Re: Town Code Section 41-2
Watercourse Diversion Permit
60 Fisher Ave
Pearl River, NY
Section 68.11, Block 2, Lot 70
18-2669

Dear Town Clerk Sfraga,

We represent Mr. And Mrs. Michael Maloney, the owners of the realty located at 60 Fisher Ave, Pearl River, NY. The Maloneys are on the process of subdividing their property. In cooperation with the Town Highway Department they are diverting and piping a storm flow watercourse. They have:

(a) Obtained Preliminary Approval from the Planning Board for the subdivision. As required, the subdivision design details the design of a storm water conduit which will replace the open ditch.

(b) Received Drainage Approval from the Town's Consulting Engineer as related to proper sizing and the ability to capture and convey storm water runoff in the location.

(c) Had the Planning Board declared a negative declaration for the project, assuring that the environmental elements of the project have been approved by the Town's Consultant, and

(d) Received required Variances from the Zoning Board approval for the layout of the subdivision.

Therefore, before the applicant can proceed and obtain "Final Approval" from the Planning Board, they must obtain approval from the Town Board to relocate the open stream.

Donald Brenner, P.E., L.L.B.

Honorable Rosanna Sfraga

For the record we enclose:

- (a) Narrative Summary by the design engineer;
- (b) Preliminary Approval with Negative Declaration from the Planning Board;
- (c) Zoning Board Approval;
- (d) Drawing - Location and design of Piping System; and
- (e) A check in the amount of \$100 payable to the Town of Orangetown for the diversion permit.

Attached is a "Drainage Improvement Plan" for the Maloney residence at 60 Fischer Avenue in Pearl River. The project is proposing to pipe an open swale on the property, which requires a Town Board Permit as per Chapter 41, Article I of the Town of Orangetown Code, "Watercourse Diversion".

There is an existing swale on the site that flows in a southerly direction along the west property line. A closed pipe drainage system discharges onto to the site from Fischer Avenue, stormwater runoff then flows south through the site, and then the runoff enters another closed pipe system just south of the property at tax lot 68.11-2-65 (on Salina Road). The pipe system upstream and downstream of the site are maintained by the Town of Orangetown Highway Department, with the Fischer Avenue pipe located within the Fischer Avenue right-of-way and the downstream pipe system on Salina Road located within an easement to the Town of Orangetown.

We are currently coordinating and completing the design of the pipe system with Orangetown Department of Environmental Management and Engineering. We have also submitted the plans to the Orangetown Highway Department for review and comment. Currently, the location where the open channel discharges to the pipe system at the southern property line is prone to clogging from leaves and debris and requires significant maintenance by the Town of Orangetown to ensure the opening remains unobstructed. When this opening is obstructed, stormwater flows bypass the system and result in overland flooding of the property to the south.

The proposed pipe system will significantly reduce the required maintenance and convey the majority of stormwater runoff within the pipe system. Means for conveying any potential overflows of the system have been included in the design; flooding potential to existing structures will be significantly reduced while reducing the required maintenance.

The Board reviewed the plan. The meeting was open to the public.

Public Comment:

Haig Yeranossian, 45 Fisher Avenue, Pearl River; reviewed the situation noting that the same thing happened 30 years ago. The applicant should be allowed to proceed to do the piping since the water breeds mosquitos. Mr. Yeranossian, an architect, offered his services to the Town.

Steve Fitzgerald, 39 Selina Road, Pearl River; held that the site has had water for years and that he is not buying the applicant's concerns regarding safety. He said that he was in contact with the property owner to the south and that the property owner was only contacted 2 days ago for a meeting.

Jim Kalchberner, 80 Fisher Avenue, Pearl River, raised concerns that if the grades in the area are changed and the stream is piped than his property would become wet and have drainage issues.

20. The Town of Orangetown Highway Department reviewed the submitted plans and offered the following comments:

After review of the proposed plan in which the new driveway follows and covers the drainage easement which includes 30" HDPE and drainage structures, the Town of Orangetown shall not be liable for any damages to the driveway caused by system malfunction and/or regular or emergency response required to maintain the system.

21. The Drainage Consultant to the Planning Board, Maser Consulting reviewed the application and found that the proposed stormwater management plan meets the intent of the regulations and therefore recommend the Maloney Subdivision be approved for drainage subject to the following project comments:

1. The letter provided was in response to its December 6, 2016 memo. The consultant provided a subsequent review memo dated January 24, 2017. Please respond to any outstanding comments.
2. Sheet 3 does not appear to have been revised, and so there are several discrepancies between the information on Sheet 2 and 3:
 - a. CB #2 and CB #3 indicate solid covers on the plan, but this is not indicated on the profiled. On the contrary, CB #1 does not indicate a solid cover on the plan but does on the profile. The plans shall be revised for consistency.
 - b. The proposed 346 contour varies in the location of drywells #1 and #2 between Sheets 2 and 3
 - c. Drywells #3 & #4 are mislabeled on Sheet 3.
3. It appears that drywells #3 and #4 will capture more runoff than drywells #1 and #2. Since drywells #3 and #4 are separate from #1 and #2, they shall be designed separately and sized according to the tributary area for each. It is also unclear how runoff from the impervious areas of Lot 1 will be captured by drywells #1 and #2. Please clarify.
4. The 6" overflow from drywell #3 to CB-1 will not have proper cover unless a steep slope is proposed. Please clarify.
5. Catch basin detail CB-1 has some errors:
 - a. Top of concrete is shown as 241.0
 - b. 6" overflow shall be from Drywell #3 not #2
6. It is unclear if the southeast roof drain is connected to drywell #4 or not. Please clarify.

TOWN CLERK'S OFFICE

2018 JUL 12 A 11: 17

TOWN OF ORANGETOWN

Continuation of Condition #21...

7. There are still a few errors with the drywell detail:
 - a. The 8" equalizer pipe callout appears to be specified in parentheses for drywells #1 and #2, but shall be for all four.
 - b. The 8" PVC pipe from the driveway field inlet is not shown and called out for drywell #3.
8. The yard inlet located in the southwest easement. Please confirm that this is acceptable to the entity with rights to the easement.
9. The 344.3 spot shot in the southwest corner of the driveway shall be higher than the field inlet grate elevation in the southeast corner to direct runoff to the inlet and avoid possible ponding in the driveway.
10. If the field inlet at the southeast corner of the driveway clogs, the driveway will pond and overflow in a sheet flow manner south approximately 30 feet over grass/vegetation to the property line. However, in the existing condition, this water runs off into the stream where it is conveyed to a headwall and pipe. A swale shall be considered from the driveway field inlet to the proposed CB #1, which would then need to have an open grate rather than a solid cover.

