B. Applications for all field usage shall be on a form approved by the Recreation and Parks Department. Applications for league field use shall be submitted to the Recreation and Parks Director at least 30 days prior to field use, except that applications for tournaments and camps and similar uses shall be submitted at least 90 days prior to field use. Generally, games shall have priority over practice. The Parks and Recreation Department, in reviewing an application, shall take into consideration certain factors, including, but not limited to, wear and tear on the field; scheduling conflicts with other events; provision of sufficient parking for the event; and whether the event benefits the community.

"Total population" shall be the sum total every registration, exclusive of single-day events, for the preceding year.

- (4)** Group IV: Privately operated programs. Once a determination has been made regarding field playability by Town representatives and the leagues have been informed, each organization is required to close its fields if injury may result to participants or if damage may result to the playing surface, affecting not only its continued use by this user but also use by others in this season and in the following season. If in doubt, the field or facility shall be closed. Users must notify the Recreation and Parks Director or his or her designee if they have closed the fields so other users questioning whether to close their fields can be so advised. Representatives of the Town reserve the right to discontinue play at any time on any field should they determine the conditions to be not suitable for use.

Also included will be written legal descriptions for a 20 foot wide access easement from the property to be acquired to Western Highway and descriptions for two 15 foot wide drainage easements. The location of the property line and easements will be approximately per the sketches provided. **No update of the existing mapping is included** if an update or as-built of the existing conditions is necessary that work will be invoiced at the hourly rates provided below. Preparation of a subdivision plat is not included. Attendance at any meetings required is not included. All other services requested but not specifically included will be invoiced at the rates listed below. Property corners will be set at all major property corners, 7 estimated.

Create a map for "Homes for Heroes" using the existing survey performed by Tectonic dated 4/8/2011. The map will show the new parcel to be acquired along with a metes and bounds description of the parcel. Property corners will be set at all major property corners, 12 estimated.

2.0 Limitations

- 2.1 Prior to commencing with the survey we will request that you supply us with all information and documentation you might have relative to the property to be surveyed. Such information may include earlier surveys, records, deeds, title reports, subdivision maps, etc. Tectonic will make a reasonable effort to obtain records and deeds from the County Clerk’s Office, but we do not provide title search services; therefore all boundary information will be subject to a complete and accurate title report.
- 2.2 Unless otherwise requested, only visible surface evidence of utilities will be shown. For an additional fee, Tectonic can map the utilities based on surface evidence, and available plans provided by the various utility agencies servicing the area. Tectonic can also provide utility mark-out services; if you require these services Tectonic will advise you of the additional fees required to complete the work and obtain your authorization to proceed. Contractors should proceed with caution if excavations are made. Tectonic cannot guarantee the thoroughness or accuracy of the utilities, and will not be responsible for any damage or injuries subsequently caused.
- 2.3 Tectonic surveyors shall have complete access to the property at the time the survey is being performed. Time lost for denied access will be charged at our current hourly rates.
- 2.4 Location & mapping of wetland flags is not included.

TECTONIC ENGINEERING & SURVEYING CONSULTANTS P.C. GENERAL TERMS AND CONDITIONS OF AGREEMENT

The engagement of Tectonic Engineering & Surveying Consultants P.C. (TECTONIC) by CLIENT is under the following terms and conditions and is an integral part of the collective Agreement between CLIENT and TECTONIC.

