# *A Message from the Supervisor*

As summer begins to wind down, we turn our attention to the fall season ahead. The Town of Orangetown Parks and Recreation Department prides itself upon keeping each park and other outdoor amenities safe and beautiful for everyone to enjoy. There is truly no better place to take in the foliage and the feeling of autumn than from the vantage point of one of our hundreds of acres and numerous trails within Orangetown's extensive network of State, County, and Town parks here in the Lower Hudson Valley.

We continue to thank the Parks Department for their continued focus on and commitment to offering excellent public programs and services and open space preservation, maintaining the natural beauty of our parks and recreational resources which enrich the quality of life here in Orangetown. The parks in our community, the quality of which we are continually striving to enhance, feature playgrounds, pavilions, paved trails, athletic fields and many other outdoor amenities. As we continue this improvement process, the Town will be adding new playground equipment at three of its playground locations before wintertime, including Cherry Brook Park (Pearl River), Sparkill Park (Sparkill), & Stoughton Park (Tappan).

From a variety of well-organized trips and sporting programs to recreational classes, Orangetown provides a wide selection of fun family-oriented activities for all children, adults, and senior citizens of all abilities. These programs include fitness, sports leagues, cultural arts and enrichment classes. Our staff's mission is to continuously strive to deliver quality yet affordable programming within a safe environment to meet the needs of an ever-growing and changing community. I encourage all residents to look through the Fall Brochure to find an activity that meets their needs or interests.

In addition to offering the variety of quality programs listed within this brochure and as a part of our focus upon expanding recreational options for residents, we are also proud to have issued a request for proposals for design of a new centrally located public Community Center, the construction of which will be a high priority for us. When complete it will be available for the enjoyment of the entire community, bringing more and better recreational services to you, the taxpayer, while being paid for through land sales so as to not add to our tax burden.

As always, we invite you to participate in and take advantage of the many recreational opportunities that Orangetown has to offer this season!

Sincerely,

**Chris Day**

## SUPERINTENDENTS PROGRAM GUIDE NOTE ON RETIREMENTS

*The Parks and Recreation office staff hopes everyone had an enjoyable summer and is looking forward to the cooler weather and colors of the fall season. As we move into our fall programming season we would like to acknowledge the departure of three of our Recreation Family members:*

*Judi Smith: retiring after 46 years of serving the Orangetown community. Judi is a lifelong resident of the Town of Orangetown, she began her time with Parks and Recreation Department in 1973 and witnessed all of the many changes and growth that has taken place over the last four and a half decades. For obvious reasons, Judi is often referred to as the "Department Historian."*

*Joanne Ogilvie: retiring after 21 years in the Parks and Recreation office. Joanne assisted with program registrations and provided the public with information. She also handled many of the internal departmental functions such as payroll and accounts payable.*

*If you have contacted the Parks and Recreation office with a question or comment regarding a program or a park facility you in all likelihood have had the opportunity to speak with either Judi or Joanne.*

*Bobby Yezarsky: retiring after 35 years with the Town of Orangetown. Bob began his time with the Town of Orangetown with the Highway Department in 1983, keeping the Town's roads safe and in good condition through the year. This included the many long hours responding to snow emergencies. In 2009, Bob joined the Parks and Recreation Department in the capacity of Building Maintenance Mechanic, taking on the responsibility of caring for the various offices at Town Hall, the museums, Parks Administration and a variety of others.*

*We thank each of these individuals for their service and the memories they have shared with us over the years as we wish them a heartfelt farewell and best of luck in their retirement. Each of you will be missed.*

# Let's Get Started

## GETTING READY FOR YOUTH SPORTS PROGRAMS

Children ages 4 & 5 and their parent(s) will work collaboratively in a supervised setting to develop the skills considered basic to formal participation in sports: catching, throwing, kicking and batting. This program will provide an opportunity for the parent(s) to participate with their child in activities carefully designed to enhance development of perceptual-motor skills which are important stepping stones to involvement in many types of organized athletic programs. Training activities will be presented in a developmentally sequential manner such that participants will be required to master each of the four skills at easier performance levels before attempting more difficult ones. This approach is designed to maximize opportunities to achieve success and contribute to development of confidence and enjoyment of athletic involvement. This program is for first time participants only and has limited enrollment.

## WHAT'S THE BEST EXERCISE PLAN FOR ME?

If exercise is so good for us then why do we find it so hard to exercise regularly? It wasn't always that way. In grade school, you probably couldn't wait for recess. It was a time to walk, run, jump, and be outside. You were exercising and enjoying every minute of it. Now it's more of a chore. But it doesn't have to be that way if you focus on activities you enjoy and a routine that's tailored to your needs.

Dr. Paul Trinkoff has been a Chiropractor in Orangetown, for over 30 years. In addition, he has advanced degrees in INJURY PREVENTION, PERSONAL TRAINING, GROUP FITNESS INSTRUCTION and STRENGTH AND CONDITIONING. This interactive lecture will help you easily understand how to get started exercising again, tailored specifically to your own goals and needs.

In this interactive lecture, you will learn the 6 easy to follow steps to help you minimize the effects of improper desk and computer station setup. In turn you will feel more energized, be more productive and have less aches and pains.

Dr. Paul Trinkoff in his role as an INJURY PREVENTION SPECIALIST has worked with many companies to help their employees to set up their work areas. Microsoft, Chrysler Corporation, United Airlines and HYTORC employees have benefited from this easy to follow and implement program.

## ORANGETOWN OFFICE OF EMERGENCY MANAGEMENT

The Orangetown Office of Emergency Management was formed in 2011 and is comprised of members of each Town of Orangetown Department, Town Board Members as well as local EMS and Fire Volunteers. The OEM mission is to maintain a high level of planning and preparedness, to protect the citizens of Orangetown, to reduce loss of life, protect important assets and reduce any disruption or destruction to local commerce and institutions.

The OEM wants all residents to be aware of the program ROCKLAND COUNTY SPECIAL NEEDS REGISTRY. This program allows special needs residents to get the help they need in an emergency. This registry is a central information source providing vital details on special needs residents to first responders during emergencies. Why should you register for the Special Needs Registry to receive individual notification when an evacuation has been ordered To alert local emergency personnel of your individual considerations To allow emergency responders an opportunity to plan and be prepared If you, a member of your family, neighbor or friend qualify for this program please help us get the word out. The more Orangetown residents with special needs registered means more effective response for police, fire and EMS during an emergency. To register visit [www.rocklandregisters.com](http://www.rocklandregisters.com) or call Info-Rock at (845) 364-2020 for assistance.
