Summary of Comments:

Corey Poyrovdea, S. Nyack, objects to the street selection, especially Division St. It's very narrow and dark.

SK Bailey, S. Nyack, the proposed local law is good but still needs some corrections. She submitted photos and comments (Exhibit 01-23-B).

Michelle Diaz, South Nyack, this plan doesn't fit the need for overnight parking on S. Division. She is against the plan.

George Galione, S. Nyack, S. Boulevard is a main thorough fare, with oversize trucks, dark and there is a need for sidewalks and speed signs.

Roger Seiler, S. Nyack, the proposed law is very unclear (there are no explanations or description). The Town Board should rewrite this law.

Harry Streep, S. Nyack, the transition to a hamlet has been well done. He is concerned about overnight parking and suggested alternate street parking.

Maria Souto, S. Nyack, is concerned that outsiders are not parking safely.

Lori & Bob Courtright, S. Nyack, want to be able to park in front of their house.

Jerry Illowite & Justine Joffe, S. Nyack, suggested the Town Board adopt this local law but continue to monitor and tweak it.

Paul Sackler, S. Nyack, wants to be able to call OPD, when they need to park overnight and also suggested alternate street parking.

Johana Wilson, S. Nyack, also wants to be able to call OPD.

Barry Schurr, S. Nyack, needs to be able to park on Berachah Avenue, which is not dedicated to the Town. This street can not be plowed and it is more of a dirt road.

PROBLEMS WITH THE PROPOSED PARKING LAW

1. SOUTH BOULEVARD

In Section 3 Paragraph V of the proposed law, the area of South Boulevard on which overnight parking on the shoulder of the road will be allowed is ridiculously convoluted. Measurements are located from a private driveway called Welles Lane in Upper Grandview and provide for a 375-ft parking Zone located 600 ft from that driveway. It is unclear how this measurement was made. It appears that the intent was to locate this 375-ft zone somewhere near the border of the former

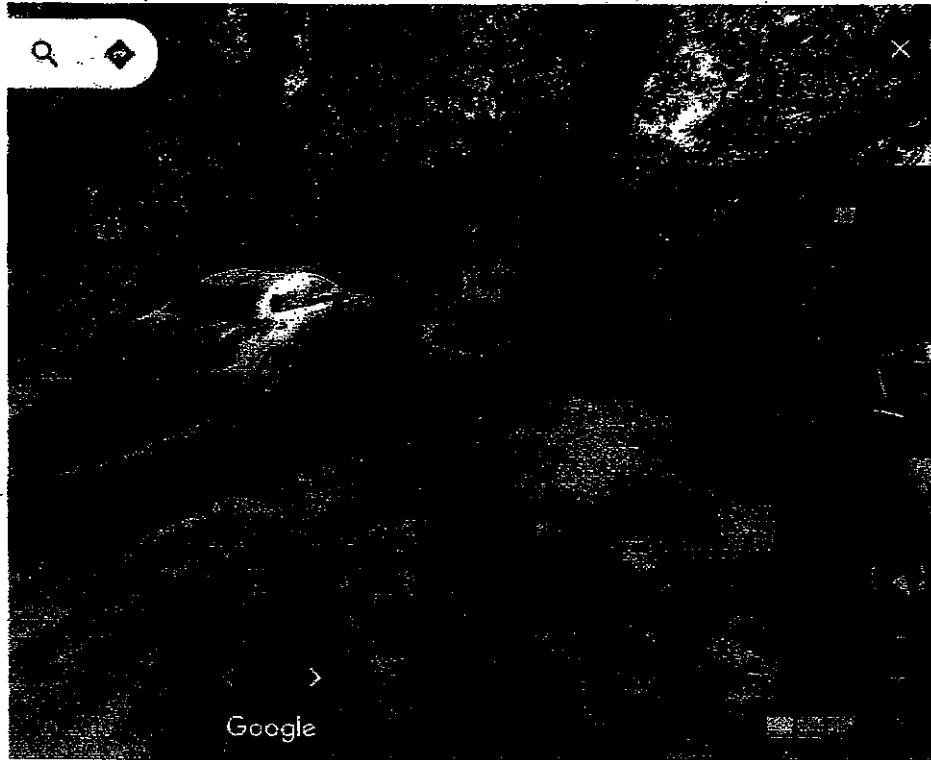

Village of South Nyack. It is astonishing that if this was the case, and the intent was not to establish some part of the zone in Upper Grandview, that the language did not simply state a measured distance from the former village border. Beyond this, there are at least 30 and possibly up to 35 (depending on how the spaces are measured) parking spaces on the South Boulevard right of way within the limits of the former Village. It appears that this proposed zone would cover very few of those spaces currently in use.

The following is a map rendition of where we think the 375 foot zone was intended to be located. The extent of this zone is shown by a red line, the area in which a zone permitting overnight parking on the shoulder is needed is shown by a blue line.

The area in which the overnight parking permitted on the unpaved shoulder zone is needed is roughly from 35 feet south of the junction of Upland Drive and South Boulevard at 30 South Boulevard, southwards to the former village line.

30 South Boulevard

This Google Maps Street View shows parking spaces for four or five cars (This is or was a two family house). You can clearly see the garage and house are located far lower than the street grade. This house was constructed before 1950 and when South Boulevard was widened and leveled it created a slope far too steep for cars to access the garage. Consequently, over the course of years, the shoulder area was built up by the homeowner to facilitate parking. (I note here the camera does not really convey the steepness of the terrain.)

The Rockland County Base Map showing the tax map lot lines and right of ways to the street superimposed over a satellite view for the area between 30 South Boulevard and 38 South Boulevard. These maps and lot lines are quite accurate – considerably more so than the Google renditions of lot lines frequently seen on real estate broker websites.

The top arrow identifies the parking area on the shoulder at 30 South Boulevard and the lower arrow the parking area at 38 South Boulevard. (The house numbering on South Boulevard is a bit strange often jumping numbers...sometimes by 100...)

Google Map Street view of 38 South Boulevard. The house is so much lower than the road you can only see the peak of the roof...

Beyond not covering the many spaces on South Boulevard the proposed law also limits the ability to park overnite on the unpaved shoulder to the east side of South Boulevard. This is disappointing in that there are two houses which have their only parking on dug out areas of the west side shoulder, 202 South Boulevard and 231 South Boulevard. It should not be problematical to include the west side in the zone since there simply is no shoulder to be parked upon other than these two dug out spots, between 30 South Boulevard and the southern border of the former Village. The shoulder on the west side in this area is characterized by very, very steep slopes which end within a foot or so of the paved surface. Again, the camera simply does not convey the steepness of the slopes leading down to South Boulevard.

Dug out shoulder on west side at 231 South Boulevard.

I don't want to take up your time showing and explaining every single parking place on the shoulder. There are several houses with driveways on the east side, which are located towards the southern end of South Boulevard, but the vast majority of houses on the east side of South Boulevard are parking in places fashioned by privately leveling and filling on the right of way.

**202 S Boulevard Dug out on west side of road.

These people literally have no other place to park.

234 South Boulevard Google Maps Street View

This house is a 2 family which relies on shoulder parking both directly in front of the house and immediately to the north. Note how much lower the house is than the road.

As I said earlier I could go on and show you more pictures which are essentially the same. On the entire eastern side of South Boulevard the majority of the houses accomplish parking by the spaces within the right of way. The zone where this is formally permitted needs to be profoundly expanded and encompass the entire area between 30 South Boulevard and the southern boundary of the former Village.

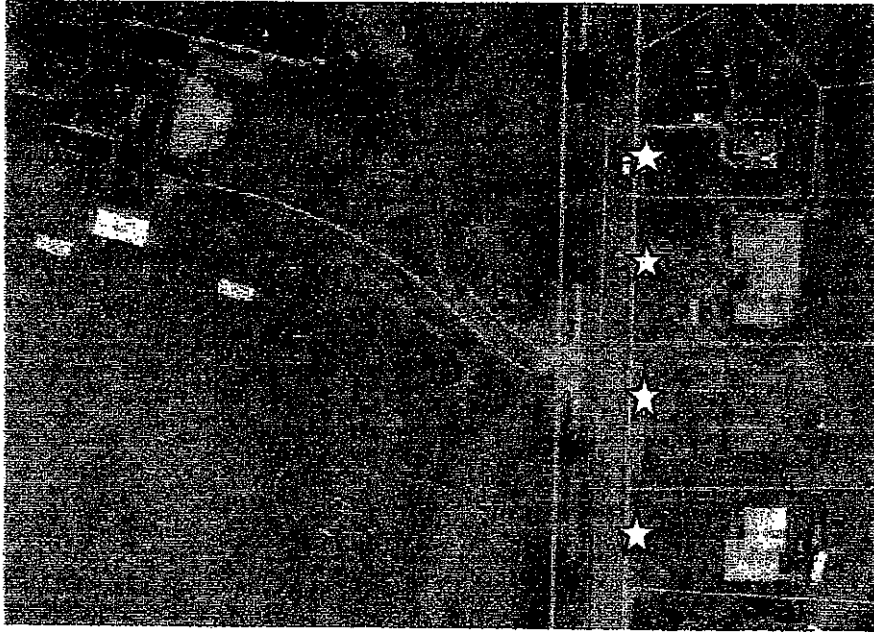

There is however an even more disturbing aspect to this proposed law as it applies to South Boulevard found in Section 5 Subsection 7, relating to prohibited parking or standing. The language in this provision again uses the absolutely bizarre method of locating a zone of exception in relation to a private driveway in Upper Grand View. Beyond that it establishes a "limited exception" to the prohibition in a 375 foot zone located somewhere near the border of the Village without further defining the exception...In other words, taking this subsection as it is written, you can apparently park in the traffic lane within that 375 foot zone. Amazing.

Third world countries routinely produce better legislation than this .

Unfortunately there are other shortcomings in the law which need to be addressed .

HIGHLAND AVENUE

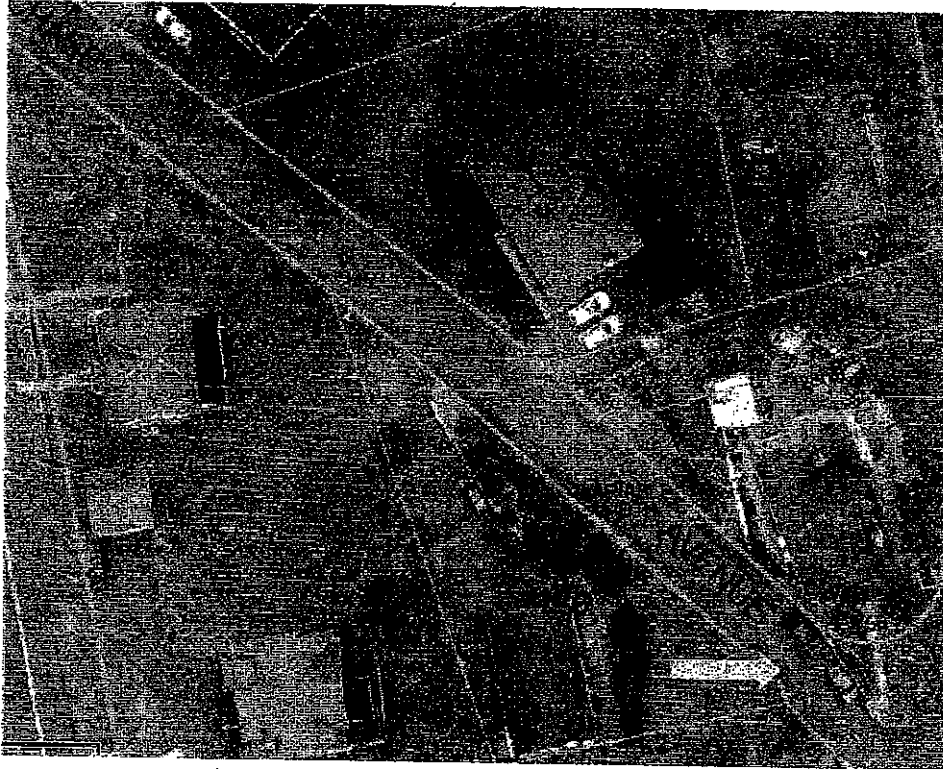

The law expressly prohibits parking on Highland Avenue. People in the upper section of Highland directly east of the former college's athletic field frequently park at least partially on the shoulder in front of their houses when snow is forecast. Their driveways are fairly steep and under those weather conditions they don't want to run risk of not being able to get up the grade to the street. To prevent ambiguity this should be addressed.

