A LOCAL LAW TO AMEND Chapter 43 the Code of the Town of Orangetown to ADD a New Article, Article XVI entitled "Entity Disclosure" of the Town Code pursuant to

**LOCAL LAW NO. ____ OF 2017 OF THE
INCORPORATED TOWN OF ORANGETOWN, NEW YORK
TOWN BOARD IMPLEMENTING AN ENTITY DISCLOSURE LAW
FOR ALL LAND USE APPLICATIONS IN THE TOWN OF ORANGETOWN, NEW YORK**

BE IT ENACTED BY THE TOWN BOARD OF THE TOWN OF ORANGETOWN AS FOLLOWS:

Section 1. Chapter 43 of the Code of the Town of Orangetown is amended by adding a new Article, designated as Article XVI entitled "Entity Disclosure", to read as follows:

§16.1

A. Legislative Findings and Intent.

The Town Board finds and determines that there is a critical and compelling need, in the public interests as set forth herein, to provide for full and fair disclosure of all privately held and/or non-publicly traded entities making land use applications before the Town to the extent possible to ensure that any and all potential conflicts of interest or other ethical concerns are properly disclosed and addressed by any and all affected parties.

The Town finds and declares that there is no existing law that preempts the adoption of this Local Law so that the public interests in open and transparent government and land use applications can be promoted by enactment of this Local Law to require all privately held and/or non-publically traded entities making land use applications to supply information as to all limited and general members, shareholders, officers and directors or any other authorized persons having control over such privately held entities who apply for approval from the Town. Such disclosure will inform the public and the Town concerning the names of individuals with a vested interest in land use applications, will facilitate application review by the reviewing boards, will disclose actual or potential conflicts of interest and enhance enforcement of the code.

Section 2.

§16.2 Definitions.

For the purpose of this article, the following words and phrases shall have the meanings ascribed to them.

AUTHORIZED PERSON-Any person who is authorized to act or does act either alone or in conjunction with others, on behalf of an entity, or who has authority to direct, control or influence the entity in any manner.

APPLICANT-The legal, beneficial and equitable owner(s) of property seeking approval(s) by one or more land use board(s) of the Town, including the Town Board where applicable, in a land use application, including but not limited a contract purchaser or holder of an option to purchase such property, and a person or entity authorized to make an process such a land use application on behalf of a legal, beneficial or equitable owner of property.

ENTITY-A limited liability company, limited liability partnership, general or limited partnership, professional corporation, joint venture, "doing business as" name or venture, association or non-publically traded corporation.

LAND USE APPLICATION-An application form and supporting documents submitted by an applicant for review and approval of a building permit, certificate of occupancy, subdivision plat, site plan, special use permit, conditional use permit, variance, zoning amendment, or any other permit, approval or certificate required, necessary or requested for the development of land or construction.

§16.3 Requirement for disclosure

A. A land use application for land development or construction within the Town that lists an entity as the owner or applicant shall complete an Entity Disclosure Statement in a form approved by the Town Board from time to time by resolution and provide all information required in said form. Said Entity Disclosure Statement shall be affirmed or sworn to under the penalty of perjury and shall be filed along with any such land use application or request for permission to undertake any construction activity within the Town.

B. In the event that, prior to issuance of a Certificate of Occupancy for any project under this article, a project that has previously received approval is in any manner transferred, whether by transfer of the property or transfer of the management and/or operation of the original Entity making application to another Entity, the transferring Entity shall notify the Town and such succeeding Entity must fully comply with this article before any work on the project shall be permitted to proceed. It shall be the responsibility of both the applicant and the Entity to which transfer is being made, to notify the Town of any such transfer.

C. Said Entity Disclosure Statement shall apply to any land use applications, approvals or permission sought from the Building Inspector, Town Board, Town Planning Board, Town Zoning Board of Appeals, the Architectural Community Appearance Board of Review (ACABOR) or Historical Area Board of Review (HABOR). The Town shall not process, hear, rehear, approve or sign any new or pending preliminary or final site plan, preliminary or final subdivision map, special permit, variance or other land use application or permit which relates directly or indirectly to any construction, including but not limited to any grading permit, erosion and

sediment control permit, wetland permit, sewer connection permit, floodplain development permit, water connection permit, which may be granted in association with any construction unless the application includes a fully completed Entity Disclosure Statement signed and either sworn to or affirmed and submitted with said application to the respective Board.

D. An Entity Disclosure Statement is not required for any of the following activities:

1. Construction of a private garage, not in excess of 500 square feet. Said building shall not be used for any other purpose than the storage of automotive vehicles.
2. Construction of accessory structures, other than garages, not in excess of 300 square feet.
3. Construction of outdoor decks, sidewalks, or porches;
4. Construction of outdoor swimming pools;
5. Installation of fences;
6. Interior or exterior remodeling of a single family detached residential dwelling in existence and with a valid certificate of occupancy as of the effective date this local law, which does not involve any change of use or increase the size of the building, including but not limited to window replacement, door replacement, plumbing improvements, new siding, removal of interior walls, and similar improvements:
7. Installation or removal of home heating oil or propane tanks, in accordance with all applicable laws;
8. Repair, involving the removal and installation of an individual well or in-ground septic system, for a dwelling in existence and with a valid certificate of occupancy as of the effective date of this law;
9. Construction of a private shed not exceeding 300 square feet.
10. Other minor improvements to dwellings or residential lots with an existing certificate of occupancy, after the Building Inspector has conferred with the Town Board, and the Town Board has rendered a determination that the improvement falls within the scope and nature of the exemptions listed herein.

Section 3.