22. Rockland County Department of Planning had the following comments which are incorporated herein as conditions of approval:

- As required by the Rockland County Stream Control Act, the subdivision plan must be reviewed and signed by the Chairman of the Rockland County Drainage Agency before the County Clerk can accept the plan to be filed.
- A review shall be done by the Rockland County Department of Health to ensure compliance with the Rockland county Sanitary code, Article XIX, Mosquito Control.
- The Village of Chestnut Ridge is the reason this proposal was referred to Rockland County Planning Department for review. The municipal boundary is 165 feet west of the subject property line. As required under Section 239nn of the State General Municipal Law, the Village of Chestnut Ridge must be given the opportunity to review the proposed subdivision and provide any concerns related to the project to the Town of Orangetown.
- Prior to the start of construction or grading, a soil and erosion control plan shall be developed and in place for the entire site that meets the latest edition of the New York State Guidelines for Urban Erosion and Sediment Control.

Continuation of Condition #22...

- There shall be no net increase in the peak rate of discharge from the site at all design points.
- The lot area provided under the Notes section must be corrected to reflect that the total site is .84 acres.
- If any variances are needed to implement the proposed site plan, the Rockland County Department of Planning requests the opportunity to review the proposed variances, as required by New York State General Municipal Law, Section 239-m(3)(v).

23. Based on the information provided, the Rockland County Health Department found that application is to be made to RCDOH for review of the storm water management system for compliance with the County Mosquito Code.

24. Rockland County Sewer District #1 does not object to the plan as shown. This project does not affect any sanitary sewers within the District and no future correspondence is requested for this site.

25. The following agencies do not object to the Town of Orangetown Planning Board assuming responsibilities of lead agency for SEQRA purposes:

- Rockland County Department of Health
- Rockland County Sewer District #1
- Rockland County Highway Department
- Town of Orangetown Zoning Board of Appeals
- New York State Department of Environmental Conservation

26. The applicant shall comply with all pertinent items in the Guide to the Preparation of Subdivision Plats prior to signing the final plans.

27. All reviews and approvals from various governmental agencies must be obtained prior to stamping of the Subdivision Plan.

28. Where a reservation of land for recreation purposes has been deemed by the Planning Board to be inadequate, Money in Lieu of Land for recreation purposes must be collected in accordance with Section 21-20 of the Land Development Regulations (\$9,000.00 for every vacant new residential lot). In addition, for every new vacant residential lot, \$80.00 will be collected for the Stream Maintenance Fund.

29. All of the conditions of this decision, shall be binding upon the owner of the subject property, its successors and /or assigns, including the requirement to maintain the property in accordance with the conditions of this decision and the requirement, if any, to install improvements pursuant to Town Code §21. Failure to abide by the conditions of this decision as set forth herein shall be considered a violation of Subdivision Plan Approval pursuant to Town Code §21 and §6A.

30. **TREE PROTECTION:** The following note shall be placed on the Subdivision Plan: The Tree Protection and Preservation Guidelines adopted pursuant to Section 21-24 of the Land Development Regulations of the Town of Orangetown will be implemented in order to protect and preserve both individual specimen trees and buffer area with many trees. Steps that will be taken to reserve and protect existing trees to remain are as follows:

- a. No construction equipment shall be parked under the tree canopy.
- b. There will be no excavation or stockpiling of earth underneath the trees.
- c. Trees designated to be preserved shall be marked conspicuously on all sides at a 5 to 10 foot height.
- d. The Tree Protection Zone for trees designated to be preserved will be established by one of the following methods:

- One (1) foot radius from trunk per inch DBH
 - Drip line of the Tree Canopy. The method chosen should be based on providing the maximum protection zone possible. A barrier of snow fence or equal is to be placed and maintained one yard beyond the established tree protection zone. If it is agreed that the tree protection zone of a selected tree must be violated, one of the following methods must be employed to mitigate the impact:
 - Light to Heavy Impacts – Minimum of eight inches of wood chips installed in the area to be protected. Chips shall be removed upon completion of work.
 - Light Impacts Only – Installation of ¾ inch of plywood or boards, or equal over the area to be protected.
- The builder or its agent may not change grade within the tree protection zone of a preserved tree unless such grade change has received final approval from the Planning Board. If the grade level is to be changed more than six (6) inches, trees designated to be preserved shall be welled and/or preserved in a raised bed, with the tree well a radius of three (3) feet larger than the tree canopy.

The premises are located at 60 Fisher Avenue, Pearl River, New York and are identified as Section 68.11, Block 2, Lot 70, in the R-15 zoning district.

Heard by the Zoning Board of Appeals of the Town of Orangetown at a meeting held on Wednesday, October 3, 2018 at which time the Board made the determination hereinafter set forth.

Dorothy Maloney, Donald Brenner, Attorney and Jay Greenwell Land Surveyor, appeared and testified.

The following documents were presented:

2. Project narrative not signed.

TOWN CLERK'S OFFICE

2018 OCT 16 A 10:35

TOWN OF ORANGETOWN

On advice of Denise Sullivan, Deputy Town Attorney, counsel to the Zoning Board of Appeals, Ms. Castelli moved for a Board determination that since the Planning Board noticed its intent to declare itself Lead Agency and distributed that notice of intention to all Involved Agencies, including the ZBA who consented or did not object to the Planning Board acting as Lead Agency for these applications, pursuant to coordinated review under the State Environmental Quality Review Act Regulations § 617.6 (b)(3); and since the Planning conducted SEQRA reviews and, on June 27, 2018 rendered environmental determinations of no significant adverse environmental impacts to result from the proposed land use actions (i.e. a “Negative Declarations” of “Neg Dec.”), the ZBA is bound by the Planning Board’s Neg Dec and the ZBA cannot require further SEQRA review pursuant to SEQRA Regulations § 617.6 (b)(3). The motion was seconded by Ms. Salomon and carried as follows: Mr. Bosco, aye; Ms. Castelli, aye; Mr. Feroldi, aye; and Ms. Salomon, aye. Mr. Quinn and Mr. Sullivan were absent.