Highland Ave. Stars show locations where people sometimes park on the shoulder if inclement weather is expected.

CHASE AVENUE

The situation on Chase avenue is unique. It is amongst the most lightly traveled roads in the former village. Although it does not see much traffic, the portion of Chase which runs uphill from the junction of Chase and Prospect to South Boulevard is much wider than the Prospect, or the north-south section of Chase which was formerly considered part of College Avenue. Although both sections of Chase are listed as 25 feet in width only the east west portion between Prospect and South Boulevard actually is. The people who live in the house at the junction of Chase and Prospect have no effective parking space other than on the right of way on the east-west (wide) section of Chase avenue. (See base map showing location.) They also told me they recently, at considerable expense, installed a charging station for their electric car in the area of where they park. Perhaps they could also be included as a permissible area for parking on the shoulder. Excluding them would create an undue hardship.

GESNER AVE.

The 300 foot no parking zone on Gesner Avenue creates a problem for disabled access. The hill leading down to the water is very steep. People with limitations of movement would not be able to walk. I doubt that it would be safe to transit in a wheel chair. Some provision for access to the water by vehicle for the disabled needs to be made.

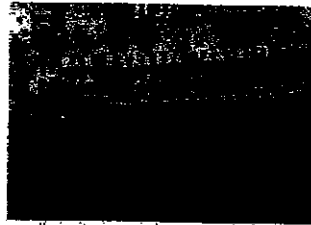

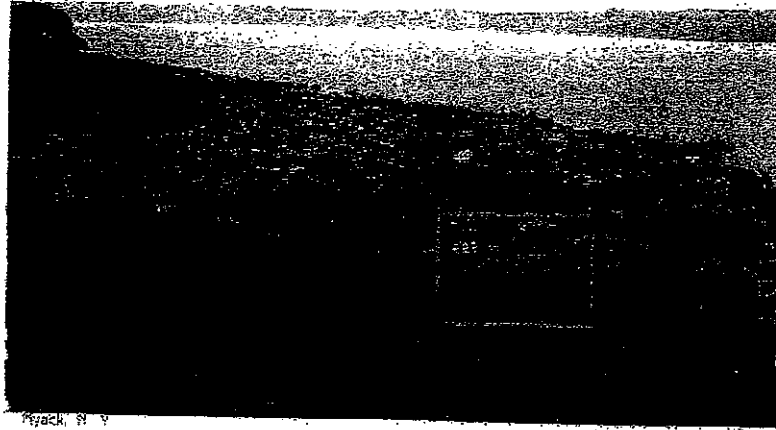

EVENT PARKING

The consultant study listed Nyack as having five street fairs a year. In fact they host many more events and festivals for which South Nyack essentially provides free parking. These include fireworks, jazz festivals, Halloween Parade, Exotic Car Shows, etc. Many of these events create an actual physical danger to South Nyack residents through traffic congestion and dense parking.

Fire or ambulance response to South Nyack during such events is beyond slow. Don't have a heart attack at your home in South Nyack during a street fair because the ambulance is not going to reach quickly... South Nyack gets nothing out of this. South Nyack residents wishing to participate in Nyack programs or use Nyack facilities which require a fee, pay the same rate as New Jersey residents -generally double what Nyack residents pay. Years ago Nyack afforded the discounted fees to residents of South Nyack in acknowledgement that they were essentially part of the event. This is no longer true. A policy of alternate side parking prohibition for South Nyack during Nyack events would enable emergency response vehicles faster access since at least traffic would be able to get out of the way of first responders. At present with dense parking on both sides of the street and heavy and slow traffic there is simply no means to get out of the way of emergency vehicles.

This really needs to be addressed.

IMPORTANT! Keep our South Nyack residential community quiet and safe. Attention neighbors!

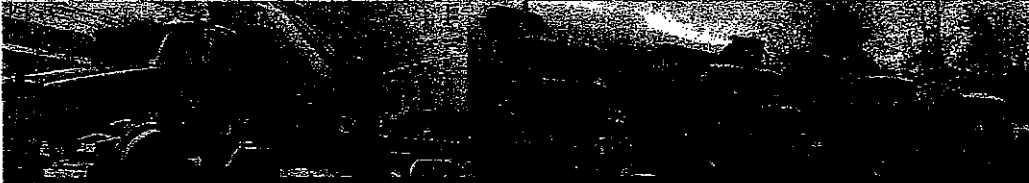

If we don't act, our neighborhood faces --

- Traffic in/out, and idling, idling on Brookside Avenue, the former 1100 building and adjacent public parking lot, during the night and pollution day and night, and the impact on our neighborhood including school children!
- No parking will be available for our neighbors without time ways which drastically lower their property values. This means comparable sales will lower all our property values and raise our taxes!!
- Dumping of the old car, parking lot to maintain for 18 wheelers at all hours 24/7 under the pretext of "storage use"
- Change Z zoning from R-4 residential to HO commercial right in the middle of an entire area of R-4 residential, easily defined as "spot zoning" and not allowed by law.

Please act!!

- Attend the public zoning hearing at the South Nyack Village Hall on February 28th, 7:30pm and make your voice heard.
- Donate to help defray the attorney costs. See the ForandMe.com page entitled "Neighbors at risk of losing their parking."
- Sign the petition to demonstrate our concern to the village board.

Questions??? Email Enad.BrooksideParkingSouthNyack@gmail.com

IN FACT, NO 18 WHEELERS WERE EVER GOING TO USE THE PROPERTY. THEY INTENDED TO USE THE BUILDING FOR STORAGE OF PARTS.

APPARENTLY OUR DISINGENUOUS COMMERCIAL LANDLORD WHILE BEING OH SO BOTHERED BY THE DANGERS TO CHILDREN POSED BY PHANTOM TRAILER TRUCKS WAS NOT AT ALL BOTHERED BY THE FACT THAT THE STATE SHIFTED THE BUS ROUTE TO FRANKLIN STREET AND 44 FOOT LONG BUSES WEIGHING 45,000 POUNDS ARE WHIPPING BY THOSE PLAYING CHILDREN EVERY HALF HOUR OR SO...

**FALSE STATEMENTS ABOUT THE FINANCIAL IMPACT OF PROVIDING A
SUBSIDIZED PARKING LOT**

THE LANDLORD PROMOTING THE IDEA OF CONTINUING SUBSIDIZED PARKING TO BENEFIT HIS BUSINESS, HAD FALSELY CLAIMED ON FACEBOOK THAT NOT SELLING THE DPW WOULD COST THE INDIVIDUAL TAXPAYERS OF SOUTH NYACK A MERE \$39.00 DOLLARS PER YEAR. IN THIS FACEBOOK POST A SMART WOMAN POINTS OUT THAT IT WOULD ACTUALLY COST IN THE AREA OF AT LEAST \$275 PER TAXPAYER PER YEAR AND POSSIBLY AS HIGH \$367

Thank God that 40+ residents showed up February 8th and spoke out causing the SN BoT to table their vote to "spot zone" the DPW/municipal parking property without proper environmental studies. Now we ALL must show up one more time as the Orangetown BoT considers the same offer to buy the DPW/municipal parking properties by Durso Trucking - THIS TUESDAY, MARCH 29TH, 4PM. The \$39 estimate is inaccurate. \$1.65 million appraised value for the DPW property divided by 750 taxpaying households = \$2200 per household, if paid over 8 years that's an average of \$275 per year. That's in addition to \$1.2-million of other legacy village liabilities costing \$1600 for the average taxpaying household or \$200 per year over 8 years. 8 years is the maturity on Village's bond, which is the last debt due, and the furthest the legacy payment can be extended. If the liabilities are retired in six years not selling the DPW would cost the average taxpaying household an additional annual tax of \$367/year.

WHEN THE PARKING LOT WAS ESTABLISHED THE VALUE OF A HOME ON BROOKSIDE WAS CONSIDERABLY LOWER THAN A SIMILAR PROPERTY IN ANY OTHER AREA OF THE VILLAGE. EVEN TEN YEARS AGO IT WOULD HAVE BEEN POSSIBLE TO BUY A HOUSE ON BROOKSIDE FOR 25 PERCENT OF WHAT A SIMILAR PROPERTY WOULD COST SEVERAL BLOCKS AWAY. THAT IS NO LONGER THE CASE. HOUSES ON BROOKSIDE NOW COST EVERY BIT AS MUCH AS OTHER NEARBY AREAS. TWO OF THE ORIGINAL "WORKER HOUSES" WITHOUT PARKING SHOWN ON THE 1899 POSTCARD DEMONSTRATE THIS

A QUESTION

THIS HOUSE IS LOCATED AT 204 SOUTH BOULEVARD. IT ALSO HAS NO OFF STREET PARKING. SOME YEARS AGO THE OWNER, OVER A PERIOD OF SEVERAL YEARS, PERSONALLY LEVELED OFF AND FILLED IN THE SHOULDER AND CREATED TWO PARKING PLACES WHICH ARE ACTUALLY ON THE RIGHT OF WAY OF THE ROAD.

SHOULD THE OWNER OF THIS HOUSE WHICH DOES NOT HAVE OFF STREET PARKING, BE PAYING EXTRA TO SUBSIDIZE PARKING FOR SOMEONE WHOSE HOUSE IS WORTH \$250,000 MORE? SHOULD THE NUMEROUS OTHER OWNERS OF HOUSES ON THE MOUNTAINSIDE, WHICH DO NOT HAVE OFF STREET PARKING, BE SUBSIDIZING PARKING FOR A COMMERCIAL LANDLORD?

**TOWN OF ORANGETOWN
LOCAL LAW NO. 2 OF 2024
AMENDING CHAPTERS 24 & 39 OF THE TOWN CODE ENTITLED "PARKING
LOTS & METERS" & "VEHICLES & TRAFFIC" OF THE TOWN CODE**

Councilman Jerry Bottari, seconded by Councilman Brian Donohue introduced the following proposed local law, to be known as Local Law No. of 2024, entitled "A LOCAL LAW OF THE TOWN OF ORANGETOWN, ROCKLAND COUNTY, NEW YORK AMENDING CHAPTERS 24 & 39 Within South Nyack Hamlet."

SECTION 1. Statement of Legislative Intent. The Village of South Nyack was formally dissolved as a legislative jurisdiction on April 1, 2022 as that same area became a part of the Town of Orangetown jurisdiction. Per the 'South Nyack Final Dissolution Plan', July, 2021, by Laberge Group, page 18, pursuant to GML Article 17-A §789, all Village local laws, ordinances, rules or regulations, in effect on the date of dissolution shall remain effective for a period of up to two (2) years following dissolution, or until such time as the Town board shall adopt, repeal, or integrate such laws into the Town code. Moreover, such local laws shall be enforced by the Town within the limits of the dissolved Village as if they had been duly adopted by the Town Board. Based upon the March 2023 'Draft Hamlet of South Nyack Parking Study', by Laberge Group, this local law proposes a new comprehensive framework of Town policies that regulate parking and related aspects of circulation within the hamlet of South Nyack. This local law also provides for the repeal of associated former Village laws, since they will no longer be controlling upon the adoption of this local law.

SECTION 2. New proposed town code changes are described below. New proposed code is shown as underlined, while if text of the existing text is removed, the text shown as removed is stricken, meaning it has a line through it.