§16.4 Penalties for offenses

A. Where an Entity or its representative(s) refuses or fails to provide the information required under this Local Law, the further processing of such application and any work related thereto ("the application") shall be suspended in all respects, until such time as the board or official before which application is submitted or pending determines that the Entity has fully complied with the provisions of this Local Law. In the event of any form of transfer of the property that is the subject of the application occurs or the ownership and/or management of the project is transferred in any manner to another Entity during a pending suspension of the application under the Local Law, the application shall remain suspended until such time as the succeeding Entity shall appear before such body or official before whom the application is pending and

obtain approval for any continued work in relation to the application in addition to compliance with this Local Law. The Building Inspector is authorized to issue a Stop Work order on any project where an application has been suspended under this Local Law.

B. Any Entity or representative of an Entity that provides false information or grossly inaccurate information regarding any application, or who fails to advise the Town of a change in ownership shall, in addition to the suspension of any pending application as set forth in subdivision A above, be subject to a fine not exceeding \$5,000 for a violation of this Local Law. The Town Building Inspector/Code Enforcement Officer is hereby authorized to issue an appearance ticket or other process for a violation of this Local Law.

C. Nothing herein shall be deemed to preclude a criminal proceeding being instituted by the People of the State of New York against the Entity or any of its representatives in the Justice Court or County Court for any offenses where the conduct committed may constitute a violation of the New York State Penal Law or other criminal statutes.

D. Civil Penalty: In addition to those penalties prescribed by herein and by state law, any person or Entity who violates any provision of this chapter shall be liable for a civil penalty of not more than \$3,000.00 for each offense. The civil penalties provided by this subsection shall be recoverable in an action instituted in the name of this Town. In any such proceeding to collect a civil penalty, the Town shall be entitled to collect interest, costs and disbursements incurred in connection with such proceeding and in addition reasonable counsel fees or a charge to reimburse the Town for expenditures for attorneys employed or appointed by the Town.

Section 4. Effective Date.

This Local Law shall become effective immediately upon being filed with the Secretary of State.

TOWN BOARD/TRAFFIC ADVISORY BOARD

**REQUEST TO NYS DOT FOR SAFETY
IMPROVEMENTS/ROUTE 9W BETWEEN OAK
TREE ROAD AND KOPAC LANE**

- 15. WHEREAS**, the Palisades community has expressed grave concerns about pedestrian/cyclist safety along the Route 9W corridor between Oak Tree Road and Kopac Lane for several years, and despite measures taken over the years safety remains a concern; and

WHEREAS, between March 2016 and March 2017 twenty-three (23) incident/accident reports were filed with the Orangetown Police Department, seven of which occurred between January and February 2017; and

WHEREAS, members of the Palisades community again appeared before the Orangetown Traffic Advisory Board twice in April 2017 requesting and receiving support for a letter to the NYS Department of Transportation requesting they conduct a study of the corridor and now requests a letter from the Town Board supporting these changes; and

WHEREAS members of the Palisades community since met with representatives of the Orangetown Highway Department and NYS Department of Transportation on site to review safety concerns and a meeting is planned Monday, May 14 with representatives of the Orangetown Police Department; be it

RESOLVED, that upon the recommendation of the Traffic Advisory Board, the Town Board asks the NYS Department of Transportation to make the following changes along Route 9W between Oak Tree Road and Kopac Lane:

1. Move the pedestrian "push button/traffic light countdown" pole from the NE and NW corners of the intersection, to the SW and SE corners where pedestrians actually cross. (NO ONE crosses on the north side because the sidewalk and bus stops are on the south side.)
2. Move the "No Turn on Red" sign (that no one sees) on the SW corner of Oak Tree and hang it right next to the traffic light. (Most cars do not abide by the No Turn on Red, and don't even slow down to make the right turn as they speed around the extremely wide shoulder, a danger to pedestrians crossing RT 9W and waiting for the bus.)
3. Narrow the extremely wide shoulder on the SW corner. It is 20 ft wide. Cars turning right whizz around the corner without having to slow down. We ask for the installation of a new curb, following the already existing curb line on Oak Tree Road, further east towards the intersection and then south towards the bus stop. There is plenty of existing room to

create a curbed “bay” for the bus stop. This will calm the traffic turning right and create a much safer place for those waiting for the bus.

4. Adjust the traffic light to make a delayed green for motorists traveling south. There is chaotic traffic trying to get through the intersection due to cars (traveling north) who stop to turn left onto Oak Tree Road. Cars behind them wishing to go straight, get jammed up behind them and speed around the stopped cars illegally on their right, into the bus stop. This is a treacherous situation for cars traveling south who wish to turn left. These cars cannot see the illegally moving cars until the cars are almost upon them. And it has been witnessed that some cars, impatiently speed past the waiting cars illegally on their LEFT into the on-coming lane. (The traffic light is about 24 seconds. If the cars traveling north are given a 10-12 second advance, it would allow for all cars traveling north and turning left to freely flow through the intersection without creating a backup of cars. It will calm the frantic and illegal traffic patterns.)

5. Lower speed limit to 35 mph from NYS line to the viaduct. The speed limit in NJ just before the NYS line is 35mph. At the NYS line the speed limit is increased to 45mph down the steep, very dangerous curvy road. A majority of motorists pick up speed going down the hill and by the time they get to the Oak Tree Road traffic light it is not uncommon for cars to be going 50- 55mph. Many floor it to make the light. They continue to surpass 45mph past the narrow residential area that includes the very busy “Filling Station”

TOWN BOARD

2017 STORMWATER II EDUCATION PROGRAM AGREEMENT/ROCKLAND COUNTY CORNELL COOPERATIVE EXTENSION