Donald Brenner, Attorney, testified that there is a water problem in this area; that the Maloney’s are going to pay the Highway Department for the pipe to pipe the stream underground and attach it to the water that is already being diverted from the north and south; that this is expensive and in order to pay for it the Maloney’s’ need to subdivide the property and sell off a lot; that when he was in charge of the public works department the town use to pay for the pipe to solve water problems but they are not allowed to do that anymore; that the Town’s Drainage consultant Brooker Engineering, sized the pipe and designed it to accommodate the water flow during a 100 year storm; that the plan will accommodate the new house also; that Maser Consulting also reviewed the plan and finds it acceptable; that this will be an improvement for the area; and part of the pipe will be under the 10’ wide driveway at the new house and if the town needs to dig it up to fix the pipe, the damage to the driveway will be paid for and fixed by the homeowner.

Jay Greenwell, Land Surveyor, testified that there is an issue with drainage in the area; that the property to the north and to the south have piped the stream but this property has a portion of the stream that is not piped and it has caused problems; that the Highway Department is out at every heavy rain to clear out debris from the storm drains because of this gap in water collection; that the drainage plan that has been approved for the site with the piping of the stream and dry wells will definitely improve the water problems in the area; that when the work is done an as-built of the work will be part of the record and the DEME will have a Town Easement and it will be maintained as part of the comprehensive drainage plan for the Town.

Dorothy Maloney testified that the water problems in the area will be improved with the piping.

Public Comment:

Thomas McGuire, 31 Selena Road, Pearl River, testified that he has owned his home since 1965; that every time it rains heavy the Town Highway department comes to clean out the drains; that the Town does a great job; that they remove the debris and he does not want to stop his neighbor from doing anything but he is concerned about the water and the drainage; that the previous owner would not let the Town install the pipes because she said it would upset nature in the area with the birds and deer; that he would like the ZBA to confirm that there will be no flooding problems and asked who would be responsible to fix the driveway if the pipe needed to be repaired.

TOWN CLERK'S OFFICE

2018 OCT 16 A 10:35

TOWN OF ORANGETOWN

The Board members made personal inspections of the premises the week before the meeting and found them to be properly posted and as generally described on the application.

A satisfactory statement in accordance with the provisions of Section 809 of the General Municipal Law of New York was received.

Ms. Castelli made a motion to close the Public Hearing which motion was seconded by Ms. Salomon and carried unanimously.

FINDINGS OF FACT AND CONCLUSIONS:

After personal observation of the property, hearing all the testimony and reviewing all the documents submitted, the Board found and concluded that the benefits to the applicant if the variance(s) are granted outweigh the detriment (if any) to the health, safety and welfare of the neighborhood or community by such grant, for the following reasons:

1. The requested floor area ratio variance for lot #1 and the street frontage variance for lot #2 will not produce an undesirable change in the character of the neighborhood or a detriment to nearby properties. Piping the stream will be an improvement for the neighborhood.
2. The requested floor area ratio variance for lot #1 and the street frontage variance for lot #2 will not have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district. Piping the stream will be an improvement for the neighborhood
3. The benefits sought by the applicant cannot be achieved by other means feasible for the applicant to pursue other than by obtaining variances.
4. The requested floor area ratio variance for lot #1 and the street frontage variance for lot #2, although somewhat substantial, afford benefits to the applicant that are not outweighed by the detriment, if any, to the health, safety and welfare of the surrounding neighborhood or nearby community. Piping the stream will be an improvement for the neighborhood
5. The applicant purchased the property subject to Orangetown's Zoning Code (Chapter 43) and is proposing a new addition and/or improvements, so the alleged difficulty was self-created, which consideration was relevant to the decision of the Board of Appeals, but did not, by itself, preclude the granting of the area variances.

DECISION: In view of the foregoing and the testimony and documents presented, the Board **RESOLVED** that the application for the requested floor area ratio variance for lot #1 and the street frontage variance for lot #2 are **APPROVED**; and **FURTHER RESOLVED**, that such decision and the vote thereon shall become effective and be deemed rendered on the date of adoption by the Board of the minutes of which they are a part.

General Conditions:

- (i) The approval of any variance or Special Permit is granted by the Board in accordance with and subject to those facts shown on the plans submitted and, if applicable, as amended at or prior to this hearing, as hereinabove recited or set forth.
- (ii) Any approval of a variance or Special Permit by the Board is limited to the specific variance or Special Permit requested but only to the extent such approval is granted herein and subject to those conditions, if any, upon which such approval was conditioned which are hereinbefore set forth.
- (iii) The Board gives no approval of any building plans, including, without limitation, the accuracy and structural integrity thereof, of the applicant, but same have been submitted to the Board solely for informational and verification purposes relative to any variances being requested.
- (iv) A building permit as well as any other necessary permits must be obtained within a reasonable period of time following the filing of this decision and prior to undertaking any construction contemplated in this decision. To the extent any variance or Special Permit granted herein is subject to any conditions, the building department shall not be obligated to issue any necessary permits where any such condition imposed should, in the sole judgment of the building department, be first complied with as contemplated hereunder. Occupancy will not be made until, and unless, a Certificate of Occupancy is issued by the Office of Building, Zoning and Planning Administration and Enforcement which legally permits such occupancy.
- (v) Any foregoing variance or Special Permit will lapse if any contemplated construction of the project or any use for which the variance or Special Permit is granted is not substantially implemented within one year of the date of filing of this decision or that of any other board of the Town of Orangetown granting any required final approval to such project, whichever is later, but in any event within two years of the filing of this decision. Merely obtaining a Building Permit with respect to construction or a Certificate of Occupancy with respect to use does not constitute "substantial implementation" for the purposes hereof.

Town on Orangetown
Our File No. 18-1394-8

Dear Commissioner Vezzetti:

The licensed garbage haulers of the Town have provided excellent and continuous service to the residents of the Town for over fifty years. The haulers have not received an increase for their services since 2011, even though the cost of operation and maintenance has substantially increased.

To be more specific in this time period:

<u>Item</u>	<u>Increase in Cost</u>
Labor	14%
Workers Compensation	49%
Auto and CL Insurance	66%
Health Insurance	71%
Equipment	25%
Part	21% to 42%
Shop Labor	17%

To offset the increase in cost of operation, the carters are requesting an increase of \$3/month.

Present Charge	-	2018	27.00/month
New Charge	-	2019	30.00/month

Bills are sent to the users January 1, 2019. Therefore, the haulers are requesting a meeting as

Dear Mr. Hiep,

In answer to your inquiry about cost increases from 2011 to present, I have researched and have the following information for you.