SECTION 3. Chapter 39, Article I, Subsection 39-3 'Prohibition of all-night parking', enable exclusions, for select streets, by adding within subsection A. a new:

SECTION 4. Within Chapter 39, Article I, Subsection 39-5, "Prohibition of stopping, standing or parking in specified places" of the Town of Orangetown Town Code, add a subsection and criteria under a new subsection heading for the South Nyack hamlet. Subject: Rockland Cider Works ("RCW") Public Hearing

To: <pvalentine@orangetown.com>, <bdonohue@orangetown.com>, <tdiviny@orangetown.com>, <gbottari@orangetown.com>, <supervisor@orangetown.com>

All,

Please accept this email as my personal statement to be submitted as part of the record for the public hearing on the proposed zoning amendments by RCW on January 23, 2024. Aside from the myriad of issues that agreeing to the proposed zoning change presents, including devaluation of resident property values, traffic dangers, and noise and actual pollution, I want to highlight another issue that I believe is often overlooked or outright ignored as part of this discussion.

RCW stresses the importance of supporting and maintaining small, local business, and how RCW (as a fledgling business), and Van Houten Farms need this zoning change in order for their businesses to survive. However, what they fail to acknowledge, is that by granting their proposed zoning change, they/you will be essentially dismantling another small, local business - Van Houten's tenant Silver Rock Farms. Silver Rock is a *tenant of, a separately owned business, and not part of the Van Houten business*. As I am sure you are aware, Silver Rock is an equestrian facility. For decades, this business has been an incredible contributor to the local community, including Girl Scouts and local programs for veterans, children and adults with special needs. Their business is dependent on horses, which are flight animals. Building out and then hosting large scale events with music and crowds next to an equestrian facility with animals that can scare easily ridden by children and disabled individuals is not viable. I personally am a private boarder at Silver Rock. The owners of this business are like family to me, but if this proposed zoning change is passed, I will be forced to relocate my horse. It will no longer be safe or viable for me to board or ride my horse on the property where there is construction, and later large scale alcohol production and events hosting hundreds of people and music. Further, I have serious concerns about the safety and security of my animal when RCW would be hosting such events after Silver Rock has closed. As much as RCW bills themselves as a family friendly operation, we all know that consumption of alcohol, served in any setting, creates questionable judgment and liability concerns. What will security be like at RCW? What happens if someone makes a poor decision and my horse is harmed, or they are harmed by my horse because of a security breach? What happens if the propane tanks that are located on the property to produce the cider, which I anticipate will grow, explode with 50 horses trapped in the barn? Who is responsible then - certainly not myself or the owners of SRF, but the owners of RCW and Van Houten certainly will be.

Unfortunately, I am sure I am not the only private boarder with these concerns. Additionally, as an insurance professional, I worry that Silver Rock will be unable to maintain their own insurance coverage if their current or a prospective insurer sees the landscape and use of the property their facility operates on changing to host large scale music events with alcohol being produced and served.

All of these things, I'm afraid, will be the demise of this local, small business that has been a pillar of this community for 30 years. I ask that you take that into consideration when making your decision to rezone the community to accommodate a business that began their operations illegally and now are retroactively asking for an accommodation to continue their business in a location that is not viable or zoned for their business model. I wish RCW success with their business, but it should be operated in an area properly zoned to do so.

Kind Regards,
Corrie Hurm

Subject: RCW

John and Brenda Torpey reside in a single family home at 79 Sickletown Road, Orangeburg, New York, which John purchased in 1971 because of the rural setting, country atmosphere and acre zoning.

We understand the Town appropriately issued violations to RCW for their operations that simply do not fit in our neighborhood.

Our home is merely 200 yards north of the RCW property, we are familiar with the Van Houten Farms and Rockland Cider Works operations conducted there.

As residents we are familiar with the Town of Orangetown zoning code (Town Code), which of course was designed and prepared to ensure compliance and conformity for the benefit of all residents.

During the past fifty years, our family often visited the Van Houten Farm stand Business to buy fruits, vegetables and plants, the appropriate use of the property, that fit well into the quiet residential setting.

In 2019, we observed signs on the property fencing advertising "Music in the Garden". This developed into loud music emanating from the RCW property.

Food trucks eventually appeared at the RCW properties entrances and exits, idling and generating fumes and noise that have traveled into neighborhood properties. We have also observed refrigeration trucks idling at the rear of the property at night.

We were unaware at that time that a liquor license had been issued to RCW and that hard cider was being produced and served to the public outdoors, only a couple hundred yards from our home, in what could only be described as a bar and outdoor concert like atmosphere.

On some weekends there had been heavy traffic due to the entertainment venue and bar atmosphere. We've have had to call the Orangetown Police Department regarding the traffic situation.

As local taxpayers, we respectfully request the Town Board prohibit such behavior unless and until such time as RCW obtains all necessary approvals, permits or certificates of occupancy required to operate. We must all be bound by the same rules, including the Town Code.

We did not raise our family in this area only to have it suddenly transformed into a carnival with food trucks, loud music and strangers in abundance. This was once a quaint and residential neighborhood and it was the reason we decided to live here. RCW cannot be permitted to ruin that for our entire neighborhood.

We RCW's operations are a continuing violation of the Town Code, and the current zoning laws should remain, not changed to placate a single business.

We remain adamantly opposed to any change in the zoning as it will eventually affect all of

Orangetown.

Thank you for your consideration in this matter

Sincerely

John and Brenda Torpey

We wish this email be included in the record of the January 23, 2024 Public Hearing for the Local Law regarding the legalization of agri-tourism and farm wineries/ farm cideries in Orangetown R40/R80 zoning districts.

Sent from my iPad

This email is to be included in the Record of the January 23, 2024 Public Hearing for Local Law proposed changes, for ZONING R40/R80 farm cidery and agri-tourism.

For inclusion of Town Board Meeting January 22, 2024 regarding Amendments to Chapter 43.

My name is Stuart Rasch, I reside at 40 Sickletown Road, Pearl River.

Over the years, our house and property have required renovations, additions, and reconstructions in compliance with the regulations and rules we have applied for permits, and in the case of renovation of our pool, we required a variance for the location of the hot tub associated with the pool. We required a permit from the highway department in order to place a berm of trees on our property. We required a permit from the health department when we installed a geothermal unit, when we rebuilt or deck. Had our permits been denied, we would not request a change in the law, or a change in zoning regulations, as the Ciderworks have done.

We have always enjoyed the Vanhouten property as our neighbor, frequently purchasing gardening equipment, vegetables, fruit, corn, as well as shrubbery, and trees to plant at our house. We have enjoyed watching the horses in the stables on the property as well. In our 30 years living on this property, we have never had an argument or dispute with how their properties are maintained.

Approximately four years ago, without notice, and without input the Rockland Ciderworks established a new business on the property. This property was not zoned or permitted for the purpose that the Ciderworks established. After they opened, Rockland Ciderworks, went to court, to force the town to provide the

permits, ex post facto. They were again denied, and by their own admission they have continued to have concerts and events starting 2019 through 2022, despite the fact that this has been found in violation of zoning ordinance and fire department permitting requirements. They were issued fire code violations, which forced them to stop using the Greenhouses. They were finally closed in 2023 after a lawsuit forced them to stop violating local law. Now rather than comply with zoning regulations, they seek to change the regulation. Does this seem fair? What if the owners of Evergreen Court for Adults, asked Spring Valley to change the Fire Code after the building burnt down?

Now, this board wishes to reward this behavior by changing the zoning regulation to permit these illegal activities. Not to mention the changes in zoning regulations may have an effect on other properties within the town. I am not only concerned about this reward of bad behavior. I am also concerned about how this will change the character of the community at large. I have sat through multiple board meetings over the past two years and have heard members of the board continuously discuss maintaining the quality of life that this suburban community has grown to enjoy. In the face of homeowners who wish to rent their property either on a daily basis, a weekly basis, a monthly basis they have continuously sided with neighbors and other property owners to restrict this activity. Frequently, Mr. Vantine, has bemoaned the creation of high density properties in residential areas, yet when it comes to the Rockland Ciderworks, not only would they allow for a music venue, along with serving of alcohol, the sale and purchase of alcohol and the production of up to 250,000 gallons of cider per annum, which would represent 15 gallons for each man, woman, and child of Pearl River in my reading of the rules and regulations, the Rockland Ciderworks would also be entitled to have up to five additional "branch" locations this is not addressed specifically in the proposed zoning changes.. (see NYS SLA) Theoretically, based on my interpretation of the regulation, they could open up a "lemonade stand" and sell New York State beer, wine, cider, and mead, nearly anywhere in the town. I am not entirely sure what would stop them from

using the local bus shelter, or putting up some other structure and selling cider to the public, much like the flower stands that open during Valentine's Day, or the Christmas tree stands that open each season. I have never seen a permit on either of these activities, and would not even know who to call to "report" these activities. I am also very concerned with who is supposed to enforce and police the activities at the cidery and any offsite locations they may use. That is not addressed in this zoning regulation, is it the buildings department? The town Council? The local Police? The Sheriff? The State Liquor Authority? The State Bureau of Farm Management? The Department of Agriculture? I ask, because, when we had concerns over the parking on Sickletown Road, we were advised that it is a County Road, and the town does not have jurisdiction, after months, signs were posted.

I have seen it in our community. The opening up of multiple smoke shops and vaping shops, open a storefront throughout the town, villages and hamlets and unincorporated areas. It is obvious that the shops have been selling items that they are not permitted to sell, yet they continue to prosper and reproduce without this board's involvement and regulation. These violations occur on a regular basis. I am sure that the same will be conducted on the property of the Rockland Ciderworks. Even if these violations are found, your ordinance does not have any requirements for compliance or fine that can be contemplated and enforced. Frankly, I am concerned that when the Rockland Ciderworks violates the terms of these ordinances that there is no one to complain to, and no action that will be taken. There is no consent Decree to require them to comply or lose their liquor license.

It is not that I am against the proper use, as contemplated by the New York State liquor authority for cider production in New York State. Other properties within the county have done their due diligence and are in non-residential neighborhoods typically with greater than 20 acres of property. Let us look at the farms that are continuing to operate in Rockland county. Note that I said farm. I do not believe that the Van Houten property has functioned as a farm since I moved in here over 30

years ago. In point of fact I likely have more fruit trees on my property than the VanHouten's does, as a matter of fact, I believe we purchased our fruit trees from them years ago.

As I stated, previously, I frequently purchased corn at the VanHouten shoppe, they do not grow corn on the 3 acres they control. I have frequently purchased apples from the shop yet they grow none. This reminds me of the Monty Python episode with the cheese shop, where a man goes in to purchase cheese only to find the shop has none. They can hardly be called a farm when they have no production. Under this theory, the Hunts Point Market in the Bronx should be considered a farm, As would many transfer stations in the county that accept and distribute produce.

There are some who suggest that the neighbors are anti-business and don't support local innovation, this is not true what kept the VanHouten's in business all these years was a hard work of Jim and Chris selling farm base products at neighborhood venues in New York City as a matter of fact, we frequently met them in Union Square park on 14th St. It seems that they were able to make money and keep the business alive despite the fact that the Pearl river location was closed at least three months of the year.

Let us now look at the history of farming in Rockland County, we have Cropsey Farms, Dr. Davies farm, and Conklin Farm, have long produced apples and other products for the community. Cropsey Farms 25 acres are situated in a non-residential neighborhood Dr. Davies farm 65 acres has recently applied and has currently opened a cidery and the Conklin Farms 194 acres not only produce food, but also is used for education on farming.

Not many present know about the Dr. Henry V. Borst, park is located on 3.6 acres of land in downtown Pearl River between East Lewis and E. George St., right off Main Street, this which was donated by a prominent local dentist, who died in a motor

vehicle accident, and under terms of his will, was to be maintained as such. The apple trees that were planted by him in the 1940's and continued to grow and flourish. There are more trees on this property and are on the property of the Van Houtens. Do you think it's a good idea for us to convert this property to an open air liquor store, only a few blocks from the Good Shepherd, church and school? Under the proposed regulations the addition of 1.4 acres of land would qualify this property.

