A Message from the Supervisor

As summer begins to wind down, we turn our attention to the fall season ahead. The Town of Orangetown Parks and Recreation Department prides itself upon keeping each park and other outdoor amenities safe and beautiful for everyone to enjoy. There is truly no better place to take in the foliage and the feeling of autumn than from the vantage point of one of our hundreds of acres and numerous trails within Orangetown's extensive network of State, County, and Town parks here in the Lower Hudson Valley.

We continue to thank the Parks Department for their continued focus on and commitment to offering excellent public programs and services and open space preservation, maintaining the natural beauty of our parks and recreational resources which enrich the quality of life here in Orangetown. The parks in our community, the quality of which we are continually striving to enhance, feature playgrounds, pavilions, paved trails, athletic fields and many other outdoor amenities. As we continue this improvement process, the Town has installed new playground equipment at three of its playground locations: Cherry Brook Park (Pearl River), Emilio DiFrancesco Memorial Park (Sparkill), & Stoughton Park (Tappan).

From a variety of well-organized trips and sporting programs to recreational classes, Orangetown provides a wide selection of fun family-oriented activities for all children, adults, and senior citizens of all abilities. These programs include fitness, sports leagues, cultural arts and enrichment classes. Our staff's mission is to continuously strive to deliver quality yet affordable programming within a safe environment to meet the needs of an ever-growing and changing community. I encourage all residents to look through the Fall Brochure to find an activity that meets their needs or interests.

As always, we invite you to participate in and take advantage of the many recreational opportunities that Orangetown has to offer this season!

Sincerely,
Chris Day

If you registered for a Spring or Summer program your account is active and you should be familiar with the process. If you or your child were registered for a program in 2016, 2017 or 2018 and you did not register for a Spring or Summer 2019 program your household was transferred from the old software to the new and you should have received an email earlier this year providing you with a temporary username and password. If you did not receive the email or need your log-in information, please contact the Recreation Office. This new software contains all residential addresses in Orangetown, therefore, proof of residency will no longer be required. If your residential address is in Orangetown you will be viewed as a resident and if your residence is outside of Orangetown you will be viewed as a non-resident. **Exception: Residents living in apartment buildings or condominiums may find their addresses are listed as non-residents. Walk-in registration is open weekdays 9:30am - 4:30pm at the Office of Recreation & Parks, located at 81 Hunt Road in Orangeburg until the start of the program unless a program is full. All registrants are advised that many programs have limited availability and registration is accepted on a first come first served basis. The on-line system now accepts all major credit cards and you will receive an emailed receipt upon successful completion of your registration. Frank Baum** and first published as '*The Wonderful Wizard of Oz*' in 1900.

WICKED tells the incredible untold story of an unlikely but profound friendship between two young women who first meet as sorcery students at Shiz University: the blonde and very popular Glinda and a misunderstood green girl named *Elphaba*. Following an encounter with The Wonderful Wizard, their friendship reaches a crossroads and their lives take very different paths. Glinda's unflinching desire for popularity sees her seduced by power while *Elphaba's* determination to remain true to herself, and to those around her, will have unexpected and shocking consequences for her future. Their extraordinary adventures in Oz will ultimately see them fulfil their destinies as *Glinda The Good* and the *Wicked Witch of the West*.

GETTING READY FOR YOUTH SPORTS PROGRAMS

Children ages 4 & 5 and their parent(s) will work collaboratively in a supervised setting to develop the skills considered basic to formal participation in sports: catching, throwing, kicking and batting. This program will provide an opportunity for the parent(s) to participate with their child in activities carefully designed to enhance development of perceptual-motor skills which are important stepping stones to involvement in many types of organized athletic programs. Training activities will be presented in a developmentally sequential manner such that participants will be required to master each of the four skills at easier performance levels before attempting more difficult ones. This approach is designed to maximize opportunities to achieve success and contribute to development of confidence and enjoyment of athletic involvement. This program is for first time participants only and has limited enrollment.

WHAT'S THE BEST EXERCISE PLAN FOR ME?

If exercise is so good for us then why do we find it so hard to exercise regularly? It wasn't always that way. In grade school, you probably couldn't wait for recess. It was a time to walk, run, jump, and be outside. You were exercising and enjoying every minute of it. Now it's more of a chore. But it doesn't have to be that way if you focus on activities you enjoy and a routine that's tailored to your needs.

Dr. Paul Trinkoff has been a Chiropractor in Orangetown, for over 30 years. In addition, he has advanced degrees in INJURY PREVENTION, PERSONAL TRAINING, GROUP FITNESS INSTRUCTION and STRENGTH AND CONDITIONING. This interactive lecture will help you easily understand how to get started exercising again, tailored specifically to your own goals and needs.
