

Orangetown DWSP2 Committee Meeting #12

Meeting Notes

11/20/2025

Notes on Updates to the Plan:

- **Chapter 1, 1.1.2 Land Use in Rockland County:** Clarify Orangetown's development/redevelopment review process. What are the rules for the drainage review process.
- **Chapter 1, 1.1.3.4 Finished Water:** Site where the reasoning for certain contaminants in the individual wells under the Finished Water section.
- **Chapter 2, 2.1.3 Source Water Areas:** Add geologic reference to the source water area explanation (e.g. potential contaminant filtering is based on the nature of the aquifer (material, grain size, etc.)).
- **Chapter 2, 2.2.2.11 Spill Incident Reports:** Add explanation of what the numbers in parentheses mean in Spill Incident Reports in Source Water Areas Table on the table itself, instead of just in the text above it.
- **Chapter 3:** Include a disclaimer with the estimated project cost table that explains the estimated costs are just to get a sense of what the project may cost and should be re-budgeted when work begins on the project.
- **Chapter 4, 4.1.1 Program Management Team Members:** Mark the PMT lead in the PMT Members table
- **Maps:** Correct "Pearl River" on the maps from "Pear River"

Additional Notes:

- Any final comments that the committee would like to make should be submitted by end of day on **December 5th**
- Submission to the State for review will be in mid- to late December
- A copy of the submitted version of the Plan will be shared with the committee