In conclusion, we support the proper and currently permitted use of the VanHouten property, but refuse to accept the change of zoning regulations designed to protect the nature and quality of life in this community for the single benefit of one business no matter how long they have been in this area.

This email is to be included in the Record of the January 23, 2024 Public Hearing for Local Law proposed changes, for ZONING R40/R80 farm cidery and agri-tourism.

January 22, 2024

Teresa Kenny and Members of the Orangetown Town Board,

Good Evening,

My name is Carolyn Rasch, and I am a proud resident of Orangetown for over 30 years. Today, I stand before you to express my concerns and opposition to the proposed changes to Chapter 43 of the town code, specifically regarding the special permit use for farm winery and cidery on the Van Houten farm property in Pearl River, NY.

While the recent proposal has taken steps to address past complaints related to noise, traffic, and retail issues, I believe there are several critical aspects that require further attention and clarification. One significant concern is the lack of clarity on enforcement capabilities. When a property, such as the Van Houten farm, is out of compliance, who exactly do we turn to? Is it the Orangetown Police, the Building's Department, or the State Liquor Authority? Clarity in this regard is vital for effective and timely enforcement.

Additionally, while I appreciate the acknowledgment of past issues and efforts to address them, we must establish a robust mechanism for revoking permits and a clear timeframe for compliance reviews for any property seeking to open. This ensures accountability and safeguards the interests of our community.

Another point of concern is the determination of whether products are genuinely "locally" produced. The proposal lacks clarity on how this will be verified, especially in distinguishing between a New Jersey apple and a New York apple. I urge the Town Board to provide a transparent process for ensuring the authenticity of locally produced goods.

Now, turning to the issue of retail liquor stores and outside bars in a residential neighborhood, I firmly believe that such establishments are incompatible with the peaceful and residential nature of our community. The current property that prompted this proposed change has been a farm stand for as long as I have resided here. Introducing a retail liquor store and an outside bar would represent a substantial departure from the historical use of the property and could significantly alter the character of our cherished neighborhood.

In conclusion, while the recent proposal has made strides, it is essential to address these key issues to ensure that any modifications to Chapter 43 are comprehensive and in the best interest of our community. I

appreciate your attention to these matters and look forward to a
thorough and transparent discussion on these concerns.

Thank you for your time and consideration.

Please add my letter to the record of the Public hearing for the Zone Change.

Also I am requesting that Mr. Valentine recuse himself based on his conflict of interest.

My name is Faith Custer and I live at 54 Sickletown Rd, 2 doors away from VHF's and RCW. I have lived in Orangetown for 32 years and at this address for 25 of those years. I am a patron of the farm stand and a volunteer at the Handicap horseback riding program behind the farm stand.

We have multiple concerns about the proposed law change to accommodate RCW. Our primary concern is for the safety of the pedestrians, motorists, and the riders in the handicap horseback program. **This program is an asset to our community!** The horses in this program are all seasoned and vetted. They are used because of their quiet nature. However, they do not understand the loud noises and crowds, and do react. I have personally been a handler when this has happened. Not only does the noise become a distraction for the horses but also for the riders. The riders with sensory issues cannot focus with loud noises and crowds, and therefore can become agitated. The instructors must speak over the music and the horse handlers cannot hear the instructor. This puts the program in jeopardy.

In previous years we have experienced the wood stock effect of over attendance and inadequate parking and sanitary facilities. At the last special event there where cars parked up and down Blauvelt road. We do not have sidewalks! This forces the people to walk in the streets. We have already had multiple accidents in front of our house and others in front of the farm stand. Adding consistent traffic and alcohol to our neighborhood is dangerous and disruptive to the neighbors. In conclusion our concerns are:

1. The safety of the pedestrians and motorists.
2. Unregulated loud music endangering handicap riders
3. A 4 to 5 day week with long hour of operation that bring in crowds
4. Is the town prepared for the expense of hiring traffic control, and to enforce town noise and parking regulations.

The approval of this amendment will create one of the largest open air bar and entertainment venue in Orangetown. There are at least 5 other properties that the proposed law would apply to and will affect all those surrounding neighbors as well. Changing a law to Permit a Hazardous use in a Residential neighborhood does not protect the Taxpayers!

I urge the town board to permit the zone change to allow the cider works to continue.
If not allowed to continue, I feel this farm would be forced to close. Not in the best interest of our town.
However possibly in the best interest of those interested in the land.

• In 1989, my mom and dad pulled me into their kitchen for a conversation about my future. They said that they knew that Sharon and I were getting pretty serious in our relationship, that we were planning on getting married, and that we were going to want to start a family.

They told me that as I had foregone college, in order to go into the family business right out of high school, they wanted to give us the corner piece of property to build a home on. They did not offer to build us a home, but to provide us with the land that we would build our home on and to allow it to be built with the understanding that the land would be deeded to us at a later date. This is the same home that Sharon and I raised our family in, that Sharon and I live in today, and that our daughter just moved down the street from so that our granddaughter could be closer to us.

We broke ground for that home shortly thereafter and moved in in 1991. Over those nearly 30 years! those years I kept my word and ran the family business. Sharon, my wife, and my three kids worked worked at the farm stand. I paid the mortgage, the upkeep, and maintained our home. My father, Jim, referred to the house as "Chris's house" in legal documents.

On Monday, March 12, 2018, with no warning, my father sent his lawyer to inform me that I was being fired from the family farm business, my employee benefits would be discontinued immediately and that we were to surrender and vacate our home. We could keep our vehicles if we agreed to a severance package, agreed to vacate the house, and took title to the vehicles by close of business on March 16, 2018. We were given four days to vacate our home of over 20 years, leave our community, find a new home, completely upend the life of our youngest son who was still living at home, and find new jobs. Having paid the mortgage and all upkeep and repairs on our home we would not be able to realize the increase in value to put towards the purchase of a new home. Additionally, after having forgone retirement benefits in lieu of receiving 50% of the business, we now had to scramble, in our 50s, to begin saving for retirement.

As I believe any of you would, we immediately obtained legal representation and began court action.

After Jim again tried to have us improperly evicted from our home in September of 2023, we were forced to commence a second legal action. Both of these cases are ongoing in the NYS Supreme and Appellate courts.

We are not asking the town to get involved in a family matter. We are asking the town to refrain from making any decisions that impact the Van Houten Farms property while all involved parties resolve issues regarding our home, the larger property, and the business in court.

Should the town not be convinced that moving ahead with the passing of this law is unconscionable and move forward with its passage we are asking the Town Board to ensure the law has a provision in it that will protect our home by providing the same setbacks that are put in place for all other surrounding properties. Without such protections, our home will always be tied to the commercial commercial cidery as the parking lot will be on our property line and buildings may be created right against our that same property line. This will not only negatively impact our lives and as well as our safety and that of our small grandchildren, but grandchildren but will also make the home appear out of character in the neighborhood. The rest of the homes will have appropriate setbacks setbacks and this one will not so it will make the home and the RCW property both stand out as an eyesore even more so than if setbacks are properly accounted for.

In closing I ask that Councilman Paul Valentine recuse himself based on his conflict of interest with Rockland Cider Works.

Town board meeting January 23, 2024

About two months ago, I spoke to you about RCW with words I thought I would say for the last time in this setting. I've spoken, many times, giving you the honest truth, not our perception of the truth, in every way possible. Most of us were not yet born when the Van Houten family opened their farm on Sickletown Rd. We can only imagine how hard the family worked to till the land at which we've all shopped to this day. At the meeting in late November, someone said, "times have changed". Yes they have and not necessarily for the good of the majority. The reality is that there is now a generation of descendants of these hard-working people who have chosen a path toward "success" that skirted our town's laws on many levels. There are patrons of the Cidery, many of whom are not aware of its impact on the neighborhood and the entire town. Only when, and not "if", these patrons have to fight the RCW's neighbors' fight, along with the significant emotional and financial cost, will they truly know what it's like to have a venue such as RCW in their own backyard.

Let's weigh in on both sides.

FOR the reopening of RCW: It could be a fun venue, a place for folks to gather and buy lots of food and drinks and it's a source of revenue for the owners.

AGAINST the reopening of RCW, I will use a word suggested numerous times by a town board member -- COMPROMISE in the context of the Van Houten Farm/RCW Trust proposal.

RCW is not a problem that can be partially solved. Compromise might quickly turn into a full time problem. Suggesting compromise, neighbors will be asked to endure potentially intolerable disturbance only 4 days a week (weekends) and holidays, all until close to sunset. In addition, compromise will allow amplified or live music during special events. Compromise will allow less than the current legal footage from the roadside. Allowing the already limited setback, there still remains too small a piece of property for the permitted human capacity. Suggesting compromise means that traffic and parking problems will exist only 4 days and week plus holidays and that danger to pedestrians, property and even horse riders will be present only 4 days a week and holidays. Forget that there's no produce sold that is grown on the premises, compliance appears to be of no concern to these owners. They did not even comply with the parking offer made by the good people of the Naurashaun Presbyterian Church who had to rescind their offer of parking lot use due to breach of the restrictions. (?) And what compromise are you

to propose for the two illegally installed propane tanks that sit just feet away from a barn full of horses? The fire access road to the back of the property has simply fallen off the property site plan. There's also no reference to security even though neighbors have had incidents of theft, trespassing, garbage disposal and even urination on their properties. Speaking of that, where are the proposals for portable sanitation and sinks? Have the owners' suggestions all fallen in the name of compromise?

Does COMPROMISE mean we only have to pray for safety 4 days a week and holidays?

Considering all the problems surrounding this business that evolved behind the blinders of all the town inspectors, it's unconscionable that the town board would change the zoning laws of Orangetown and its 50,000 residents to accommodate RCW rather than dismantle the business and fine them for their repeated disrespect of the law. The public needs to understand this.

RCW is simply in the wrong location.

You've heard me with your ears. Now please, *listen* with your hearts. Thank you.

Joyce Taub

Town Board Members,

We would like to have this letter entered into the public record for the November 28th public hearing.

We have been Pearl River residents since 1962 and have always tried to support the Van Houten farm stand. We always thought them to be good neighbors and good citizens, with Chris volunteering in the local fire department. However, the events of the last few years have soured our opinion. Numerous times, we have tried to navigate past the farm past cars parked into the road. My wife rides a horse at the stable behind the farm stand, risking injury from her horse getting spooked from the noise from loud music.

In support of our friends that live in the immediate vicinity of the farm stand, we have attended numerous Board meetings. We were appalled to hear of the numerous code violations incurred by the cider operation and the attitude of the new management toward their neighbors, as well as town officials. Just as appalling is the apparent position of some of the Board members to look for a compromise. The message seems to be that bad actors get rewarded.

This is clearly a residential area, not a cider manufacturing center and concert venue. It is not a farm, it's a roadside stand. It's not historic, yet if you listen to the rhetoric from the current management, you would think that by not granting everything the Van Houten's demand, that it's the destruction of a sacred site. The new management has tried to use bully tactics by rallying its supporters against the neighbors who only want to be able to live in peace without weekend drinking parties. Furthermore, to rally support, their very own sign hung prominently on their fence implores people to attend the November 28th Board meeting, essentially says 'Save the 'Farm'. Is it necessary to try to deceive people? It's a roadside stand. It is not a farm! Each of the Board members should place themselves in the position of the cideries' neighbors and consider their vote with that in mind. Can you honestly tell me that you would approve of the cidery as your neighbor, especially given the past disregard of rules? Do you think any of this will change with some suggested compromises? Even after it should have been clear to the Van Houten's that they needed to show they could hold events and maintain order, in 2022 they held two more events with live bands. Police and County Hwy dept workers were sworn at and cursed out when trying to rectify dangerous traffic and parking issues. The large VHF greenhouse was closed due to fire code violations (they had already received two warnings by the fire marshal that the Greenhouse could not be used in this manner), and No Parking signs had to be placed on both sides of Sickletown Rd in the vicinity of RCW. And yet, a compromise is suggested. I'm at a loss to understand why anyone would support a compromise. It seems quite clear that whatever the rules imposed, they will not be followed, leaving the neighbors to continually call the police.