The cost of sanitation equipment has increased about 20-25% since 2011, due to added emissions components, electronics, cost of materials, and factory labor costs. Except for emissions, bodies have similar increases for the same reasons.

The cost of Mack, Hino & Isuzu parts have increased from 21-42%. Each manufacturer has two increases per year with between 3-6% each increases.

The shop labor rate at Mid-Hudson Mack Inc. has changed from \$114.00 per hour to \$133.35 per hour over the same period. That equals a 17% increase.

Re: Insurance Rate Increase

Dear Mr. Hiep

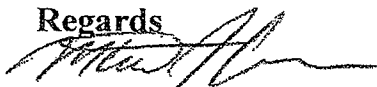

Attached you will find a spread sheet that illustrates the cost of insurance with respects to Commercial Auto. We started at 2010 moving forward using the newest truck to correspond with the policy year. As you can see rates have been steadily increasing since 2010 to current. The cost over the 8 years shows a 66% increase in cost.

We have had your account in several different carriers over the years. It is not easy to place Solid Waste & Recycling accounts. Many companies enter into the market place, and pull out just as fast. We have been insuring Carting Companies since 1955. We do it on a national level not just in NY.

This is only one line of Insurance, we have illustrated. I am positive the NY State Insurance Fund has increased their rates as well, on workmen's comp Insurance too.

If you need additional information please call.

THE CHAIRMAN: All right. We'll call the meeting to order.

THE CLERK: Okay. 5:33. The meeting is called to order.

Roll call.

Skip Vezzetti, Chairman?

THE CHAIRMAN: Here.

THE CLERK: Bill Beckman?

MR. BECKMAN: Here.

THE CLERK: Fred Chadwick?

MR. CHADWICK: Here.

THE CLERK: Chris Huber?

MR. HUBER: Here.

THE CLERK: John McCullough? Absent.

Rick Pakola?

MR. PAKOLA: Here.

THE CHAIRMAN: Rick, would you --

MR. PAKOLA: Absolutely.

I suggest that we introduce two exhibits, to be begin with. We'll call them Commission's Exhibit Number 1, which is the Petition, Mr. Brenner, and I believe that the Commission has to vote on every exhibit.

THE CHAIRMAN: All right. A motion to

MR. BECKMAN: Exhibit Number 1?

MR. PAKOLA: Yes.

MR. BECKMAN: I'll move Exhibit
Number 1. Which is which one?

MR. PAKOLA: That is the actual
Petition that Mr. Brenner just filed.

THE CLERK: From Mr. Brenner presented,
yes.

MR. BECKMAN: That's the two-page
letter?

THE CHAIRMAN: Yes.

THE CLERK: Yes.

MR. PAKOLA: Correct.

MR. BRENNER: Which I have a
modification. Do you want the modification?

MR. PAKOLA: When you --

MR. BRENNER: Okay.

MR. PAKOLA: -- testify, you can do
that, Mr. Brenner.

MR. BRENNER: All right.

MR. PAKOLA: And then, as Commission
Exhibit 2, I believe that Ms. Jahnes has a

THE CHAIRMAN: All right. Mr. Brenner,
would you like to make your presentation?

MR. BRENNER: Surely. Okay.

MR. PAKOLA: And, Mr. Brenner, according
to the Town Code, you have to be under oath.
Would you mind raising your right hand?

MR. BRENNER: No problem. No problem.

MR. PAKOLA: Raise your right hand. Do
you swear that the evidence you're about to

truth and nothing but the truth, so help you

MR. BRENNER: I do.

MR. KEN HIEP: I don't believe so.

MR. PAKOLA: Okay.

MR. BRENNER: When I said there was a
modification, we had thought that this
Petition was gonna be, earlier. I just made
a slight modification. The first part is,
exactly, the same, but the only thing what
we're here for is just a change in the rate,
which is \$27.00 a month, right now, to
\$30.00 a month and I'm, also, requesting,
due to the time situation, I would request
that the Town Board to schedule a special
meeting to approve the recommendation, this
year. It would be appreciated, that being
that those go out, the 1st of the year, and
will, financially, harm my client if we had
to wait three months cause it's based on a
three-month budget. I did speak with the

Supervisor and the Supervisor seemed to refer or he, actually, said that if the Board asked for it, he will try and accommodate them.

MR. PAKOLA: So, Mr. Brenner, do you want to submit into evidence the amended Petition?

MR. BRENNER: Yes, I do.

THE CHAIRMAN: All right.

MR. PAKOLA: The Board can vote on that.

THE CHAIRMAN: All those -- Well, a motion to accept?

MR. BECKMAN: Motion to accept the modified Petition and it's calling for only one year, '19, going from 27, the current number, up to \$30.00; is that correct?

MR. BRENNER: That is correct.

MR. BECKMAN: Okay.

MR. PAKOLA: And we'll call that Petitioner's Exhibit Number 1.

MR. BRENNER: Then, if you notice, I, also, include a memorandum in the Petition, that being backup material from Mid-Hudson

1 Proceedings

2 Mack Truck. That pretty much establishes
3 the fact that the cost of equipment and the
4 cost of labor has increased, tremendously,
5 way over and above what we put in the
6 Petition. We just wanted to give you the
7 backup material since my client uses Mack
8 Truck in terms of the trucks that he has.

9 The second piece of evidence that you
10 have there is a backup material from an
11 insurance provider, George M. Comas, with
12 Hiep, too, again. It shows that there's
13 been, over the eight-year period, a
14 66 percent increase in the cost of
15 insurance.

16 And the third thing I have for you is
17 the Workmen's Comp situation where he, too,
18 has shown Workmen's Comp has gone up from
19 \$12.74 in 2011 to \$19.00 now.

20 So, pretty much, between labor, between
21 cost of equipment, cost of repairing
22 equipment, I think that's what we think is a
23 very fair increase from the year 2011.

24 MR. BECKMAN: I would just like to add,
25 I see a 71 percent Health increase, as well.

MR. KEN HIEP: We used to only give it to --

THE CHAIRMAN: Wait a second. You haven't been sworn in.

MR. KEN HIEP: Oh, I'm sorry.

THE CHAIRMAN: If you're going to give testimony.

MR. KEN HIEP: All right.

MR. PAKOLA: Why don't you raise your right hand? Do you swear that the evidence you're about to give to be the truth, the whole truth and nothing but the truth, so help you God?