1.0 GENERAL

1. The fee estimate for the proposed Scope of Services is valid for 60 days from the date of Proposal. Upon authorization to proceed, the fee estimate unit rates shall remain in effect for a period of one (1) year.
2. Payment to TECTONIC is the sole responsibility of signatory of this Agreement and is not subject to third party agreements.
3. All schedules set forth in the attached Scope of Services commence upon receipt of a signed Agreement and, if requested, a retainer. All retainer amounts will be applied to the final invoice.
4. Requests for additional services must be authorized in writing before additional work can begin. Any fee adjustment required shall be established at that time. Directives from CLIENT sent by e-mail that change TECTONIC'S scope of services or increase fees must also be provided in writing as a hard copy.
5. All tracings, specifications, computations, survey notes, electronic files and other original documents as instruments of service are and shall remain the property of TECTONIC unless otherwise provided by law or noted above. CLIENT shall not use such items on other projects without TECTONIC's prior written consent. TECTONIC shall not release CLIENT's data without authorization. CLIENT agrees to indemnify and hold harmless, Tectonic, its officers, directors, employees, agents and sub-consultants against all damages, liabilities or cost, including reasonable attorneys' fees and defense costs, arising from any reuse of the above without the prior written consent of TECTONIC.
6. Any delay, default, or termination in or of the performance of any obligation of TECTONIC under this Agreement caused directly or indirectly by strikes, accidents, acts of God, shortage or unavailability of labor, materials, power or transportation through normal commercial channels, failure of CLIENT or CLIENT's agents to furnish information or to approve or disapprove TECTONIC's work promptly, late, slow or faulty performance by CLIENT, other contractors or governmental agencies, the performance of whose work is precedent to or concurrent with the performance of TECTONIC's work, or any other acts of the CLIENT of any other Federal, State or Local Government agency, or any other cause beyond TECTONIC's reasonable control, shall not be deemed a breach of this Agreement. The occurrence of any such event shall suspend the obligations of TECTONIC as long as performance is delayed or prevented thereby, and the fees due there under shall be equitably adjusted.
7. The obligation to provide further services under this Agreement may be terminated by either party upon seven (7) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. In the event of any termination, TECTONIC shall be paid for all services rendered to the date of termination, as well as for all reimbursable expenses and termination expenses.
8. It is understood that the scope of work defined in this Agreement is based on the information provided by the CLIENT. If this information is incomplete or inaccurate, or if unexpected site conditions are discovered, or if additional services are required, the scope of work may change even as the work is in progress. TECTONIC shall make reasonable effort to contact the CLIENT when a change in the scope of work appears necessary, and the CLIENT, by agreeing to the change, also recognizes that the estimate of cost or contract figure may also change.
9. Unless otherwise agreed in writing, the CLIENT will furnish TECTONIC with right-of-way access to the site in order to conduct the planned exploration or field services. TECTONIC shall take reasonable precautions to minimize damage to the site due to its operations, but has not included in the fee the cost of restoration of any damage resulting from the operations. If the CLIENT desires, TECTONIC will restore any damage to the site and add the cost of restoration to the fee.

10. During the term of this Agreement and for a period of two years thereafter, CLIENT and any subsidiary or affiliate company of CLIENT, and any company for which the CLIENT is an agent or has any interest in, shall not directly or indirectly solicit for employment, employ or engage the services of any person who is employed or, within 12 months of such solicitation, employment or engagement had been employed, directly by TECTONIC as a full-time employee, part-time employee or independent consultant.
11. CLIENT agrees not to use or permit any other person to use instruments of service prepared by TECTONIC which are not final, and which are not signed and sealed by the Engineer and/or Land Surveyor. CLIENT hereby waives any claim for liability against TECTONIC for such use.

2.0 INVOICING AND PAYMENT

1. Invoices will be rendered monthly and become due and payable upon receipt. Any invoice outstanding for more than 30 days after date of invoice will be subject to a charge of 1.5 percent per month (18 percent annual interest rate). If client disagrees with any portion of an invoice, it shall notify Tectonic within 21 days of receipt of the invoice, and shall pay the portion not in dispute.
2. Should it become necessary to utilize legal or other resources to collect any or all moneys rightfully due for services rendered under this Agreement, TECTONIC shall be entitled to full reimbursement of all such costs, including reasonable attorney's fees, as part of this Agreement.
3. Invoice payments must be kept current for the work to continue. If the CLIENT fails to pay any invoice due to TECTONIC within 45 days of the date of the invoice, TECTONIC may, without waiving any other claim or right against CLIENT, suspend services under this Agreement until TECTONIC has been paid in full all amounts due TECTONIC and/or any of its Consultants and Subcontractors for services, expenses and other related charges.
4. TECTONIC reserves the right to stop work on the Scope of Services in this Agreement at any time, if payment of any invoice due to TECTONIC is not received within 45 days of the date of the invoice for work performed by TECTONIC on other parties' projects for which TECTONIC believes CLIENT is or may be a stakeholder with such other party. Stakeholder shall be defined as an affiliate, subsidiary, partner, shareholder, investor, or principal authorizing agent of the other party. If CLIENT represents that they are not a stakeholder with such other party, written documentation shall be provided within 3 days of TECTONIC's written request. Such documentation will make known CLIENT's complete ownership and attest to no stakeholder involvement that TECTONIC believes exists with such other party.
5. Invoicing for out-of-pocket expenses including copying, travel, telephone and overnight mailing shall be billed at cost.