I implore that the Board honor the wishes of the neighbors that have had their peace and quiet disrupted by the cider operation. Show that the Town will truly protect the residents, and not reward the bad actors.

Sincerely,

I would like to address the parking and security issues that have already occurred and are likely to grow with the legalization of farm wineries and farm cideries in Orangetown. These issues are linked and are not addressed adequately in the proposed new law.

Parking

- The proposed law calls for **one space per employee and one space per 2.5 cidery clients** at full capacity. This does not include clients and employees of the farm stand or garden center, handicapped patrons, or food trucks.
- It does not account for any additional parking for festival needs. With 18 events allowed per year this needs to be considered.
- The VHF rear parking lot is approximately 202' x 53'. This is three feet shy of the amount of space needed to park 2 rows of 22 cars each based on Orangetown's specs for parking lots.
- The small triangle of open space in the corner at the intersection of Sickletown / Blauvelt can fit a few cars but access to it would remove some parking spots from the main parking area.
- The far end of the rear lot, nearest the stable's riding ring is used to park four large commercial box trucks, a smaller commercial cargo van, plows, large plant racks, materials / supplies and a work area between the loading dock and rear greenhouses.
- The current rear lot seems to be approximately 25 people / 10 spots less than the 150 person R40 capacity needed for RCW alone.

- The "No Parking" signs on Sickletown road will force those who do not want to, or cannot fit into, the parking lot to walk further distances and pass more houses. This simply spreads the security problem farther afield.
 - The police cannot do much when the person who just urinated on your trees or trespassed in your yard is gone by the time that they arrive. The town should not be spending its resources acting as a security service for a privately owned business.
 - Holding public hearings to revoke special event permits is a lengthy process and does nothing to establish safety on a day-to-day basis.
 - That the town was not able to address safety issues while a cidery was open, yet is now entertaining its legalization, with no safety protocols in place, highlights resident's valid concerns regarding the operation of a bar and entertainment venue operating in a residential neighborhood.

Subject: RE: Temporary Greenhouses

Thank you for contacting the Department of State Division of Building Standards and Codes (DBSC).

Your Question:

can a temporary greenhouse be used to seat and serve the customers of a farm winery and can bands perform in such structures?

Our Response:

No.

As detailed in the Technical Bulletin, a temporary greenhouse is not a building. It is specialized agricultural equipment.

Please note in the technical bulletin that "In no instance will a temporary greenhouse be used for the retail sale of any farm or non-farm products."

Once the structure is utilized to seat and serve customers, it becomes an assembly use and must meet the uniform code provisions for a building/structure.

If the structure is utilized by the public, it no longer can be classified as an agricultural building.

Please see attached technical bulletin on Agricultural Structures.

To be utilized as a 'membrane structure', the structure would need to meet the requirements of Chapter 31 of the Fire Code. The materials in a temporary greenhouse probably do not meet the required flame propagation and structural requirements, among many other things.

SBL: 69.19-1-6

Public Hearing: 11/28/23 at 7:05p.m. 01/23/2024 at 7:10 pm

Dear Town Board Members:

The undersigned Christopher Van Houten and Sharon Van Houten ("Objectants") are the owners of the home that is located on real property in the Town of Orangetown that is adversely affected by the Proposed Zoning Text Amendment/Zoning Law Changes submitted by Van Houten Farm Market Benefit Trust ("Proposed Zone Text Amendment") scheduled for a Public Hearing before the Town Board on November 28, 2023 at 7:05p.m pertaining to SBL 69.19-1-6 ("Property"). The Objectants also claim ownership to half of the Van Houten Farm business and the Property. Accordingly, Objectants claim ownership to greater than 20% of the Property¹.

Pursuant to New York State Town Law §265(1)(a), the undersigned landowners ("Objectants") own "twenty (20) percent or more of the area of land included in such proposed change." Notably, the Objectants claim ownership to not only the home situated thereon but also 50% of the Van Houten Farm business and the Property. This clearly comprises more than the 20% threshold required pursuant to Town Law §265(1)(a).

Pursuant to New York State Town Law §265(1)(a), Objectants hereby protest and formally object to the proposed Zone Text Amendment which includes and affects the parcels listed below the signers' names. The Objectants protest and oppose this proposed law for a number of reasons, including, but not limited to the fact that the proposed change: 1) is solely to benefit one commercial operation at the detriment to the neighboring single-family residential property owners; 2) weakens the Town's zoning code in its entirety; 3) allows a commercial enterprise in a strictly residential neighborhood; 4) destroys the entire character of the strictly residential neighborhood; 5) encourages increased traffic, fumes, noise, and a commercial enterprise in a strictly residential neighborhood; and 6) there is no reason the petitioner cannot rent suitable space for its proposed operations in a commercial zone.

Moreover, the proposed law violates and exceeds the intent and spirit of the Orangetown Comprehensive Plan, which seeks to promote residential development, not commercial operations

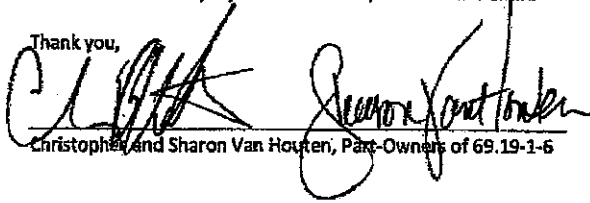

¹ Please note that this ownership dispute is the subject of two pending litigations before the Rockland County Supreme Court (Index Numbers: 034361/2023 and 031590/2018).

within a strictly residential neighborhood. Pursuant to the Comprehensive Plan, the R-40 and R-80 Zoning Districts, which is precisely what the proposed law seeks to modify, are included in the Very Low-Density Residential land use category. The proposed law would destroy the character of this very low-density residential neighborhood.

Further, the proposed law promotes improper land use in a very low-density residential neighborhood that infringes on the constitutional property rights of the Objectants and the use of their land, who purchased their single-family residential home with the intent and desire to live in a very low-density residential neighborhood – not next to a commercial, live entertainment, complete with food trucks, live music, outdoor alcohol service, and firepits.

Pursuant to Town Law §265, a resolution to adopt the Proposed Zone Text Amendment requires the approval of at least three-fourths of the members of the Town board in the event that such resolution is the subject of a written protest by the owners of twenty (20) percent or more of the area of land included in the proposed resolution, as set forth herein.

Thank you,

Petition of Support

Name	City	State	Postal Code	Count	Commented Date	Comment
1 Gery Cobb	East Hampton	NY	11937	US	4/11/2023	"I support American agricultural businesses in all forms. As a proud member of a 15 generation New England farming and fishing family I am acutely aware of the difficulties that small scale farms constantly struggle with in the face of ever expanding suburban sprawl. My government is also fully aware of these struggles as evidenced by state level initiatives aimed at agricultural districing, equipment and farm breweries, distilleries and cideries. I fully support all of the efforts of Van Houten Farms and Rockland Cider Works as they struggle to keep an agriculture alive in Rockland County."
2 Donna Pappas	Orangeburg	NY	10962	US	4/11/2023	"This farm bring so many great assets to the town. Believe it is critical to get Orange town successful"
3 Susan Kramer	New York	NY	10003	US	4/11/2023	"I love supporting a family-run business that supplies me and my own family with fresh produce and trees and plants for my garden. It just wouldn't be spring without them! They should be giving them all the support they need. They are an integral part of my community. There is no going back once you stick yet another development on their land."
4 Robert Amicucci	New York	NY	10027	US	4/11/2023	"Robert Amicucci"
5 Arthur Soyk	Tappan	NY	10983	US	4/11/2023	"Losing this business would be a great loss for the gardeners and community."
6 Barbara Lorbur	New York	NY	10014	US	4/11/2023	"Van Houten produce and their annual flowers have been a central and MAJOR bright spot in my home and garden for decades. If this wonderful farm is lost to the Greenmarkets of NYC it will be a tragedy for all of its customers here as well as a grave loss for Rockland County."
7 Eilon Harelid	Brooklyn	NY	11220	US	4/11/2023	"Small and medium sized farms are essential to the welfare of our county and the region."
8 May Galbraith	Nanuet	NY	10954	US	4/11/2023	"We need our farms!" "I've done business with Van Houten Farms at the Union Square Farmers Market for many years. It's hard buying bedding plants in New York City and they have been a great resource for me, bringing me special orders when I've asked. I've visited and bought larger plants and shrubs at their Orange town location when I've had a rental car so I have an idea about their business there. I'm a small business person myself and I know that the sales tax that is brought in by these businesses is an important revenue stream for the city and state. I don't want to rely on big box stores with so many plants for my garden. I support Van Houten Farms!" "I think the town is not being fair to Van Houten's, it was so cool to listen blue grass music and enjoy being outside with friends and family. I am so disappointed with Theresa Kenny, I will not understand why they have shut this great venue in Rockland. It's shameful!"
9 Josh Tucker	New York City	NY	10014	US	4/11/2023	"I think the town is not being fair to Van Houten's, it was so cool to listen blue grass music and enjoy being outside with friends and family. I am so disappointed with Theresa Kenny, I will not understand why they have shut this great venue in Rockland. It's shameful!"
10 May Hiceno	Pearl River	NY	10955	US	4/11/2023	"We need to save farms and open spaces in Rockland"
11 Pamela Hudson	New City	NY	10958	US	4/11/2023	"I have concerns that Orange town is more interested in potential tax revenues from this land being redeveloped than preserving a local business and the generations of community it has supported, and continues to support. Many local growing spaces have already been lost. When we protect local agriculture, in any form, we are protecting our own ability to grow food, flowers, green spaces. There is an ongoing, concerted effort nationally to remove local sources of agriculture, toward ever increasing our reliance on corporate sources of food and plants. While I don't dismiss the impact of each of us on our neighbors, I don't believe the answer is to close Van Houten's doors."
12 G M	Spunk	NY	10970	US	4/11/2023	"I love Van Houten Farms and value it greatly. You should too!"
13 Tavia Gilbert	Brooklyn	NY	11215	US	4/11/2023	"This heritage farm has fed us since the 1800s, nurtured us during the pandemic with contactless fresh foods, tried to keep our experience great for families and local residents. They are fully entitled to use their family farm to keep it viable. This is restraint of trade! There is really no issue with parking. Perhaps the church can open their lot after services to families who wish to hear the music?"
14 Mick Leader	Orangeburg	NY	10962	US	4/11/2023	"My family has been going to Van Houten's since they opened for business over 60 years. We must support the local farmers...do you know how many people will be effected if they close? Not just the owners, staff, the farm hands/workers, but the community, they help to support children who have health related issues so with Van Houten's contributions it helps these children attend the Kaufmann Camp program...its not just spring, summer plants and produce...but we have fall, Halloween and Christmas!"
15 Dawn Rooney Scottareggle	Pearl River	NY	10965	US	4/11/2023	"I support the Farm and the history behind it."
16 Paul Calmerl	Westwood	NJ	7076	US	4/11/2023	"I am a life long resident of rockland county who lived and worked in Manhattan for 28 years. From childhood memories of picking a pumpkin or a wreath to Union Square flowers for my Manhattan balcony, I have known and loved this farm for 68 years. The Town supervisors should beg them to expand and grow their business into the modern age! I hear hops is an expensive commodity. Maybe a brewery should be next! I wonder if the decision makers in the town government have any valued interests in development. Wouldn't be the first time in local politics!"
17 James Hansen	Spring Valley	NY	10377	US	4/11/2023	"I am in a local neighborhood. I grew up in Park Ridge, NJ and watched Tea farms, Van Houten Farms and DeLonge farms go the way of the dinosaur. Van Houten's is one of the last "farms" left in Rockland/Bergen County. What will replace it? Another strip mall? Van Houten's is one of a kind; we should support efforts for it to remain a successful business."
18 Alice Ryan	Sleeveville	NY	10213	US	4/11/2023	"We have already lost so many local farms. Van Houten Farm was so helpful to us during the pandemic, offering curbside pickup of fresh produce and dairy products when they were difficult to get elsewhere. The elderly is nice to have in the community and helps them be able to afford to keep the farm open. Our community needs more farms."
19 Catherine Lamstein-Roles	Teppen	NY	10983	US	4/11/2023	"We have already lost so many local farms. Van Houten Farm was so helpful to us during the pandemic, offering curbside pickup of fresh produce and dairy products when they were difficult to get elsewhere. The elderly is nice to have in the community and helps them be able to afford to keep the farm open. Our community needs more farms."
20 Peter Ognibene	Westwood	NJ	7076	US	4/11/2023	"It's important to maintain these types of facilities in our communities."
21 Donald Weckheit	Totter House	NJ	47203	US	4/11/2023	"Needs attention."
22 Karen Reina	Pearl River	NY	10965	US	4/11/2023	"Our community needs innovative and entrepreneurial small businesses. It seems a few influential neighbors hold every our town boards, to the detriment of the entire community."
23 Max Owen	Nyack	NY	10960	US	4/11/2023	"Incredible small business that our community needs."
24 Renee Stanley	New York	NY	10020	US	4/11/2023	"I want kids to know where food comes from, that it is grown and nurtured by farmers who have to know the intricacies of weather, and soil and growing attributes. Local farms are local history; we don't need another bland housing development." "Because, as the petition states, access to fresh and local food food is shrinking and we need to fight for local farms to ensure they do not fall to the selfish and greedy minority of people with the power and the will to shut them down!"
25 Heidi Nomand Berge	West Nyack	NY	10994	US	4/11/2023	"We need to protect local, ending and sustainable business"
26 Alexander KLOSTERKEMPER	Luzern	8005	Switze	4/11/2023	"My family loves Van Houten...all of it!"	
27 Jennifer Shtinglo	Pearl River	NY	10965	US	4/11/2023	"I believe in supporting local businesses."
28 Weinda Rojas-Guerra	U Sedella River	NJ	7438	US	4/11/2023	

