12. RESOLUTION CALLING ON THE NEW YORK STATE LEGISLATURE TO OPPOSE THE FAITH-BASED AFFORDABLE HOUSING ACT

WHEREAS, the Faith-Based Affordable Housing Act has been introduced in both the New York State Senate (S.7791) and the New York State Assembly (A.8396) in the 2023-2024 Legislative Session; and

WHEREAS, this legislation would allow “temples, synagogues, mosques, and churches to bypass local zoning rules” to build high-density affordable housing in circumvention of local zoning regulations; and

WHEREAS, zoning has historically been the province of local governments in the State of New York; and

WHEREAS, this legislation vitiates the longstanding principle of local control over zoning and imposes a one-size fits all approach that does not universally reflect the needs, economic realities, environmental protection priorities or concerns of each community; and

WHEREAS, this legislation would allow the construction of affordable housing up to 35 feet tall, with 30 units per acre, in municipalities with fewer than 50,000 residents and up to 55 feet tall, with 50 units per acre, in municipalities with more than 50,000 residents; and

WHEREAS, this legislation expressly precludes local governments from imposing commonsense requirements designed to protect the character of their communities and the quality of life enjoyed by local residents and undermines the environmental review process; and

WHEREAS, this legislation circumvents the planning process and disenfranchises the public.