3.0 WARRANTIES AND LIMITATIONS OF PROFESSIONAL LIABILITY

1. TECTONIC agrees to carry the following insurance during the term of this Agreement: Workmen's Compensation, General Liability, Professional Liability and Comprehensive Automobile Liability. Certificates of insurance will be furnished upon request. If the CLIENT requires insurance coverage or limits in excess of TECTONIC's normal policies, and it is available, CLIENT agrees to reimburse TECTONIC for such additional expense.
2. To the fullest extent permitted by law, the CLIENT shall at all times indemnify and hold harmless TECTONIC and its officers, agents, consultants and employees from and against claims, damages, losses, litigation, expenses, counsel fees, and compensation arising out of or resulting from any claims, damages, losses or expenses attributable to bodily injury, sickness, disease or death, property losses and/or economic damages sustained by or alleged to have been sustained by any person or entity, to the extent caused by negligent acts, omissions or negligence of the CLIENT, its agents, employees, professional consultants, subcontractors or anyone whose acts they may be liable for in connection with this project unless said loss was caused solely by TECTONIC's own negligence.

3. For any such damage on account of any error, omission or other professional negligence, TECTONIC's total liability shall be limited to the available proceeds of TECTONIC's general and professional liability insurance coverage.
4. TECTONIC shall not be responsible for failure to perform or for delays in the performance of work, which arise out of causes beyond the control and without the fault or negligence of TECTONIC, including delinquent payment by CLIENT.
5. If the scope of services includes services related to applying for or seeking approval of governmental permits (e.g. zoning, planning, environmental, etc.), such services shall not constitute a representation or warranty that such permits will be approved.
6. TECTONIC makes no warranty, either express or implied, as to its findings, recommendations, opinions, or professional advice except that its services were performed pursuant to generally accepted standards of professional practice in effect at the time of performance and in the same locality.

4.0 SUBSURFACE INVESTIGATIONS AND FIELD EXPLORATIONS

1. The appropriate underground utility mark-out service shall be contacted prior to performing any underground drilling, excavating, testing, etc. that are part of the Scope of Services in this agreement to verify the location of existing utilities. The CLIENT agrees to provide TECTONIC with the location of known or suspected underground utilities or subsurface structures not marked out by the mark-out service. TECTONIC shall not be responsible for damage to any undocumented or mislocated utilities.
2. TECTONIC shall not be responsible for the sampling or testing of hazardous materials unless specifically agreed to in the Scope of Services of this agreement. Further, CLIENT shall notify TECTONIC as to the presence of any known hazardous materials on-site. Should unanticipated hazardous materials be encountered TECTONIC shall take immediate health and safety measures and notify the CLIENT. Hazardous materials constitute a changed condition mandating a renegotiation of the scope of services and fees.
3. If the scope of services includes performance of soil borings by TECTONIC, it is understood that the CLIENT will furnish TECTONIC with a diagram indicating the location of the site and the borings on that site, including plans and specifications pertinent to its services, unless preparation of said plan is part of TECTONIC's scope of service. TECTONIC reserves the right to deviate a reasonable distance from the specified boring location unless the right to deviate is specifically revoked by the CLIENT in writing at the time the location diagram is supplied.
4. All samples of water, soil and rock will be discarded sixty (60) days after submission of the report unless the CLIENT advises TECTONIC in writing to the contrary. Upon request, the samples will be delivered and shipping charges will be collected.
5. TECTONIC shall not be responsible for obtaining permits for working in wetland or wetland buffers or as required by local agencies for access clearing, tree removal or grading. All costs and fees for permits, permit document preparation and implementation of erosion control measures, site stabilization and restoration shall be added to the costs and fees of this agreement unless specifically agreed to in the Scope of Services of this agreement.
6. Costs for borings and excavation are based on non-prevailing wages unless specifically stated otherwise in proposal.