29 Donna Duffy	Tappan	NY	10983 US	4/11/2023 "Donna Duffy"
30 Robert Devining	New York	NY	10925 US	4/11/2023 "I rely on Van Houten Farms for scores of plants for my garden, which is enjoyed by thousands of passers-by."
31 George Berniceo	Northvale	NJ	7847 US	4/11/2023 "It is an important part of our Rockland family...the farm, the family, the elderly..."
32 William Ingraham	Orangeburg	NY	10982 US	4/11/2023 "This is a disgusting display of the fallacy of democracy."
33 Lisa Rodriguez	Mount Pleasant	NY	29464 US	4/11/2023 "Lisa Rodriguez" "Everyone in Rockland should want this small, agricultural business to thrive, it's almost the last of its kind and would be a terrible loss if it were to close. Great knowledge and customer service are available to all who visit. You are lucky if you can find someone to ask a question at a big box store, much less get a knowledgeable answer. Have been shopping here for years and hope to continue to do so." "Family owned agriculture farms were the founders of this region and should be honored. They never closed during the pandemic and provided many with food when other businesses were closed. This is an irreplaceable treasure that must be kept."
34 Debbie Firestone	West Nyack	NY	10994 US	4/11/2023 "This farm is like family! They truly care about their customers 💎" "This is a great place to meet up with friends for drinks, food and shopping for flowers and other garden items. And I support local businesses." "The Farm is a strong asset to Orange County's charm and character. I understand that some neighbors to the farm are unhappy with the City, and I believe their issues can be worked out."
35 Johanna O'Brien	Mahopac	NY	10541 US	4/11/2023 "Local matters. Fresh homemade vegetables won't kill you like store bought chemically infused food"
36 Laura Geniere	Brooklyn	NY	11287 US	4/11/2023 "No farm should be destroyed."
37 Karen Thrash	Bloomfield	NJ	7803 US	4/11/2023 "I'm signing because, though I don't live in Pearl River, my sister does, and has taken me there for plants many times. It is a wonderful place. Keeping local small businesses, especially farms, alive and thriving is important for the whole community."
38 Rachel Wade	Blauvelt	NY	10813 US	4/11/2023 "We need local farms not big Agri farms"
39 Dianne Calborne	Tappan	NY	10989 US	4/11/2023 "Such a great spot and sense of community, it would be terrible to lose a business like this."
40 Teresa Challegas	Denver	CO	80216 US	4/11/2023 "An effort to preserve healthy and healthy sourced foods and sustain the livelihood of families that run them"
41 Bridget Gaffney	Bronx	NY	10483 US	4/11/2023 "An indispensable part of our Long Island social network and the tri-state horticultural community!"
42 Eileen Martin	Gilboes	NY	12078 US	
43 Brianna Roberts	Monclair	NJ	7042 US	
44 Rheta Malette	Nyack	NY	10950 US	
45 Christopher Drobny	New York	NY	10025 US	
46 Ellen Walsh	Pearl River	NY	10965 US	4/12/2023 "I like in the neighborhood my entire life. Van Houtens is the ONLY farm left in Pearl River, as well as a wonderful small business, that this town so badly needs. Family owned, & runs, & a great place to support local. Wonderful childhood memories at Halloween, w/ the Witch, & her children, as well as wonderful garden needs, & kites!" "The farms provided a safe place for my family to get together during the cold covid months. We've had several celebrations there. Total family and dog place with a warm welcoming. I can't imagine why anyone would want this place as part of their community!" "Local matter. Fresh homemade vegetables won't kill you like store bought chemically infused food"
47 Sari Wales	Washwood	NJ	7879 US	4/12/2023 "I value local farms, and want to support them in any way that I can."
48 Bernadette Guzzetta	West Nyack	NY	10994 US	4/12/2023 "I believe in Van Houten Farms right to succeed."
49 Laura Aronstein	Eastport	NC	27802 US	"Van Houten Farms and the elderly have been one of the best parts of becoming an Orangetown resident during these unusual pandemic years. The farm and plants led our focus on improving our yard and home, and walking the grounds and enjoying a coffee and music was one of the few ways we could gather and get a feel for the town. Even in the winter months! The history is undeniably important and the current value this adds to the community is even more so. It will be a shame to see another over-developed lot of cookie cutter houses or who knows what take its place. I'd love to hear from the town why the issues are so insurmountable that this is what it has come to. The owners have seemed desperate to remedy the situation and it doesn't sound like they've been met with a willingness to find a fair solution."
50 Kristin Couch	New York	NY	10986 US	4/12/2023 "I love Van Houten! Grew up nearby and learned to ride there."
51 Nancy Hacker	Nanuet	NY	10954 US	"There are a million reasons why we need to stand up and fight to save this business! It's family owned, they give back to the community. They treat all those that go there like family! I can't imagine how there could be any solid, good reason to prevent a family owned farming business and Oldory from thriving! The town should be embracing such a unique, wonderful gem... a gem that has been there for decades and decades. What ever happened to promoting small, family owned businesses? It's sad that they aren't supporting Van Houtens"
52 Mick Rotundo	Pearl River	NY	10965 US	4/12/2023 "I care for local farms"
53 Karl Bente	New York	NY	10028 US	"It's a great neighborhood place to get plants, spend weekends listening to music and meeting many neighbors. The kids love to be there to see the roosters and Bunny."

118	Monica Letizia	Orangeburg	NY	10982	US	4/15/2023	"Rockland County needs this business, please work with them. I truly believe there are more people who want this business open than those few who want it closed."

I've shared this with babies, preschool and neighborhood children of all ages to enrich their understanding of where our food comes from, basic chemistry and scientific principles; food science and cooking; and first hand knowledge of the interdependence we have with our planet. Van Houghton Farms is a one of a kind resource to this area providing needed links with skills and knowledge that are treasure from our agricultural and historical past. This lineage is especially important in the geography of urban landscape surrounding Rockland county as well as for the digital times we're living in. Van Houghton Farm singlehandedly enriches the community by extending knowledge and connections to our food, ecology, soil, and conservation education for young and old to connect with each other and with the resources and supplies available at the farm. Best wishes."

188	Steven Townsend	Queens	NY	11384 US	5/21/2023 "Rockland Cider Works is the only interesting business to have opened in Orangetown township in the 40 years I've been alive. I made sure to make a trip every time I visited the area. I am saddened to see such an effort to make sure there is nothing worth staying to the area for."
189	Ian Harris	Austin	TX	78757 US	5/22/2023 "As a lifelong resident of West Nyack, I have grown up with Van Houten Farms and want to continue growing along with them. The farm is a treasure, and we aged more farms and healthy businesses such as Van Houten. I have previously contacted Tom Suprenant"
190	Paula Dlouhy	West Nyack	NY	10994 US	5/22/2023 "This farm is an institution. I grew up going here and loved taking my kids as they grew up. Pearl River wouldn't be the same without it. Too many farms are disappearing. Please save this one for the next generation."
191	Kathleen Whitney	Carolina Beach	NC	28426 US	5/26/2023 "We need to protect our green space"
192	Rita Morgan	Stony Point	NY	10960 US	5/17/2023 "Never been to a farm, would love to go when I visit my family."
193	Robert Garcia	Bronx	NY	10463 US	5/17/2023 "Jean eagan"
194	Jean Cogen	Dana Point	CA	92629 US	5/18/2023 "We are losing too many of our farms! It is a terrible shame, grossly selfish and damaging on so many levels. It is a great mistake now and to our future generations."
195	Barbara Peterson	Westwood	NI	7075 US	5/20/2023 "Farms are a vital part of communities. No farm means less accessible healthy food options. No farm means no way of getting locally grown plants or produce. We will always need farms in life."
196	Angela K	NY	NY	10001 US	5/21/2023 "Save the farm & the tremendous community value the farm & moving place brings to Blauvelt & the great town! Incredible we have ignorant people trying to destroy it."
197	Kevin R Lynch	NYC	NY	10121 US	5/24/2023 "I love this farm"
198	Jeanne Coyle	Blauvelt	NY	10913 US	5/24/2023 "I love this farm!"
199	Jean Hallemann	New City	NY	10958 US	"I've lived up the road from the farm my whole life. I can not imagine it not being here. And I miss the music, hanging with friends there, and sipping some adult beverages. I don't know what's happened with our Town Board, but they should be ashamed!"
200	Bruno Petry	Blauvelt	NY	10913 US	"Van Houtens is a wonderful family run business and an asset to the community in so many ways. We need to preserve this farm because when farm land disappears, it usually leads to over-development, loss of green space, and contributes to the demise of local family-run small business in general! The town needs to allow Van farm cider works to operate so the farm can continue to thrive and brighten our community!"
201	Mary Ginnakou	SparBU	NY	10876 US	7/1/2023 "Van Houten Farms has so many positive aspects it must be saved. Farm lands are disappearing and we do not need another Housing Development in Orangetown."

7/9/2023 "We have so few green spaces remaining, we must preserve the ones we have!"

7/9/2023 "I love Van Houten farms and I see less and less of these farms around so it would be terrible to see it go"

7/18/2023 "I rely on this farm for a selection of great native plants at the Union Square Farmer's market. They should be given the support to prosper" "I'm signing this petition because I believe in importance of keeping farming alive and thriving. Way too many farms have been lost already. Let's not let this continue to happen. Please bring back all the farms everywhere."

7/24/2023 "I'm a big supporter of the farm and all it provides to our community! Don't let it be a casualty of indifference!"

7/25/2023 "I loved the music and having this in our neighborhood. It was so family friendly!"