MR. KEN HIEP: I do.

MR. PAKOLA: And just state your name for the record.

MR. KEN HIEP: Ken Hiep.

We now have to give insurance for all the helpers, also. So not only did it go up, now we have to give it to everybody.

MR. BECKMAN: Everybody gets it now?

MR. KEN HIEP: Yes. Yes.

2 MR. BECKMAN: And that's prior, under
3 the last agreement we had with you, you
4 never had to give the health --

5 MR. KEN HIEP: Right.

6 MR. BECKMAN: -- insurance to
7 everybody?

8 MR. KEN HIEP: Yeah. Not that -- We
9 did it to drivers at our own will, but now
10 we have to. You have to give insurance to
11 everybody.

12 MR. BECKMAN: I understood, the first
13 time.

14 MR. KEN HIEP: We're, basically,
15 getting hit by every angle. You guys know.
16 We have enough time. How many times have I
17 been here for an increase? We need it,
18 desperately.

19 MR. BECKMAN: Next question that I have
20 is: What's "Part"? It says 21 to 42.
21 What's "Part" mean?

22 THE CHAIRMAN: Parts? Is it Parts?

23 MR. KEN HIEP: It's parts for trucks.

THE CHAIRMAN: Anything else,
Mr. Brenner?

MR. BRENNER: We're open to questions.

THE CHAIRMAN: All right. Any Members
of the Board would want more time to review
this?

MR. CHADWICK: I'm just looking through
it, right now. I'm looking through it.

MR. HUBER: I do not have any
questions.

MR. PAKOLA: And, Mr. Brenner, do you
have a copy for me?

MR. BRENNER: I didn't give you one?

MR. PAKOLA: I didn't get one.

MR. BRENNER: Oh, that's not nice of
me.

Good.

3 MR. BECKMAN: Just go over that.

4 MR. HUBER: I think I do have a
5 question.

6 THE CHAIRMAN: All right.

7 MR. HUBER: In this one letter, here,
8 it says it went up 20, 25 percent. Did you
9 have it listed less on the first sheet? Are
10 you gonna keep the prices the same as what
11 it was in the increase?

12 MR. BRENNER: Um, okay. We're talking
13 about the language. We're talking about
14 which one?

15 MR. HUBER: Well, there was one in here
16 that it's changed. The one that you said in
17 the beginning changed the numbers from 20 to
18 25 percent.

19 MR. BECKMAN: The cost of the
20 sanitation equipment.

21 MR. HUBER: Equipment, is that what
22 you --

23 MR. BRENNER: No. No. The change that
24 I made on the Petition was done for a

over the course of one year. That's, primarily, the change that was made.

MR. HUBER: Okay.

THE CHAIRMAN: This - this letter from Mid-Hudson, that's, simply, comparative? So, you're comparing it to the --

MR. KEN HIEP: From --

MR. BRENNER: The time period.

MR. KEN HIEP: -- from 2011 --

THE CHAIRMAN: Yeah.

MR. KEN HIEP: -- to now.

MR. BECKMAN: So, the Equipment is at 25 percent?

MR. KEN HIEP: Yes. It's gone up, 25 percent.

MR. BRENNER: Okay. So, I think what everybody's asking is: Sanitation Equipment increased 20, 25 percent?

MR. KEN HIEP: That's true.

MR. BRENNER: That's 25 percent; right?

MR. CHADWICK: In seven years.

MR. KEN HIEP: This is what I'm talking about.

MR. BRENNER: Two thousand --

MR. KEN HIEP: Lesser.

MR. BRENNER: 2011.

MR. KEN HIEP: Not that.

THE CLERK: '11 was the last raise.

MR. KEN HIEP: Yes.

MR. BECKMAN: Correct?

MR. KEN HIEP: I think the last time --

MR. BECKMAN: '11 or '12?

MR. KEN HIEP: -- we, all, got a substantial raise was about 2004 for 30. It was a long time ago. My records don't go back that far.

MR. BECKMAN: Karen, is this something you provided us?

THE CLERK: I put them, together, yeah.

MR. BECKMAN: Okay. This is a pay-no schedule?

THE CLERK: That gets used for comparison with the other towns.

MR. BECKMAN: Right.

2 THE CLERK: Okay.

3 MR. BECKMAN: So, Clarkstown, their
4 current rate?

5 THE CLERK: Is 25.08, which is they put
6 it's paid in taxes.

7 MR. BECKMAN: Right.

8 THE CLERK: I wasn't comparing apples
9 to apples cause every town is doing it, a
10 little bit different.

11 THE CHAIRMAN: Right. So.

12 MR. BECKMAN: 25.08 is paid through
13 their taxes?

14 THE CLERK: That's paid through the
15 taxes.

16 MR. BECKMAN: And it includes Bulk.
17 And that's their current rate and --

18 MR. PAKOLA: No. No.

19 MR. BECKMAN: -- that's pickup?

20 THE CLERK: It doesn't include Bulk?
21 Cause the information I got from --

22 MR. KEN HIEP: 25, rate, plus \$4.00.

23 MR. CHADWICK: Plus \$4.00.

24 MR. PAKOLA: But let me suggest that,

this to the witness and he can talk about whether he agrees or if he has knowledge of that.

MR. BECKMAN: Yes, that would be good.

MR. KEN HIEP: In Clarkstown, this is just the garbage. Bulk is separate.

THE CLERK: That's a separate? 40?

MR. KEN HIEP: It's \$4.00.

A VOICE: \$4.00 a month?

THE CLERK: I got -- I was getting -- I got from them: Garbage is 168 for the first can, 88 for an additional can and Bulk is \$45.00, additionally. So, I put that all, together, divided it by 12 cause it's monthly, yes.

MR. PAKOLA: And, just so we're making the record, what we're referring to is in proposed Commission Exhibit Number 3. Can we vote on whether we can admit this?

THE CHAIRMAN: Can we admit?

MR. BECKMAN: I'll admit it. I'll vote for it.

MR. CHADWICK: I'll second it.