5.0 CONSTRUCTION SUPPORT SERVICES

1. It should be understood that the presence of TECTONIC's field representative shall be for the purpose of providing observation and field testing. Such services shall be performed by TECTONIC using that degree of care and skill ordinarily exercised under similar circumstances by reputable members of the profession practicing in this or similar locations.
2. Neither the professional activities of TECTONIC, nor the presence of TECTONIC or its employees and sub-consultants at the site shall relieve the Contractor and any other entity of their obligations, duties and responsibilities including, but not limited to, construction means, methods, sequence, techniques and procedures necessary for performing, superintending or coordinating all portions of the work of construction

in accordance with the Contract Documents and any health or safety precautions required by any regulatory agencies. TECTONIC and its personnel have no authority to exercise any control over any Contractor or other entity or their employees in connection with their work or any health or safety precautions, programs or enforcements. The CLIENT agrees that the Contractor is solely responsible for job site safety, and warrants that this intent shall be made evident in the CLIENT's Agreement with the Contractor. The CLIENT also agrees that the CLIENT, TECTONIC and TECTONIC's consultants shall be indemnified and shall be made an additional insured under the Contractor's general liability insurance policy. It is further understood and agreed that TECTONIC has no responsibility for job site safety pursuant to §§ 200, 240 and 241(6) of the New York Labor Law.

3. To the fullest extent permitted by law and to the extent claims, damages, losses or expenses are not covered by liability insurance purchased by the Contractor in accordance with paragraph 2 of Section 5.0, the CLIENT shall indemnify and hold harmless TECTONIC, TECTONIC's consultants, and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorney' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property, but only to the extent caused by the negligent acts or omissions of the Contractor, a subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such a claim, damage, loss or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this paragraph.
4. Unless specifically stated in the Scope of Services TECTONIC shall not be responsible for measuring, determining or verifying quantities of the constructed items of work.
5. The CLIENT agrees to supply TECTONIC with specifications, plans and other necessary materials for the project pertinent to providing its services.
6. Any opinion or estimate prepared by TECTONIC of the probable construction cost of the project or any part thereof is not to be construed, nor is it intended, as, guarantee that proposals, bid or actual construction cost will not vary from Tectonic's opinions or estimates of probable construction costs.

Local roads and bridges account for 87% of the roads, 52% of the bridges, and 48% of

the vehicle mileage logged in New York State. Local roads and bridges are a vital and indispensable part of our transportation infrastructure. Local roads matter to every New Yorker—they generate jobs and support employment, they enable us to travel to work, school, doctor offices, airports, dinner, and ballgames; for truckers to deliver goods and tourists to visit our cities. Local roads are crucial to New York's mobility and matter to all of us.

600 County and Town Highway Officials and Advocates Rally Capital for much needed funding for local roads.

Advocacy Day 2015 was a a major effort. The support from various legislators, the coverage spreading our message that **LOCAL ROADS MATTER** is a direct reflection on the effort placed on having legislative meetings leading up to the actual Advocacy event. We want to thank all county, town, and affiliate members and their staff that sent letters, visited their Senators and Assemblymembers, hosted meetings, and voiced our message for increased funding for local roads.

Thank you to Team Leaders, Town and County Executive Committees, Legislative Committees and Co-Chairs for working together to make our event a **great success!**

THIS AGREEMENT, entered into the ____ day of _____, 2016, pursuant to the provisions of Article 7 of the Agriculture and Markets Law, by and between **HI-TOR ANIMAL CARE CENTER, INC.**, a domestic membership corporation, created and existing under and by virtue of the laws of the State of New York and having its office and principal place of business at Firemen's Memorial Drive, in the Town of Ramapo, County of Rockland, State of New York, (hereinafter called "**HI-TOR**"), and the **TOWN OF ORANGETOWN**, a municipal corporation of the State of New York, having its principal place of business at 26 Orangeburg Rd., Orangeburg, New York 10962, (hereinafter the "**TOWN**").

