

10 South Blvd
Exterior changes

The porch columns and the base will be wrapped in black aluminum coil, and the railings will be painted black

All windows and doors will be wrapped in black aluminum coil

Under the covered entry, we will add 3 spots to light up the entry, and replace the old soffit with new soffit.

In the areas where there is one window on top of the other, the siding will be replaced with this green board and batten vertical siding.