THE CLERK: This, yeah, this is the

2 problem with this is --

3 THE CHAIRMAN: All in favor?

4 THE CLERK: -- nothing is equal, like
5 everything, with what we do.

6 THE CHAIRMAN: Right.

7 MR. PAKOLA: Could we have -- is there
8 a vote?

9 THE CHAIRMAN: Yes. All in favor.

10 MR. PAKOLA: Commission Exhibit 3, if
11 we could have the witness just go through,
12 line-by-line.

13 MR. BECKMAN: Well, Karen - Karen,
14 let's just repeat that, Line Number 1, how
15 you got that 25.08?

16 THE CLERK: That number came from the
17 garbage pickup. This is from the Commission
18 of Clarkstown --

19 MR. BECKMAN: Right.

20 THE CLERK: -- 168 for the first can,
21 88 for an additional can. Seniors,
22 Low-Income, 78, first can; 41 for each
23 additional. Then she put in Recycling,
24 which this is not inclusive of that.

25 So, Bulk is 45. That's in addition to

1 Proceedings

2 it. So, when you add that up, it comes to
3 \$301.00. So, you divide that by 12, comes
4 up with 25.08, but then she's got a Leaf
5 Pickup in there. So, it's not -- there's
6 not comparison on it.

7 MR. BECKMAN: Okay. That's not apples
8 and oranges.

9 THE CLERK: Exactly.

10 THE CHAIRMAN: Yes.

11 THE CLERK: So, this is the best -- the
12 guesstimate, I could come up with based on
13 the information I got.

14 MR. BECKMAN: Why don't you just
15 continue, Stony Point? I see that's 33.50.

16 THE CLERK: Stony Point was rather easy
17 because that one --

18 MR. KEN HIEP: It's similar to you.

19 THE CLERK: Yes, it's similar to us.
20 So.

21 MR. KEN HIEP: Except it's curbside.

22 THE CLERK: It's curbside. 100 pounds

MR. BECKMAN: Haverstraw, there's a lot
of stores on that. The Village of
Haverstraw is on a contract.

MR. PAKOLA: Everyone, I just spoke to
the court reporter and, with everyone
speaking at the same time, it's very
difficult. Yeah. So, one person at a time
so she can make sure everything gets taken
down.

MR. BECKMAN: So, let's go to Stony
Point and ask.

THE CHAIRMAN: All right. Now, Stony
Point, that's, essentially, getting the same
service except that it's curbside pickup?

MR. KEN HIEP: Correct.

THE CHAIRMAN: And, Haverstraw, can you
explain? You know, are you familiar with --

MR. KEN HIEP: I don't --

1 Proceedings

2 THE CHAIRMAN: -- their service?

3 MR. KEN HIEP: I do The Village of
4 Haverstraw. They pay a lot of money. It's
5 very very heavy garbage. There's a lot of
6 people in each dwelling.

7 THE CHAIRMAN: Right.

8 MR. KEN HIEP: They pay a lot of money,
9 but, otherwise, on the number, it's very
10 confusing. It's two-family, three-family.
11 It's all over the place. It's like one
12 number, we just sort of divide up on,
13 Mr. Chairman. It's very hard to compare
14 apples.

15 THE CHAIRMAN: How about this: Do you
16 know if there's a difference between the
17 villages and the town?

18 MR. KEN HIEP: Yes. Yes. Village is -
19 is Downtown Haverstraw.

20 To be honest with you, guys, Stony
21 Point is your closest town like yourself.
22 It is, privately, paid. It's not paid in
23 your taxes. You know, it's the most
24 similar.

25 MR. BECKMAN: And it includes Bulk

3 THE CLERK: I'm sorry. It doesn't

5 MR. KEN HIEP: No?

6 THE CLERK: Bulk Pickup's the Highway
7 Department. That's just for appliances.

8 MR. BECKMAN: That's only --

9 MR. KEN HIEP: Where are you talking
10 about?

11 THE CLERK: This is Stony Point.

12 MR. BECKMAN: Stony Point.

13 THE CLERK: They pick up appliances,
14 the Highway Department, but you -- but the
15 Garbage will pick up Bulk. So, that is
16 included.

17 MR. KEN HIEP: Yeah, I'm not sure.

18 MR. BECKMAN: And then tell me where
19 you got the \$27.00 Ramapo number from.

20 THE CLERK: Well, the Ramapo number is
21 based on -- they're just stating they're
22 doing it, 26 for the first year, that's
23 2016. 2017 was 26. 2018 was for Year -
24 Year 3, and it's in the taxes. Um, they
25 only pick up one to two and three-family

2 houses. Wasn't clear if Bulk was included.

3 It was hard to get the information to be,
4 exactly, like our information.

5 THE CHAIRMAN: All right.

6 THE CLERK: Because there's a lot of
7 villages in Ramapo, as well.

8 THE CHAIRMAN: Oh, yeah. You're
9 familiar with Ramapo at all?

10 MR. KEN HIEP: No.

11 THE CHAIRMAN: Okay. I don't know
12 whether they pick up Bulk there or not.

13 MR. BECKMAN: Well, in the Village of
14 Spring Valley, I know that that's done
15 through the Solid Waste Authority.

16 MR. KEN HIEP: Yeah.

17 THE CHAIRMAN: Right.

18 MR. BECKMAN: Okay.

19 MR. KEN HIEP: So does Hav -- so does
20 the Village of Haverstraw.

21 MR. BECKMAN: Village of Haverstraw is
22 done through the Solid Waste Authority and I
23 know a couple of the other villages are done
24 through the Solid Waste Authority.

25 MR. KEN HIEP: Yeah.

2 MR. BECKMAN: So, I don't know what's
3 really comparable other than Stony Point.

4 THE CHAIRMAN: Stony Point.

5 MR. BECKMAN: The most comparable.

6 THE CLERK: Yeah. That was, basically,
7 was the easiest one.

8 THE CHAIRMAN: Okay.

9 THE CLERK: That was one of the apples-
10 to-apples comparisons - Stony Point.

11 THE CHAIRMAN: Okay. Well, it gives us
12 a rough idea for a comparison, at any rate.

13 Anybody like to say anything or ask any
14 other questions?

15 MR. BECKMAN: I don't have any other

MR. PAKOLA: Because, again, this Commission is going to recommend it for everyone.

MR. KEN HIEP: Yeah, just I'm sure everyone would agree.

MR. PAKOLA: Okay. And, Mr. Brenner, do you represent other companies or just --

MR. BRENNER: I just represent the other companies, too. I do.

MR. PAKOLA: You do?

MR. BRENNER: Yes, I do.

MR. PAKOLA: So, to your knowledge, these numbers are reflective?

MR. BRENNER: They do.

MR. PAKOLA: Okay. So, that is

1 Proceedings

2 accurate?

