCI WILL NOT PROVIDE FIRE OR SMOKE ALARM MONITORING FOR CUSTOMER BY MEANS OTHER THAN AN APPROVED TELCO SERVICE AND CUSTOMER UNDERSTANDS THAT IT IS SOLELY RESPONSIBLE FOR ASSURING THAT IT USES APPROVED TELCO SERVICE FOR ANY SUCH MONITORING AND THAT IT COMPLIES WITH NATIONAL FIRE ALARM STANDARDS AND LOCAL FIRE CODES. CUSTOMER ALSO UNDERSTANDS THAT IF CUSTOMER'S ALARM SYSTEM HAS A LINE CUT FEATURE, IT MAY NOT BE ABLE TO DETECT ALARM SIGNALS IF THE TELCO SERVICE IS INTERRUPTED, AND THAT JCI MAY NOT BE ABLE TO DOWNLOAD SYSTEM CHANGES REMOTELY OR PROVIDE CERTAIN AUXILIARY MONITORING SERVICES THROUGH A NON-APPROVED TELCO SERVICE. CUSTOMER ACKNOWLEDGES THAT ANY DECISION TO USE A NON-APPROVED TELCO SERVICE AS THE METHOD FOR TRANSMITTING ALARM SIGNALS IS BASED ON CUSTOMER'S OWN INDEPENDENT BUSINESS JUDGMENT AND THAT ANY SUCH DECISION IS MADE WITHOUT ANY

Johnson Controls Planned Service Proposal
Prepared for ORANGETOWN TOWN HALL

ASSISTANCE, INVOLVEMENT, INPUT, RECOMMENDATION, OR ENDORSEMENT ON THE PART OF JCI. CUSTOMER ASSUMES SOLE AND COMPLETE RESPONSIBILITY FOR ESTABLISHING AND MAINTAINING ACCESS TO AND USE OF THE NON-APPROVED TELCO SERVICE FOR CONNECTION TO THE ALARM MONITORING EQUIPMENT. CUSTOMER FURTHER UNDERSTANDS THAT THE ALARM SYSTEM MAY BE UNABLE TO SEIZE THE TELCO SERVICE TO TRANSMIT AN ALARM SIGNAL IF ANOTHER CONNECTION HAS DISABLED, IS INTERFERING WITH, OR BLOCKING THE CONNECTION.

RE: ANTIQUE FIRE APPARATUS & CAR SHOW WITH FOOD TRUCKS
Saturday, July 24, 2021

Attached are the applications for an upcoming public event being held at the South Parking Lot of Tappan Zee High School and Dutch Hill Road in front of the Orangeburg Firehouse.

In addition to the closing of Dutch Hill Road can we also request 15 wooden horses and 15 trash barrels?

As always, I appreciate your time and consideration. If you need anything else from me please let me know.

Stay well