WITNESSETH:

- (viii) Comply with all orders of a court competent jurisdiction relative to said animal.

5. During the term of this Agreement, **HI-TOR** agrees to abide by the policies and procedures set forth in the Dog Officer and Shelter Manual promulgated by the NYS Department of Agriculture & Markets, Division of Animal Industry, a current copy of which is annexed hereto as Exhibit "A".

6. During the term of this Agreement, **HI-TOR** agrees to use its best efforts to ensure that seized, lost, strayed or homeless domestic companion animals to include feral cats brought to the Shelter by authorized **TOWN** personnel or residents are placed in a run at the Shelter, and that cages appropriate to the size of the animal shall only be utilized as a last resort, and in that event, not for more than twenty-four (24) hours.

7. **HI-TOR** will act as the agent of the **TOWN** to enforce the provisions of §117 of the Agriculture and Markets Law with respect to impoundment periods, impoundment fees, proper licensing and rabies vaccinations.

(a) At the end of the legally established impoundment period of seven days, unredeemed, aged, diseased or otherwise unadoptable seized, lost, strayed or homeless domestic companion animals (in the judgment of **HI-TOR**), unless otherwise specified by the Animal Control Officer, shall be disposed of humanely as provided by applicable laws and regulations.

(b) Upon the expiration of the statutory seven-day redemption period, and unless such animal shall have been humanely disposed of, any unredeemed, seized, lost, strayed or homeless domestic companion animal shall be deemed transferred to, and shall become the property, of **HI-TOR**, which, thereafter, may release such unredeemed animal for adoption, place such animal, or otherwise act with respect to such animal as permitted by law. Following such transfer, the **TOWN** shall be released and held harmless from any cost, expense or other liability that may be incurred relating to such animal.

(c) In the event that a seized, lost, or strayed domestic companion animal impounded by an employee of the **TOWN** and/or Town resident is claimed by its owner prior to the expiration of the statutory redemption period of seven days, the owner must make payment of the impound fee required pursuant to Article 7 of the Agriculture and Markets Law payable to the **TOWN**, plus boarding fees in the amount of twenty dollars (\$20.00) for each twenty-four (24) hour period the Animal has been in the care of **HI-TOR** payable to the **TOWN**. All monies collected by **HI-TOR** on behalf of the **TOWN** must be turned over to the Town within 7 Days of collection with all required documentation.

(e) As agent for the Town, **HI-TOR** shall not release a dog to any **TOWN** resident without such resident providing acceptable proof of licensing and rabies vaccination; any deviations will be reported to the Animal Control Officer for enforcement.

Chief Kevin A. Nulty
Orangetown Police Department
26 Orangeburg Road
Orangeburg, New York 10962

Dear Chief Nulty:

It is with deep regret that I am informing you that due to an on-going medical condition, my Doctor has informed me that I can no longer perform the responsibilities of my position as a police officer. As a result, I will be resigning from the Town of Orangetown Police Department. My last day of service will be February 25, 2016.

I have been a police officer for twenty-five years and in law enforcement for over twenty-seven years. During that time-frame, I have had the opportunity to work for three different agencies. Throughout my career, it has been the biggest honor of my life to have served as a police officer here in the Town of Orangetown. I can remember wanting to be an Orangetown police officer as far back as being a student at Pearl River High School. I am forever grateful that I was given the opportunity to serve the citizens of our Town.

At this time, I would like to extend my deepest gratitude to you and the Police Administration for your courtesy, concern, and thoughtfulness shown to me in dealing with my medical condition during the past year. I am sure you can imagine that I am not retiring in the manner that I had wished-for, however, working as a police officer in the Town of Orangetown will always be looked upon by me as the proudest days of my life.

Thank you very much again for all that you have done for me in my career.

Very Truly Yours,

Robert Mainolff
Police Officer, Town of Orangetown