8/3/2023 "This farm is an important staple in Orangatown I wish it only the best 🍀"

8/4/2023 "Our local family farms need us and we need them!"

8/8/2023 "Keep Rockland Strong!!!"

8/8/2023 "I've enjoyed the farm and feel like they have a right to evolve their business. They've been treated quite unfairly."

8/8/2023 "Let's not lose Van Houten's Farm to greed and politics." "We need local farms & small businesses. The more people become disconnected from the source of their sustenance, the more they become disconnected from the Earth and

8/8/2023 "our environment"

8/10/2023 "I want to keep family farms in Rockland!" "I love Van Houten's. I was raised just down the road. I've been going there since I was 6yo! I'm now 63yo, Van Houten is always my first stop for my garden. They have a great variety and take such good care of their plants. They don't just sell plants, they know plants. Losing them would be a terrible loss to the community!"

8/18/2023 "Family & small farms HAVE to be saved to anchor us to our past & guide us toward a better future."

8/20/2023 "I support local small businesses!"

8/25/2023 "As a physician I know the value of food as medicine."

8/28/2023 "I love this place!"

8/31/2023 "I love this farm!"

9/8/2023 "It's important to protect whatever farms that are left in the county and it's a beautiful place."

9/14/2023 "Love this place!"

9/24/2023 "We need the great places!" "Farms like this are a vital part of the community. They provide biodiversity, entertainment, sense of community, recreation and calm in the eye of the storm. Please save Van Houten's farm!"

10/13/2023 "A farm and garden center is a real asset to the community, compared to a few additional homes. Even more so, if they sell local products, and have outdoor places to gather with friends. Farms must evolve - look at other local farms like Tice's (now a shopping mall), the farm where Wegman's now is, and Demarest Farm, which has managed to diversify into a destination and still exists. Don't drive your heritage out of existence."

10/25/2023 "A farm and garden center is a real asset to the community, compared to a few additional homes. Even more so, if they sell local products, and have outdoor places to gather with friends. Farms must evolve - look at other local farms like Tice's (now a shopping mall), the farm where Wegman's now is, and Demarest Farm, which has managed to diversify into a destination and still exists. Don't drive your heritage out of existence."

10/29/2023 "Please keep the farms whatever is left. The wildlife have nowhere to go anymore. Their habitats have been destroyed to make room for stores, condos, houses. This County will start looking like the city very soon. Time to look into moving to higher ground up north where the wildlife still have their homes."

10/30/2023 "Because I love this area, so much of which has been senselessly and greedily destroyed. We need to keep some of our history, open spaces, and vestiges of rural life for the health and well-being of everyone for many miles around. Preservation not extermination!"

10/30/2023 "We need to preserve small family farms. They can feed local people when there are supply chain problems."

10/31/2023 "It's a landmark of old Rockland County. It's also a beautiful place."

10/31/2023 "Richard Benfield"

11/7/2023 "Kimberly Mullino"

11/15/2023 "The fact that one person can spoil it for everyone is exactly why it should remain a place for folks to enjoy!"

11/16/2023 "It's a wonderful place!!!"

11/20/2023 "Van Houten's is what's left of Rockland County's once great agricultural heritage."

11/20/2023 "I grew up with these farms. It provides sustainable high quality food for the whole county. One of the last horse farms in the area."

11/25/2023 "Van Houten Farms & Rockland Cider Works are a gift to all near and far. Enjoyed our visits there."

11/27/2023 "Donna Levey"

12/18/2023 "We need the farms here!! Climate change is because we are overdeveloped!!!"

1/12/2024 "I remember this well. Not right"

**Re: *Comments for Public Hearing for Proposed Zone Text Amendment/Special
Permit Use/Farm Winery/Cider***

Date and Time: January 23, 2024 at 7:15p.m.

Petitioner: Van Houten Farm Market Benefit Trust

Dear Town Board Members:

We respectfully submit to you ("Town") for your review and consideration this letter, with comments, and the enclosed documents, regarding the proposed Zone Text Amendment ("Zoning Amendment") submitted and pursued by the Rockland Cider Works ("RCW") and Van Houten Farm Market Benefit Trust ("VHF Trust") (collectively, "Petitioners"). This submission is specifically made for the purpose of the Public Hearing scheduled regarding the Zoning Amendment before the Town Board on January 23, 2024 at 7:15p.m. (Items 11 and 12 on the draft agenda available on the Town's website).

We write to you on behalf of a group of thirteen taxpayer neighbors: Susan McWhinney, Gerard Goggin, Thomas Reynolds, Dr. Stuart Rasch, Carolyn Rasch, Dr. Peter Taub, Joyce Taub, John Torpey, Brenda Torpey, Christopher Van Houten, Sharon Van Houten, Paul Custer, and Faith Custer ("Our Clients" or "Concerned Neighbors").

We respectfully submit this letter, together with the following exhibits:

- 1) Memorandum from New York State certified Planner and Architect, Jan Degenshein, dated January 24, 2024 – **Exhibit A**
- 2) Our February 17, 2023 letter, together with exhibits on a compact disc - **Exhibit B**
- 3) Our May 5, 2023 letter – **Exhibit C**
- 4) Our September 26, 2023 letter – **Exhibit D**
- 5) Orangetown Justice Court Certificate of Conviction, May 24, 2021 – **Exhibit E**
- 6) November 18, 2021 State Liquor Authority Charges against RCW – **Exhibit F**
- 7) January 19, 2022 State Liquor Authority Charges against RCW – **Exhibit G**

Since the Town's consideration of the Zoning Amendment is an administrative act subject to challenge pursuant to New York State Civil Practice Law and Rules ("CPLR") Article 78, we note that this submission, in its entirety, should be made part of the Town's administrative record pertaining to this Zoning Amendment.

In addition to the various reasons and concerns set forth in our prior communications with the Town, which are incorporated herein by reference, we now respectfully write in vehement opposition to the Zoning Amendment for the following additional reasons:

1) **Petitioners' Bad Actors Pattern and Practice:**

Petitioners have illegally operated for several years a commercial cider manufacturing and outdoor bar and entertainment operation ("Cidery Business") at 68 Sickletown Road/551 Blauvelt Road, Orangetown, New York ("Property"). Petitioners have even constructed various physical structures and other similar improvements to the Property without the requisite permits, inspections, or approvals from the Town. They have operated in blatant disregard of the Town's rules, regulations, and requirements, to the detriment of those who live on the Property, their neighbors, and the taxpaying and law-abiding citizens of the Town.

First, to obtain their farm cidery license, Petitioners misrepresented to the New York State Liquor Authority ("SLA") that they were in compliance with all applicable Town Code provisions, including, notably, the zoning requirements, in order to obtain their cider manufacturing license. Compliance with local regulations is a pre-requisite to obtaining an SLA farm cidery license.

Then, Petitioners were cited with multiple counts for their use, construction, and operations in violation of Town Code Chapter 43, §§10.22 and 10.23, in October 2020. They plead guilty to one count of each violation before the Orangetown Justice Court, Case No. 20100216, on May 24, 2021 and paid a fine of \$5,000.00. A copy of the Certificate of Conviction is enclosed herewith as **Exhibit E**.

Thereafter, Petitioners continued their violative construction, use and operation at the Property, blatantly disregarding the Town Code, those who live on the Property, their neighbors,

and the taxpaying citizens of the Town. The Town for its part issued new charges to Petitioners for their continuing operations in violation of the Town Code. The Concerned Neighbors brought an action against the Petitioners to enforce the Town Code and obtained an injunction prohibiting their illegal use. In the meantime, Petitioners submitted the Zoning Amendment for the Town's consideration.

The SLA also investigated the Property and Petitioners' operations, and levied formal charges against Petitioners on November 18, 2021, a copy of which is enclosed herewith as Exhibit F. As the Town can plainly see, the SLA has charged RCW (also naming licensees Darin J. Van Houten and Licensee's Landlord, James B. Van Houten) with EIGHT separate violations of the Rules of the SLA. The SLA also issued additional formal charges against Petitioners on January 19, 2022, a copy of which is enclosed herewith as Exhibit G. Based on the foregoing, Petitioners' cider manufacturing license provided by the SLA is subject to revocation, cancellation, or suspension pursuant to these charges.

Petitioners are clearly not the type of neighbors the taxpaying citizens of Orangetown deserve or should be forced to contend with. They have demonstrated a desire to be and remain non-compliant with the State's laws, rules, and regulations, as well as the Town's Code, both of which are in place for the health, safety, and welfare of all. Petitioners' sole interest is their own profiteering, even at the detriment of those who live on the Property, their immediate residential neighbors, and the law-abiding taxpaying citizens of the entire Town. Therefore, Petitioners cannot now be rewarded with an after-the-fact legalization of their operations at the detriment of their neighbors.

2) Ownership of the Subject Property:

The Zoning Amendment has been submitted with a representation that the Subject Property, in its entirety, is owned by RCW and that our clients, Christopher Van Houten and Sharon Van Houten ("Chris and Sharon"), are merely tenants of the home located on the Property identified as 551 Blauvelt Road. Chris and Sharon dispute that assertion and refer the Town to two active litigations in the Rockland County Supreme Court (Index Numbers: 034361/2023 and 031590/2018) and the Appellate Division, Second Department (Docket Numbers: 2024-00659 and 2020-07456), where their rights of ownership are being litigated.

Chris and Sharon built that home and have lived in it for over 25 years, based upon reliance on an express, and undisputed, joint promise by Chris' parents, James B. Van Houten and Sue Ellen Van Houten, deceased. Chris and Sharon's pending litigations are not yet fully resolved and they expect the ultimate decision will award them legal title to the home, and to half of the rest of the Subject Property. Until then, they reside on the Property in the home and are very interested in seeing no change in use of the Property.

The Town should review the pending pleadings for both actions so it can readily see that the ownership of the Subject Property for which RCW advances the Petition being considered by the Town Board is controverted. Since Petitioners do not own undisputed title to the Property, the

Town Board's consideration of and any action regarding the Petition and Zoning Amendment may be for naught because it is premised entirely on the Petitioners owning the entire Property, when Chris and Sharon own the home, at a minimum.

Therefore, we request the Town Board table any action pertaining to the Zoning Amendment until such time as the ownership issues pertaining to the Property are fully and finally resolved by the New York State Courts, in a final, non-appealable judgment, which has not yet occurred.

Should the Town elect to proceed with the Zoning Amendment despite the foregoing property ownership dispute, the Town must at the very least revise the Zoning Amendment to ensure that Chris and Sharon's home is protected by ensuring safe setbacks from the parking lot or Cidery Business related buildings or structures. Without such adequate protections, when Chris and Sharon's home is eventually separated from the Cidery Business, it will not be adequately set back from the Cidery Business. It will also stand out in the neighborhood as the rest of the homes in the neighborhood will have appropriate setbacks but Chris and Sharon's home will not, making the entire area an eyesore, diminishing the occupants use and enjoyment, and reducing its market value.

3) Orangetown Town Zoning Code:

The Zoning Amendment is also in direct contravention of the Town's Comprehensive Plan and the Residential District in which the Property is located. The Town's Zoning Code (Town Code Chapter 43) "is designed to provide and to implement a Comprehensive Plan of Land Use and Population Density for the Town of Orangetown....for the protection and promotion of the public health, safety, morals, comfort, convenience, prosperity and other aspects of general welfare, particularly of the Town..." (Chapter 43 at §1.0). The R-40 Residential Zone was thereby established as a residential zone with no manufacturing, industrial, or entertainment venues.