3 MR. BRENNER: That is correct.

4 MR. PAKOLA: And, before we go into
5 executive session, I think we have to ask if
6 there's anyone in the public who would like
7 to speak.

8 MR. BECKMAN: Absolutely.

9 THE CHAIRMAN: Is there anyone in the
10 audience, in the public, who would like to
11 make any statements or ask any questions?

12 A VOICE: Nope.

13 ANOTHER VOICE: No.

14 THE CHAIRMAN: Well, that's what I
15 thought.

16 MR. PAKOLA: You can take four or --

17 THE CHAIRMAN: There might be - there
18 might be someone from the public, here. So,
19 we have to ask. Usually, there's someone.
20 Where's Gail Raffaele when we needed her?

21 MR. BRENNER: I told her it was
22 tomorrow night.

23 MR. PAKOLA: And that was a joke; right?

24 MR. BRENNER: Yes.

25 THE CLERK: Yeah. It's being recorded.

THE CHAIRMAN: All right. There being no other questions from anyone in the audience --

MR. BECKMAN: Close the public hearing.

THE CHAIRMAN: Yeah, we'll -- No. We --

MR. BECKMAN: To close the public hearing and go into executive session.

THE CHAIRMAN: Okay. Motion. All in favor?

(Response of aye given.)

MR. PAKOLA: I guess, I would only say do we need to go into executive session?

MR. BECKMAN: Yes.

MR. PAKOLA: Okay.

(The Board meets in executive session.)

MR. PAKOLA: And we'll go back on the record and I will note for the record that that meeting was more in the form of an attorney-client confidential meeting than it was an executive session.

Mr. Brenner, if you want to come back up.

MR. BRENNER: Absolutely.

MR. PAKOLA: And I believe that there

1 Proceedings

2 was, at least, one or two things.

3 THE CHAIRMAN: One clarification.

4 MR. PAKOLA: Yeah.

5 THE CHAIRMAN: Okay. That, under the
6 old, our old agreement, there's some concern
7 over the senior-citizen discount.

8 MR. KEN HIEP: 10 percent.

9 MR. CHADWICK: 10 percent?

10 MR. KEN HIEP: Yes, 10 percent.

11 THE CHAIRMAN: And that that's
12 maintained; right?

13 MR. KEN HIEP: Correct.

14 THE CHAIRMAN: All right. That
15 clarifies that. Okay.

16 THE CLERK: And did you want that
17 included up in --

18 MR. BECKMAN: Yeah. Can there be a
19 notice somehow put on their bills if you're
20 a senior citizen, you may apply?

21 MR. KEN HIEP: Well, they, prob -- we
22 can do that, but they, probably, have it
23 already --

24 MR. BECKMAN: Yeah.

25 MR. KEN HIEP: -- existing.

1 Proceedings

2 MR. BECKMAN: I'm sure they do. Then
3 you're familiar with the procedure? They
4 come to the Supervisor's Office. They bring
5 their license to the Supervisor.

6 MR. CHADWICK: That, correct, Medicaid.

7 MR. KEN HIEP: Cathy, what do you --

8 A FEMALE VOICE: Kay sent in a copy of
9 their Town Senior Citizen Card or a copy of
10 a license or anything --

11 MR. BECKMAN: Right. In other words --

12 SAME FEMALE VOICE: -- that would be
13 done and I'd change it.

14 THE CHAIRMAN: Did you get - did you
15 get your senior-citizen discount there, Don?

16 MR. BRENNER: Yup.

17 THE CHAIRMAN: Okay.

18 MR. BRENNER: But, you know, I didn't
19 get a STAR, this year. My daughter did.
20 She says, "Look, STAR."

21 THE CHAIRMAN: All right.

22 MR. PAKOLA: Okay.

23 MR. BRENNER: All right.

24 THE CHAIRMAN: Should we --

MR. PAKOLA: -- I don't think that anyone new is here. So, there's no one in the public that would wish to speak again. Close down the public portion and then do you want to do findings?

THE CHAIRMAN: Yes. And would, let's see, Bill, you want to make your recommendation, here?

MR. BECKMAN: Yeah. Okay.

THE CHAIRMAN: We'll make our findings.

MR. BECKMAN: Based on the presentation, that in our questions back and forth with Counsel and the carters, we found that the costs have gone up in the industry since the last increase that they requested, which was in 2011, I believe. Now, it's 2019. So, that's close to eight years. There have been substantial increases in expenses as presented by Counsel and there's definite need for an increase based on the information provided.

In addition to that, the Counsel and the industries agreed to continue the

senior-citizens' exemption at 10 percent under the current program and, based on all the foregoing and everything else in the transcript, I would recommend that the change for 2019 go to -- unless you want to separate it out?

MR. PAKOLA: I would separate it out to findings of fact.

MR. BECKMAN: So, those are findings of fact - the substantial increases, presentation made to support the changes. Everybody knows Healthcare costs have gone up. Equipment costs have gone up. Labor and everything pointed out; Workmen's Comp, especially, and it's a well-presented Petition.

MR. PAKOLA: And do you find the suggested hike reasonable?

MR. BECKMAN: Yes, I find it suggested.

MR. PAKOLA: And if everyone can vote on those findings, today?

MR. BECKMAN: Right.

THE CHAIRMAN: All those in favor of approving or - or - we -- we'll recommend,

MR. PAKOLA: Okay. And then --

MR. BECKMAN: Now, do you want it, separate?

MR. PAKOLA: Yes, and then I'll make a comment.

MR. BECKMAN: Okay. So, the findings. Do the findings, first.

THE CHAIRMAN: Go ahead.

MR. BECKMAN: I made them. I said it and I make a motion --

MEMORANDUM OF UNDERSTANDING

between the County of Rockland and Participating Agencies

relating to the

Rockland County Intelligence Center

THIS AGREEMENT is made this _____ day of _____, 2018 between the County of Rockland (the "County"), a municipal corporation having its principal place of business at 11 New Hempstead Road, New City, New York and the "Participating Agencies" identified on the signature page herein, which shall execute separate agreements with the County under the same terms and conditions as set forth and shall be collectively referred to as the "Parties".

WHEREAS, it is essential to create a shared service environment by and between the County and local law enforcement agencies in Rockland County to effectively and efficiently utilize all available resources, both human and technological, and avoid duplication of effort and expense to address these critical law enforcement issues.