Specifically, the Zoning Code is "[t]o encourage an orderly pattern of residential development around existing communities in the Town...and to avoid the disorderly and blighting pattern of development and the unnecessarily high costs of public services resulting from scatter developments unrelated to each other...[t]o provide suitable area for desirable commercial and industrial development along major transportation facilities within the Town...[t]o bring about the gradual conformity of the uses of buildings and land throughout the Town...[t]o help bring about the most beneficial relation between the uses of buildings and land and the circulation of traffic through and within the Town...[t]o protect and conserve the value of land and the value of buildings appropriate to the various districts established by this code." (*Id.* at §1.0(2)-(6)). RCW's Zoning Petition would do the exact opposite as it would introduce an outdoor bar and live entertainment business with hard cider manufacturing in a residential neighborhood. Permitting the Cidery Business will encourage disorderly and blighting pattern of development by placing a completely out of place business in the middle of single-family homes.

Re: Proposed Zone Text Amendment/Special Use Permit/Farm Winery/Cidery

The Zoning Code also states that “[n]o entrance to property zoned nonresidential is permitted through property zoned for residential uses.” (Id. at §1.3). In this regard, the Cidery Business is clearly nonresidential, but its entrance would necessarily need to go through properties zoned for residential uses as it is physically located in the middle of a residential neighborhood. Its lot even has Chris and Sharon’s home on it – which is likely to be separated from the Property at some point, if Chris and Sharon are successful in the active litigation.

Pursuant to Orangetown’s Comprehensive Plan, the R-40 Zone is comprised “[p]rimarily of single-family detached dwelling units with a minimum lot area of 40,000 square feet (just under 1 acre). Other permitted principal uses are generally the same as in the R-80 District...” (Town Comprehensive Plan 2022 at p. 45). Manufacturing, Commercial, Retail, and Entertainment businesses are not permitted.

The Petitioners’ Cidery Business certainly involves manufacturing, commercial, retail and entertainment businesses, which are antithetical to, and contradictory to, the Town’s Zoning Code as well as the specific uses permitted in the R-40 Residential Zone. It cannot be permitted without violating the Town’s Comprehensive Plan as well as running afoul of the Zoning Code’s intent and purpose. It will certainly be adverse to the Concerned Neighbors.

Moreover, zoning changes are required to be consonant with the overall town planning strategy, reflecting the consideration of the needs of the community, and there must be a comprehensiveness to planning, rather than special interest ad hocery. *Town of Bedford v. Village of Mount Kisco*, 33 NY2d 178 (1973) *reargument denied* 34 NY2d 668 (1974). Zoning amendments, sought by a particular owner for a particular purpose, enacted to grant a single owner a discriminatory benefit at the expense and detriment to his neighbors, and in contravention of the comprehensive plan or welfare of the community, is erroneous. *Kravetz v. Plenge*, 84 AD2d 422 (4th Dept 1982).

Here, the Town zoned, in accordance with its Comprehensive Plan, the Subject Property, and the surrounding neighborhood, as an R-40 Zoning District. The R-40 Zoning District is intended pursuant to the Comprehensive Plan to be a Very Low-Density Residential land use category. It is not intended to and does not permit a commercial cider manufacturing business. It does not permit an outdoor live music and entertainment operation. It does not permit outdoor alcohol service. It does not permit outdoor fire pits. It does not permit food trucks. All of those uses, as sought by Petitioners, are violative of the Town’s zoning for the Subject Property as well as the Town’s Comprehensive Plan.

Additionally, in determining the validity of a zoning amendment, the inquiry made by the courts is whether the amendment was enacted for the benefit of an individual owner rather than for the general welfare of the community. *Albright v. Town of Manlius*, 34 AD2d 419 (4th Dept 1970). The Appellate Division, Second Department, in *Levine v. Town of Oyster Bay*, 26 AD2d 583 (2d Dept 1966), actually invalidated a building zone ordinance change finding that it constituted spot or contract zoning because the precise change and conditions were proposed by the applicants and were adopted in toto, and the rezoned parcel was the first intrusion in area.

Re: Proposed Zone Text Amendment/Special Use Permit/Farm Winery/Cidery

Here, Petitioners effectively seek spot or contract zoning. See *Dauernheim, Inc. v. Town Bd. Of Hempstead et al.*, 33 NY2d 468, 472-473 (1974) citing *Rodgers v. Village of Tarrytown*, 302 NY 115, 123 (1967) ("spot zoning, which has been defined as 'the process of singling out a small parcel of land for a use classification totally different from that of the surrounding area, for the benefit of the owner of such property and to the detriment of other owners.'"). See, also, *Miller v. Kozakiewicz*, 289 AD2d 494, 495 (2d Dept 2001).

Petitioners herein are the sole beneficiaries of their proposed zoning amendment. This is evidenced by the fact that the Zoning Amendment is conveniently advanced by Petitioners who also blend together with it their site plan. It is not for the benefit of the general welfare of the community. Petitioners' benefit from the Zoning Amendment is also at the expense of and detriment to Petitioners' neighbors. The precise change and conditions proposed are also solely at the behest of the Petitioners and legitimizing their long-violative activities would be the first intrusion of a commercial operation in the R-40 residential district where the Subject Property is located, immediately adjacent to the Neighbors' single-family residence.

4) Improper/Inadequate Review Process:

Despite the foregoing, the Town Board referred the proposed local law to an "independent" planning firm, Laberge Group ("Laberge"). In this regard, Laberge failed to (or was not requested to) provide its expert opinion as to whether the proposed use of a Commercial Cider Manufacturing and Outdoor Bar and Entertainment business is even appropriate in the residential district in which it is located or on the proposed Property. As the Town Board will see from the review of Jan Degenshein, a certified planner retained by the Concerned Neighbors, the Cidery Business simply does not belong in the residential district where the Subject Property is located.

Laberge provided its review of the proposed local law as submitted by Petitioners, with numerous changes including to the setback requirements, number of maximum patrons, location of the building structures on the Property, parking requirements, etc. However, the Town and/or RCW did not like Laberge's proposed changes, so they ignored those changes and instead reiterated many of RCW's prior demands, albeit minimally reduced, via a revised local law. The spot needs of the Petitioners were addressed.

Laberge was then asked to review the revised local law but again was not asked (or failed) to opine in its planning expertise as to whether this proposed use was suitable for the Property or the residential area in which it is located. Laberge therefore only provided general comments. Nothing addressed the rights of Christopher or Sharon Van Houten, who live with their family on the Property. The Town, for RCW's benefit, presumably proceeded with the revised local law as provided by RCW, despite its critical departures from Laberge's recommendations.

As far as we have learned, Laberge was not asked to provide any additional input. However, despite the foregoing, the Town now moves forward with RCW's latest revised local law for their

Attn: Orangetown Town Board

Re: *Proposed Zone Text Amendment/Special Use Permit/Farm Winery/Cidery*

Page | 7

benefit, and despite RCW's repeated violations of the Town's Code, and at the expense of permanently destroying the lives of the residents that live in the area.

The latest local law should go to Laberge for a comprehensive review and with a request for Laberge to opine in their planning expertise as to whether the proposed use is suitable, appropriate, possible, or in accordance with proper community planning for the Town of Orangetown at the Property and in the residential area in which it is located. The Town Board should not in good practice entertain this local law any further until that initial step has been duly completed. Proceeding without it is foregoing proper input from knowledgeable industry professionals.

5) Town Law § 265:

Pursuant to Town Law §265, the Town Board may amend its zoning regulations by "a simple majority vote, except that any such amendment shall require the approval of at least three-fourths of the members of the town board in the event such amendment is the subject of a written protest, presented to the town board and signed by... (b) the owners of twenty percent or more of the area of land immediately adjacent to that land included in such proposed change, extending one hundred feet therefrom; or (c) the owners of twenty percent or more of the area of land directly opposite thereto, extending one hundred feet from the street frontage of such opposite land."

We understand that more than twenty percent of the requisite landowners under Town Law §265(1)(b) and Town Law §265(1)(c) have submitted a written protest. Accordingly, the Town Board may not approve the Zoning Amendment with merely a simple majority vote. And, any voting member with a conflict of interest should recuse themselves.

6) ABC Law Trumps Town Law:

The Town must also duly consider the implications of the New York State Alcohol and Beverage Law ("ABC") to the extent that it preempts or trumps the Town Code and any restrictions the Town may impose upon the Cidery Operations by way of the proposed Local Law or by way of its Special Use Permit that it may eventually grant.

The ABC law affords numerous benefits and privileges to those who obtain a farm winery or farm cidery license. Those benefits include the ability to manufacture up to 250,000 gallons of cider per year, year-round operations, bar privileges, retail store to sell not only cider produced onsite but also other wine, beer, and hard liquor. The Town cannot then restrict the privileges afforded to the licensee by way of the SLA license and ABC law. We implore the Town to fully research these concerns and contact the SLA to confirm same. The Town is inviting great trouble into a residential area.

The Town Board must review and properly appreciate all of the retail privileges that the SLA grants to farm wineries and farm cideries because the Town will be handcuffed from then being able to restrict those activities. In this regard, even if the Town decides that the cider

Re: Proposed Zone Text Amendment/Special Use Permit/Farm Winery/Cidery

Page | 8

manufacturing is to be limited to 10,000 gallons per year – RCW could agree to such a restriction, but it would not have to comply with it because their State issued liquor license would permit them to produce up to 250,000 gallons. Therefore, RCW could of its own volition decide to expand its facilities to accommodate such increased production after obtaining requisite approvals under the guise of a smaller operation.

Similarly, even if the Town Board decides to restrict the number of guests permitted to 25 per acre (as suggested by Laberge), the ABC law grants the liquor license (including onsite consumption privileges) for the entire premises, including the outdoor areas and does not impose any restriction on the number of persons permitted. Therefore, if RCW wants to have 3,000 people on its premises, it could do so, and the Town would have no recourse because RCW would be in compliance with the ABC law. The visitors could sit on Chris and Sharon's fence or enjoy their pool!

7) General Municipal Law Review and Comments:

We have had an opportunity to review the following General Municipal Law review comments from the Rockland County Department of Planning and the Town's own Planning Board. We note that many of the changes recommended have not been implemented in the Zoning Amendment. As an example only, the Planning Board recommended that a traffic study be performed before considering the Zoning Amendment. The County Planning Department similarly notes that traffic and parking are major concerns in this residential district given the dissimilar use being proposed by the Zoning Amendment. Accordingly, it is evident that the Town is essentially putting the cart before the horse by entertaining and considering the Zoning Amendment without first requiring a comprehensive traffic study that can be utilized to ensure proper safeguards are implemented into the Zoning Amendment prior to adoption.

To the extent the Town Board desires to overrule the many recommendations made by the County Planning Department that have not been implemented, the Town Board is required again to vote not by a simple majority, but by a supermajority of 4 out of 5 votes to be able to adopt the Zoning Amendment. See General Municipal Law §239-m(5). And, it must do so without the vote of any conflicted members.

8) Specific Outstanding Concerns:

As set forth in the accompanying *Degenshein* memorandum, there are numerous other technical problems and concerns with the Zoning Amendment. We respectfully refer the Town Board to the deficiencies and concerns as set forth therein.

In addition, the Full Environmental Assessment Form is not only improperly and incorrectly prepared with fundamental errors, but also prepared for the Petitioners' specific property interest as opposed to the Zoning Amendment, which as is clearly set forth therein, is a text amendment that is applicable to the entire Town including any and all other parcels that may qualify pursuant to its provisions. The EAF required at this stage pursuant to the New York State

Re: *Proposed Zone Text Amendment/Special Use Permit/Farm Winery/Cidery*

Environmental Quality Review Act ("SEQRA") must be for the Zoning Amendment, not simply the Petitioners' property and their intended use.

In light of all of the foregoing, together with all of the various other comments and submissions provided to the Town with respect to the Zoning Amendment, as well as our prior submissions, the Concerned Neighbors respectfully submit that the Zoning Amendment must be denied in its entirety. The Petitioners also have an upstate location where they can conduct their Cidery Business. If it is truly a "go-to" location, the fact that it would be upstate would not be an impediment to their customers.

We thank you for your time and attention to this matter and consideration of the Concerned Neighbors' opposition.

Very truly yours,

Alak Shah