NOW, THEREFORE, in consideration of the foregoing, the parties hereto agree to the following:

1. *Rockland County Intelligence Center*

The parties agree to maintain the Rockland County Intelligence Center (the "RCIC"). The mission of the RCIC will continue to provide law enforcement agencies with their criminal intelligence requirements/assessments through the collection and handling of information, using proper investigative and intelligence gathering practices.

2. *Oversight Committee* The Parties agree to create an Oversight Committee (the "Committee") which shall have the authority to adopt rules and policies governing the operation of the RCIC. The Committee shall be made of four (4) active duty Police Chiefs and the Sheriff of Rockland County. The Sheriff of Rockland County shall designate a Committee Chair. All members shall be voting members of the Committee. The Committee shall establish rules for its governance.

3. *Assignment of Personnel*

a. Each Participating Agency shall recommend proposed law enforcement officers to be assigned to the RCIC. Such members shall be experienced law enforcement officers, preferably with relevant experience in the proposed area of assignment. Each Participating Agency may also assign less experienced personnel with the intent of exposing an officer to the operations of the RCIC.

b. The approval of all assignments shall be an act of the Committee. A list of all officers assigned to the RCIC shall be maintained by the Committee and shall be updated as officers are added or removed (the "Active List").

c. RCIC members should remain in such assignment for a period of not less than one year. In the event of exceptional circumstances and, when possible for 30 days written notice provided to the Committee, participating agencies may remove an assigned member who has not completed one year in such assignment.

d. The Committee reserves the right to remove any member from the RCIC when it is determined to be in the best interest of the Center to do so.

e. The Committee shall actively solicit and encourage the assignment of law enforcement officers to the RCIC from all local, state and federal law enforcement agencies whose geographical jurisdiction includes Rockland County. The Committee based upon sound law enforcement consideration shall establish the maximum number of officers to be assigned. This determination shall not be influenced by consideration of potential asset forfeiture distribution.

f. Part time (Specializing): In the event the Committee believes the overall mission of the RCIC can be enhanced through the assignment of personnel on a part-time basis, the Committee shall determine those assignments in accordance with subsection b. listed above.

4. *Operating Procedures*

a. Operational matters, such as the selection of investigative targets, the timing and location or investigations, and the selection of investigative techniques, shall be the responsibility of the RCIC Director.

5. *Funding: Personnel Costs, Equipment, Office Space*

a. Subject to available appropriations in the departmental budget of the Sheriff's Office, the County will provide the necessary funds and equipment to support the activities of the offices and investigators assigned to the RCIC. Such support will include office space, salaries of support staff and items such as vehicles, vehicle operating expenses, office supplies and equipment, travel funds, investigative equipment training and other support items as approved by the RCIC Director and/or the Committee.

b. The County agrees to fund all telephone services associated with the installations and use of electronic surveillance equipment, i.e. wiretaps, pen registers and video surveillance.

c. Funding for operational matters, including purchase of evidence, payments to confidential informants and miscellaneous expenses will occur in accordance with Rockland County guidelines and procedures.

d. Each Participating Agency will be responsible for the salary and fringe benefits of its own members assigned to the RCIC.

6. *Civil Liability and Indemnification Issues*

a. Each Participating Agency shall not be liable for the actions of the RCIC members who are not employed by that agency.

b. Each Participating Agency shall not seek or be entitled to indemnification from any other Participating Agencies for any judgment or costs of litigation arising out of the acts of the unit's personnel employed by that agency.

7. *Asset Forfeiture*

a. The parties acknowledge that investigations conducted by the RCIC units may result in the seizure and forfeiture of assets derived from criminal activity. Any assets seized by the RCIC unit and lawfully forfeited in accordance with State or Federal forfeiture laws shall be distributed as follows:

- (i) Twenty-five percent (25%) of the net of any forfeited asset(s) shall be retained in a segregated asset forfeiture account for the sole and exclusive use of the RCIC Unit as determined by the Oversight Committee.
- (ii) Seventy-five percent (75%) of the net of any forfeited asset(s) shall be distributed pro rata to each Participating Agency that has assigned a law enforcement officer to the RCIC unit, including Sheriff's Officers as determined by the Oversight Committee.

8. *Integrity Control*

a. The RCIC Director and/or Committee shall investigate a complaint made against any RCIC member, while acting within the scope of her or his assignment. If the complaint is made against a RCIC member from a Participating Agency, the administrative head of the agency shall be advised and will participate in a joint investigation with the RCIC Director. Complaints made against any RCIC member, while acting outside the scope of the her or his assignment, shall be the sole responsibility of the agency employing that member. Disciplinary action, if any, shall be the responsibility of the employing agency.

9. *Disputes*

a. The Committee shall settle disputes between participating agencies arising from the operation and activity of the RCIC.

10. Freedom of Information Requests

a. Requests for information made pursuant to the New York State Freedom of Information Law shall be addressed to the RCIC and immediately forwarded to the Rockland County Sheriff’s Office, 55 New Hempstead Road, New City, NY 10956.

11. Term

a. The term of this Memorandum of Understanding shall be from January 1st, 2018 through December 31st, 2023 with the option to renew for five (5) additional one (1) year terms.

b. Any party may terminate this agreement at any time on sixty (60) days prior written notice.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding the day and year first written

MEMORANDUM

TO: Town Board

FROM: James J. Dean, Superintendent of Highways 

DATE: December 5, 2018

RE: Cured in Place Pipe Lining – Jefferson Avenue

Please be advised a sink hole has developed on Jefferson Avenue in Pearl River adjacent to the Muddy Brook due to pipe deterioration and an immediate emergency repair is needed.

The Highway Department recommends utilizing the process of cured in place pipe lining via Ultra Violet cured lining with grid foil to prevent liner from over stretch due to deterioration voids.

For your information this cured in place pipe lining is the same process that the Town had advertised bids for in April 2018 for the Cherry Brook Drainage Project on Roosevelt Street. Please note, on April 26, 2018 the received two bids from, Arold Construction Kingston, NY in the amount of \$433,750.00, and EN-TECH Corporation Closter, NJ in the amount of \$226,875.00

Based on the above, please place the following item on the December 11, 2018 Regular Town Board Meeting Agenda.

“In order to make an emergency repair to 55 linear feet of drain pipe on Jefferson Avenue in Pearl River adjacent to the Muddy Brook, the Superintendent of Highways hereby recommends accepting the proposal from EN-TECH Corporation for the installation of 55 linear feet of UV cured liner with grid foil in the amount of \$19,525.00.”
